

community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The requirements are being submitted for clearance by OMB as required by the PRA.

*Title:* Bus Testing Program.

*OMB Control Number:* 2132–0550.

*Background:* 49 U.S.C. 5318(a) provides that Federal funds appropriated or otherwise made available under 49 U.S.C. chapter 53 [FTA funding] may not be obligated or expended for the acquisition of a new bus model unless a bus of that model has been tested for maintainability, reliability, safety, performance (including braking performance), structural integrity, fuel economy, emissions, and noise.

At this time, there is one active Bus Testing Center operated by the Thomas D. Larson Pennsylvania Transportation Institute of the Pennsylvania State University (LTI). LTI operates and maintains the Center under a cooperative agreement with FTA and establishes and collects fees for the testing of the vehicles at the facility. Upon completion of the testing of the vehicle at the Center with a passing test score, a draft Bus Testing Report is provided to the manufacturer of the new bus model. If the manufacturer approves the Report for publication, the bus model becomes eligible for FTA funding. 49 CFR 665.7 requires a recipient of FTA funds to certify that a bus model has been tested at the bus testing facility, that the bus model received a passing score, and that the recipient has a copy of the applicable Bus Testing Report(s) on a bus model before final acceptance of any buses of that model. Recipients are strongly encouraged to review the Bus Testing Report(s) relevant to a bus model before final acceptance and/or selection of that bus model.

*Respondents:* Bus manufacturers and recipients of FTA funds.

*Estimated Annual Number of Responses:* 60.

*Estimated Total Annual Burden:* 2,131 hours.

*Frequency:* On occasion.
