

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10398-01-OA]

Request for Nominations for the Science Advisory Board Inorganic Arsenic Review Panel**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office requests public nominations of scientific experts to form a Panel to review the draft EPA Integrated Risk Information System (IRIS) Toxicological Review of Inorganic Arsenic. Based on the publicly available systematic review protocol, EPA's draft assessment includes a summary of the chemical properties and pharmacokinetics; hazard identification analysis for diseases of the circulatory system, pregnancy and birth outcomes, diabetes, and neurodevelopmental effects; and dose-response analysis characterizing the quantitative relationship for the noncancer outcomes listed above as well as for bladder cancer and lung cancer. These quantitative relationships are then used to derive cancer and non-cancer toxicity values (e.g., oral slope factor, reference dose). The SAB Inorganic Arsenic Review Panel will consider whether the conclusions found in the EPA's draft assessment are clearly presented and scientifically supported.

DATES: Nominations should be submitted by December 9, 2022 per the instructions below.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this Notice and Request for Nominations may contact Dr. Diana Wong, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office by telephone/voice mail (202) 564-2049, or email at wong.diana-m@epa.gov. General information concerning the EPA SAB can be found at the EPA SAB website at <https://sab.epa.gov>.

SUPPLEMENTARY INFORMATION:

Background: The SAB (42 U.S.C. 4365) is a chartered Federal Advisory Committee that provides independent scientific and technical peer review, advice, and recommendations to the EPA Administrator on the technical basis for EPA actions. As a Federal Advisory Committee, the SAB conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. app. 2) and related regulations. The SAB Staff Office is forming an

expert panel, the SAB Inorganic Arsenic Review Panel, under the auspices of the Chartered SAB. The SAB Inorganic Arsenic Review Panel will provide advice through the chartered SAB. The SAB and the Inorganic Arsenic Review Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

The SAB Inorganic Arsenic Review Panel will conduct a review of the draft EPA IRIS Toxicological Review of Inorganic Arsenic. Based on the publicly available systematic review protocol, EPA's draft assessment includes a summary of the chemical properties and pharmacokinetics; hazard identification analysis for diseases of the circulatory system, pregnancy and birth outcomes, diabetes, and neurodevelopmental effects; and dose-response analysis characterizing the quantitative relationship for the noncancer outcomes listed above as well as for bladder cancer and lung cancer. The SAB Inorganic Arsenic Review Panel will consider whether the conclusions found in the EPA's draft assessment are clearly presented and scientifically supported. The Panel will also be asked to provide recommendations on how the assessment may be strengthened.

Request for Nominations: The SAB Staff Office is seeking nominations of nationally and internationally recognized scientists with demonstrated expertise and experience in the following disciplines: Epidemiology, including specific expertise in carcinogenesis, cardiovascular disease, reproductive and developmental toxicity, neurodevelopmental outcomes, and diabetes; systematic review; physiologically-based pharmacokinetic (PBPK) modeling; risk assessment; epidemiological dose-response analysis; and Bayesian statistics.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals in the areas of expertise described above for possible service on the SAB Panel. Individuals may self-nominate. Nominations should be submitted in electronic format (preferred) using the online nomination form on the SAB website at <https://sab.epa.gov> (see the "Public Input on Membership" list under "Committees, Panels, and Membership"). To be considered, nominations should include the information requested below. EPA values and welcomes diversity. All qualified candidates are encouraged to apply regardless of sex, race, disability or ethnicity. Nominations should be submitted in time to arrive no later than December 9, 2022. The following

information should be provided on the nomination form: contact information for the person making the nomination; contact information for the nominee; and the disciplinary and specific areas of expertise of the nominee. Nominees will be contacted by the SAB Staff Office and will be asked to provide a recent curriculum vitae and a narrative biographical summary that includes current position; educational background; research activities; sources of research funding for the last two years; and recent service on other national advisory committees or national professional organizations. Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB website, should contact the DFO at the contact information noted above. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff Office, will be posted in a List of Candidates for the Panel on the SAB website at <https://sab.epa.gov>. Public comments on the List of Candidates will be accepted for 21 days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In forming the expert panel, the SAB Staff Office will consider public comments on the Lists of Candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for panel membership include: (a) scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a loss of impartiality; (e) skills working in committees, subcommittees and advisory panels; and (f) for the panel as a whole, diversity of expertise and scientific points of view.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Environmental Protection Agency Special Government Employees" (EPA Form 3110-48). This

confidential form is required and allows government officials to determine whether there is a statutory conflict between a person's public responsibilities (which include membership on an EPA federal advisory committee) and private interests and activities, or the appearance of a loss of impartiality, as defined by federal regulation. The form may be viewed and downloaded through the "Ethics Requirements for Advisors" link on the SAB website at <https://sab.epa.gov>. This form should not be submitted as part of a nomination.

V. Khanna Johnston,

Deputy Director, Science Advisory Board Staff Office.

GULF COAST ECOSYSTEM RESTORATION COUNCIL

[Docket No. 111162022-111-01]

Senior Executive Service Performance Review Board Membership

AGENCY: Gulf Coast Ecosystem Restoration Council (GCERC).

ACTION: Notice of Performance Review Board (PRB) appointments.

SUMMARY: This notice announces the members of the Senior Executive Service (SES) Performance Review Board. The PRB is comprised of a Chairperson and a mix of state representatives and career senior

executives that meet annually to review and evaluate performance appraisal documents and provide a written recommendation to the Chairperson of the Council for final approval of each executive's performance rating, performance-based pay adjustment, and performance award.

DATES: The board membership is applicable beginning on 12/01/2021 and ending on 12/31/22.

FOR FURTHER INFORMATION CONTACT: Mary S. Walker, Executive Director, Gulf Coast Ecosystem Restoration Council, telephone 504-210-9982.

SUPPLEMENTARY INFORMATION: In accordance with 5 U.S.C. 4314(c)(4), the persons named below have been selected to serve on the PRB:

Department of Commerce

Carrie Robinson, National Oceanic and Atmospheric Administration, National Marine Fisheries Service, Office of the Habitat Conservation and Restoration, *Carrie.Robinson@noaa.gov*, 301-427-8605

State of Louisiana

Chris Barnes, Coastal Protection and Restoration Authority, Legal Advisor, Coastal Activities, *Chris.Barnes@la.gov*, 225-342-9036

State of Mississippi

Wells, Chris, Executive Director, Mississippi Department of Environmental Quality, *cwells@mdeq.ms.gov*, 601-961-5545

Environmental Protection Agency

Wyatt, Marc, Director, Gulf of Mexico Division, *Wyatt.marc@epa.gov*, 228-679-5915

Keala Hughes,

Director of External Affairs and Tribal Relations.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-23-23AX; Docket No. CDC-2022-0132]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), within the Department of Health and Human Services, as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a proposed information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Assessing Knowledge, Attitudes, and Practices (KAPs) of Hispanic/Latina Women of Reproductive Age about Folic Acid Fortification and Supplementation. The data collection will involve focus groups of Hispanic/Latina populations to understand knowledge, awareness, and practices about use of folic acid and fortified food for neural tube defect (NTD) prevention.

DATES: CDC must receive written comments on or before January 23, 2023.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2022-0132 by either of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329; Telephone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new
