INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–554 and 731–TA–1309 (Review)]

Biaxial Integral Geogrid Products From China

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing and antidumping duty orders on biaxial integral geogrid products from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on February 1, 2022 (87 FR

5508) and determined on May 9, 2022, that it would conduct expedited reviews (87 FR 53489, August 31, 2022).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on September 28, 2022. The views of the Commission are contained in USITC Publication 5369 (September 2022), entitled *Biaxial Integral Geogrid Products from China: Investigation Nos. 701–TA–554 and 731–TA–1309 (Review)*.

By order of the Commission.

Issued: September 28, 2022.

Katherine Hiner,

Acting Secretary to the Commission.

DEPARTMENT OF LABOR

[Agency Docket Number DOL-2022-0008]

Efforts by Certain Foreign Countries To Eliminate the Worst Forms of Child Labor; Child Labor, Forced Labor, and Forced or Indentured Child Labor in the Production of Goods in Foreign Countries; and Business Practices To Reduce the Likelihood of Forced Labor or Child Labor in the Production of Goods

AGENCY: The Bureau of International Labor Affairs, United States Department of Labor.

ACTION: Notice: request for information and invitation to comment.

SUMMARY: This notice is a request for information and/or comment on three reports issued by the Bureau of International Labor Affairs (ILAB) regarding child labor and forced labor in foreign countries. Relevant information submitted by the public will be used by the Department of Labor (DOL) in preparing its ongoing reporting as required under Congressional mandates and a Presidential directive. The 2021 Findings on the Worst Forms of Child Labor report (TDA report), published on September 28, 2022, assesses efforts of 131 countries to eliminate the worst forms of child labor in 2021 and assesses whether countries made significant, moderate, minimal, or no advancement during that year. It also suggests actions foreign countries can take to eliminate the worst forms of child labor through legislation, enforcement, coordination, policies, and social programs. The 2022 edition of the List of Goods Produced by Child Labor or Forced Labor (TVPRAList), published on September 28, 2022, makes available to the public a list of goods from countries that ILAB has reason to believe are produced by child labor or forced labor in violation of international standards, including, to the extent practicable, goods that are produced with inputs that are produced with forced labor or child labor. Finally, the List of Products Produced by Forced or Indentured Child Labor (E.O. List), provides a list of products, identified by country of origin, that DOL, in

consultation and cooperation with the Departments of State (DOS) and Homeland Security (DHS), has a reasonable basis to believe might have been mined, produced, or manufactured with forced or indentured child labor. Relevant information submitted by the public will be used by DOL in preparing the next edition of the TDA report, to be published in 2023; the next edition of the TVPRAList, to be published in 2024; and for possible updates to the E.O. List as needed.

This notice is also a request for information and/or comment on Comply Chain: Business Tools for Labor Compliance in Global Supply Chains (Comply Chain). ILAB is seeking information on current practices of firms, business associations, and other private sector groups to reduce the likelihood of child labor and forced labor in the production of goods. This information and/or comment is sought to fulfill ILAB’s mandate under the Trafficking Victims Protection Reauthorization Act of 2005 (TVPRA) to work with persons who are involved in the production of goods made with forced labor or child labor. Comply Chain seeks to address this mandate through the creation of a standard set of practices that will reduce the likelihood that such persons will produce goods using forced labor or child labor. Comply Chain also achieves a much broader purpose by actively supporting the efforts of companies that seek to address these issues within their own supply chains. Relevant information and/or comment submitted to ILAB will be used to improve and update Comply Chain to better meet the mandates of the TVPRA and help companies and industry groups seeking to develop robust social compliance systems for their global production.

DATES: Submitters of information are requested to provide their submission to DOL’s Office of Child Labor, Forced Labor, and Human Trafficking (OCFT) at the email or physical address below by 5 p.m. December 16, 2022.
