Analysis of Comments Received

All issues raised by the POSCO single entity in its case brief⁵ are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on the comments received from the POSCO single entity and record information, we made several changes

Republic of Korea and Taiwan, and Antidumping Duty Orders, 82 FR 24096 (May 25, 2017) (*Order*).

⁴ See *Preliminary Results* PDM at 3–7.

⁵ Only the POSCO single entity filed a case brief in this review. No other party filed a case or rebuttal brief.

to our preliminary calculation of the weighted-average dumping margin for the POSCO single entity. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Results of the Review

As a result of this review, we determine the following estimated weighted-average dumping margin exists for the period May 1, 2020, through April 30, 2021:

Exporter or producer	Weighted-average dumping margin (percent)
POSCO single entity ⁶	2.59

Disclosure

Commerce intends to disclose the calculations for these final results of review within five days of the date of publication of this notice in the **Federal Register**, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these final results of review.⁷

Commerce will calculate importer-specific antidumping duty assessment rates when a respondent’s weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent). Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to each importer to the total entered value of those sales. Where the respondent did not report entered value, we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the examined sales to each importer to the total quantity of those sales, in accordance

⁶ Commerce continues to find that POSCO, POSCO International Corporation, POSCO SPS, and certain distributors and service centers (i.e., Taechang Steel Co., Ltd. and Winsteel Co., Ltd.) are affiliated pursuant to section 771(33)(E) of the Act, and further that these companies should be treated as a single entity (collectively, the POSCO single entity) pursuant to 19 CFR 351.401(f). See *Preliminary Results* PDM at 1.

⁷ See 19 CFR 351.212(b).

with 19 CFR 351.212(b)(1).⁸ We will also calculate an estimated *ad valorem* importer-specific assessment rate with which to assess whether the per-unit assessment rate is *de minimis*. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate calculated in the final results of this review is not zero or *de minimis*. Where either the respondent's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*,⁹ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "reseller policy" will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁰

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the POSCO single entity will be equal to the weighted-average dumping margin established in the final results of this administrative

review (*i.e.*, 2.59 percent); (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 7.10 percent *ad valorem*, the all-others rate established in the LTFV investigation.¹¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: September 28, 2022.

Deputy Assistant Secretary for Enforcement and Compliance.

Implementation of the CHIPS Incentives Program

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice; request for information.

SUMMARY: The CHIPS Program Office (CPO) within the National Institute of Standards and Technology (NIST) is seeking further information in order to inform the design and implementation of the CHIPS incentive programs, based on amendments to the CHIPS program resulting from the CHIPS Act of 2022. This Request for Information (RFI) follows the "Incentives, Infrastructure, and Research and Development Needs to Support a Strong Domestic Semiconductor Industry" RFI issued by the U.S. Department of Commerce (the Department) on January 24, 2022, prior to enactment of the CHIPS Act of 2022. On September 6, 2022, the Department released "A Strategy for the CHIPS for America Fund," describing the Department's implementation strategy for the funds Congress appropriated to catalyze long-term growth in the domestic semiconductor industry. This strategy was informed in part by the information received in response to the January 2022 RFI. Responses to this RFI, considered alongside responses to the prior RFI, will further inform the planning of the CPO for the implementation of these programs.

⁸In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

⁹See 19 CFR 351.106(c)(2).
