#### Order Renewing Temporary Denial of Export Privileges

UTair Aviation JSC, Khanty-Mansiysk Airport, Tyumen Region, Russia 628012

Pursuant to section 766.24 of the Export Administration Regulations, 15 CFR parts 730–774 (2021) (“EAR” or “the Regulations”),<sup>1</sup> I hereby grant the request of the Office of Export Enforcement (“OEE”) to renew the temporary denial order (“TDO”) issued in this matter on April 7, 2022. I find that renewal of this order is necessary in the public interest to prevent an imminent violation of the Regulations.

#### I. Procedural History

On April 7, 2022, I signed an order denying UTair Aviation JSC’s (“UTair”) export privileges for a period of 180 days on the ground that issuance of the order was necessary in the public interest to prevent an imminent violation of the Regulations. The order was issued *ex parte* pursuant to Section 766.24(a) of the Regulations and was effective upon issuance.<sup>2</sup>

On September 13, 2022, BIS, through OEE, submitted a written request for renewal of the TDO that issued on April 7, 2022. The written request was made more than 20 days before the TDO’s scheduled expiration. A copy of the renewal request was sent to UTair in accordance with Sections 766.5 and 766.24(d) of the Regulations. No opposition to the renewal of the TDO has been received.

#### II. Renewal of the TDO

##### A. Legal Standard

Pursuant to Section 766.24, BIS may issue an order temporarily denying a

McCain National Defense Authorization Act for Fiscal Year 2019, which includes the Export Control Reform Act of 2018, 50 U.S.C. 4801–4852 (“ECRA”). While Section 1766 of ECRA repeals the provisions of the Export Administration Act, 50 U.S.C. app. 2401 *et seq.* (“EAA”) (except for three sections which are inapplicable here), Section 1768 of ECRA provides, in pertinent part, that all orders, rules, regulations, and other forms of administrative action that were made or issued under the EAA, including as continued in effect pursuant to the International Emergency Economic Powers Act, 50 U.S.C. 1701 *et seq.* (“IEEPA”), and were in effect as of ECRA’s date of enactment (August 13, 2018), shall continue in effect according to their terms until modified, superseded, set aside, or revoked through action undertaken pursuant to the authority provided under ECRA. Moreover, Section 1761(a)(5) of ECRA authorizes the issuance of temporary denial orders. 50 U.S.C. 4820(a)(5).

**B. The TDO and BIS’s Request for Renewal**

The U.S. Commerce Department, through BIS, responded to the Russian Federation’s (“Russia’s”) further invasion of Ukraine by implementing a sweeping series of stringent export controls that severely restrict Russia’s access to technologies and other items that it needs to sustain its aggressive military capabilities. These controls

primarily target Russia’s defense, aerospace, and maritime sectors and are intended to cut off Russia’s access to vital technological inputs, atrophy key sectors of its industrial base, and undercut Russia’s strategic ambitions to exert influence on the world stage. Effective February 24, 2022, BIS imposed expansive controls on aviation-related (e.g., Commerce Control List Categories 7 and 9) items to Russia, including a license requirement for the export, reexport or transfer (in-country) to Russia of any aircraft or aircraft parts specified in Export Control Classification Number (ECCN) 9A991 (section 746.8(a)(1) of the EAR).<sup>3</sup> BIS will review any export or reexport license applications for such items under a policy of denial. *See* section 746.8(b). Effective March 2, 2022, BIS excluded any aircraft registered in, owned, or controlled by, or under charter or lease by Russia or a national of Russia from being eligible for license exception Aircraft, Vessels, and Spacecraft (AVS) (section 740.15 of the EAR).<sup>4</sup> Accordingly, any U.S.-origin aircraft or foreign aircraft that includes more than 25% controlled U.S.-origin content, and that is registered in, owned, or controlled by, or under charter or lease by Russia or a national of Russia, is subject to a license requirement before it can travel to Russia.

OEE’s request for renewal is based upon the facts underlying the issuance of the initial TDO and the evidence

developed over the course of this investigation, which indicate a blatant disregard for U.S. export controls, as well as the TDO. Specifically, the initial TDO, issued on April 7, 2022, was based on evidence that UTair engaged in conduct prohibited by the Regulations by operating aircraft subject to the EAR and classified under ECCN 9A991.b on flights into Russia after March 2, 2022, from destinations including Jeddah, Saudi Arabia, Yerevan, Armenia, and Tashkent, Uzbekistan, without the required BIS authorization.<sup>5</sup> Further evidence submitted by BIS indicated that UTair was continuing to operate aircraft subject to the EAR both internationally and domestically within Russia potentially in violation of Section 736.2(b)(10) of the Regulations.

In its September 13, 2022 request for renewal of the TDO, BIS has submitted evidence that UTair continues to operate in violation of the April 7, 2022 TDO and/or the Regulations by operating aircraft subject to the EAR and classified under ECCN 9A991.b on flights into and out of Russia. Specifically, BIS’s evidence and related investigation indicated that UTair has continued to operate aircraft subject to the EAR, including, but not limited to, flights into and out of Russia from/to Yerevan, Armenia, Baku, Azerbaijan, Istanbul, Turkey, Dushanbe, Tajikistan, and Tashkent, Uzbekistan. Information about those flights includes, but is not limited to, the following:

**III. Findings**

Under the applicable standard set forth in section 766.24 of the Regulations and my review of the entire

record, I find that the evidence presented by BIS convincingly demonstrates that UTair has acted in violation of the Regulations and the TDO; that such violations have been

significant, deliberate and covert; and that given the foregoing and the nature of the matters under investigation, there is a likelihood of imminent violations. Therefore, renewal of the TDO is

<sup>3</sup> 87 FR 12226 (Mar. 3, 2022). Additionally, BIS published a final rule effective April 8, 2022, which imposed licensing requirements on items controlled on the Commerce Control List (“CCL”) under Categories 0–2 that are destined for Russia or Belarus. Accordingly, now all CCL items require

export, reexport, and transfer (in-country) licenses if destined for or within Russia or Belarus. 87 FR 22130 (Apr. 14, 2022).

<sup>4</sup> 87 FR 13048 (Mar. 8, 2022).

<sup>5</sup> Publicly available flight tracking information shows that on March 5, 2022, serial number (SN)

36387 flew from Jeddah, Saudi Arabia to Grozny, Russia, and on March 30, 2022, SN 28907 flew from Yerevan, Armenia to Tyumen, Russia. In addition, on March 31, 2022, SN 30437 flew from Tashkent, Uzbekistan to Moscow, Russia.

necessary in the public interest to prevent imminent violation of the Regulations and to give notice to companies and individuals in the United States and abroad that they should avoid dealing with UTAir in connection with export and reexport transactions involving items subject to the Regulations and in connection with any other activity subject to the Regulations.

#### IV. Order

*It is therefore ordered:*

*First*, UTAir Aviation JSC, Khanty-Mansiysk Airport, Tyumen Region, Russia, when acting for or on their behalf, any successors or assigns, agents, or employees may not, directly or indirectly, participate in any way in any transaction involving any commodity, software or technology (hereinafter collectively referred to as “item”) exported or to be exported from the United States that is subject to the EAR, or in any other activity subject to the EAR including, but not limited to:

C. Benefitting in any way from any transaction involving any item exported or to be exported from the United States that is subject to the EAR, or from any other activity subject to the EAR except directly related to safety of flight and authorized by BIS pursuant to section 764.3(a)(2) of the Regulations.

*Second*, that no person may, directly or indirectly, do any of the following:

A. Export, reexport, or transfer (in-country) to or on behalf of UTAir any item subject to the EAR except directly related to safety of flight and authorized by BIS pursuant to section 764.3(a)(2) of the Regulations;

C. Take any action to acquire from or to facilitate the acquisition or attempted acquisition from UTAir of any item subject to the EAR that has been exported from the United States except directly related to safety of flight and authorized by BIS pursuant to Section 764.3(a)(2) of the Regulations;

D. Obtain from UTAir in the United States any item subject to the EAR with knowledge or reason to know that the item will be, or is intended to be, exported from the United States except directly related to safety of flight and authorized by BIS pursuant to section 764.3(a)(2) of the Regulations; or

For purposes of this paragraph, servicing means installation, maintenance, repair, modification, or testing.

*Third*, that, after notice and opportunity for comment as provided in section 766.23 of the EAR, any other person, firm, corporation, or business organization related to UTAir by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or business may also be made subject to the provisions of this Order.
