
Needs and Uses: The Commission will use the information submitted by a digital apparatus manufacturer or other party to determine whether it is achievable for digital apparatus to be fabricated so that control of appropriate built-in apparatus functions are accessible to and usable by individuals who are blind or visually impaired or whether it is achievable to comply with the information, documentation, and training requirements. The Commission will use the information submitted by a Multichannel Video Programming Distributor (MVPD) or navigation device manufacturer or other party to determine whether it is achievable for on-screen text menus and guides provided by navigation devices for the display or selection of multichannel video programming to be audibly accessible in real time upon request by individuals who are blind or visually impaired or whether it is achievable to comply with the information, documentation, and training requirements. Consumers will use the information provided by manufacturers of digital apparatus on the full functionalities of digital apparatus, such as instructions and product information, as well as information provided by manufacturers and MVPDs in accordance with the information, documentation, and training requirements, in order to have accessible information and support on how to use the device. Consumers will use the information provided by manufacturers and MVPDs notifying consumers of the availability of accessible digital apparatus and navigation devices to determine which devices accessible and whether they wish to request an accessible device. MVPDs and manufacturers of navigation devices will use the information provided by consumers who are blind or visually impaired consumers when requesting accessible navigation devices to fulfill such requests. MVPDs will use information provided by customers who are blind or visually impaired as reasonable proof of disability as a condition to providing equipment and/ or services at a price that is lower than that offered to the general public. Consumers will use the contact information of covered entities to file written complaints regarding the accessibility requirements for digital apparatus and navigation devices. Finally, the Commission will use information received pursuant to the complaint procedures for violations of sections 79.107–79.109 to enforce the Commission’s digital apparatus and navigation device accessibility requirements. The Commission will forward complaints, as appropriate, to the named manufacturer or provider for its response, as well as to any other entity that the Commission determines may be involved, and it may request additional information from relevant parties.
