**1. Purpose of the Program.** The purpose of the program is to promote economic development and job creation projects through the awarding of grant funds to eligible entities. Applications will compete in two separate categories, business opportunity grants and business enterprise grants, for use in funding various business and community projects that serve rural areas.

Business opportunity projects must be in compliance with eligible uses as stated in 7 CFR 4280.417(a)(1) (eCFR:: 7 CFR 4280.417—Project eligibility) that include the establishment of business support centers or providing funds for job training and leadership development in rural areas. Business opportunity projects must be consistent with any local and area-wide strategic plans for community and economic development, coordinated with other economic development activities in the project area, and consistent with any RD State Strategic Plan.

Business enterprise projects must be in compliance with eligible uses as stated in 7 CFR 4280.417(a)(2) (eCFR: 7 CFR 4280.417—Project eligibility.) and are to be used to finance or develop small and emerging businesses in rural areas. Enterprise grant purposes include projects for the acquisition and development of land, access streets and roads, the conversion or modernization of buildings, capitalization of revolving loan funds and the purchase of machinery and equipment for businesses located in a rural area.

**2. Statutory and Regulatory Authority.**

(a) RBDG Program: The RBDG Program is authorized under 7 U.S.C. 1932(c) (https://www.govinfo.gov/link/uscode/7/1932) and implemented by 7 CFR part 4280, subpart E (https://www.ecfr.gov/current/title-7/part-4280/subpart-E). Assistance provided under the RBDG Program will be made to eligible entities and will be used for funding various business opportunity projects and business enterprise projects, as applicable, that serve Rural Areas.

(b) Set-Aside Funding: The Consolidated Appropriations Act, 2022 (Pub. L. 117–103), designated funding for Federally- Recognized Native American Tribes, Rural Empowerment Zone/Enterprise Communities/Rural Economic Area Partnerships, projects in Persistent Poverty Counties (as discussed below), Native American Persistent Poverty areas and for Strategic Economic and Community Development (SECD) projects in FY 2022.
Set-aside funding may or may not be made available through appropriations in FY 2023 where continued emphasis is given to financial assistance for projects located in these areas. Eligible applicants for the Native American and Rural Empowerment Zone/Enterprise Communities/Rural Economic Area Partnership set-aside funds, if available, must demonstrate that at least 75 percent of the benefits of an approved grant will assist beneficiaries in the designated areas. Eligible applicants for the Persistent Poverty Counties, Native American Persistently Poor Poverty areas, and the SECD set-aside funds, if available, must demonstrate that 100 percent of the benefits of an approved grant will assist beneficiaries in the designated areas. The completed application deadline for these set-aside funds, if available, is consistent with the RBGD application deadline date of February 28, 2023. Applicants for set-aside funds must indicate that they are applying for set-aside funds and may not submit a duplicate application for regular RBGD funds. If funding for an anticipated set-aside program is not appropriated in FY 2023, or if any eligible applications for set-aside funding are not funded due to insufficient funds, such applications will be allowed to compete for available FY 2023 regular RBGD funds in the State where the project is located.

(c) Persistent Poverty Funding: The Consolidated Appropriations Act, 2022 (Pub. L. 117–103) provides designated funding for projects in Persistent Poverty Counties. “Persistent Poverty Counties” as defined in section 736 is “any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses, and 2007–2011 American Community Survey 5-year average, or any territory or possession of the United States”.

Another provision in section 736 expands the eligible population in Persistent Poverty Counties to include any county seat of such a Persistent Poverty County that has a population that does not exceed the authorized population limit by more than 10 percent. This provision expands the current 50,000 population limit to 55,000 for only county seats located in Persistent Poverty Counties. Therefore, beneficiaries of technical assistance services located in county seats of Persistent Poverty Counties with populations up to 55,000 (per the 2010 Census) have been deemed eligible. Comparable statutory provisions may or may not be included in the appropriations act for FY 2023.

Discretionary points may only be assigned to initial grants. However, in the case where two projects have the same score, the State Director may add one point to the project that best fits the State's strategic plan regardless of whether the project is an initial or subsequent grant.

(c) The following are examples of special Secretary of Agriculture initiatives that can support obtaining discretionary points:

(1) Assisting rural communities recover economically through more and better market opportunities and through improved infrastructure. Applicant would receive priority points if the project is located in or serving one of the top 10 percent of counties or county equivalents based upon county risk score in the United States. The website, Rural Development: Key Priorities | Rural Development (usda.gov) https://www.rd.usda.gov/priority-points, has the data to confirm if your project location qualifies for these discretionary points.

(2) Ensuring all rural residents have equitable access to RD programs and benefits from RD funded projects. Applicant may receive priority points if the project is located in or serving a community with a score of 0.75 or above on the Center for Disease Control’s Social Vulnerability Index. The website, Rural Development: Key Priorities | Rural Development (usda.gov), has the data to confirm if your project location qualifies or not.

(3) Reduce climate pollution and increasing resilience to the impacts of climate change through economic support to rural communities. Applicants may receive points if the project is serving coal, oil and gas, and power plant communities whose economic well-being ranks in the most distressed tier of the Distressed Communities Index. The website, Rural Development: Key Priorities | Rural Development (usda.gov), has the data to confirm if your project location qualifies or not. Applicants may also receive points by demonstrating how proposed climate-impact projects improve the livelihoods of community residents and meet pollution mitigation or clean energy goals. The Agency will assign each application a priority rating based on the total score and will select applications for funding based on the priority ratings and the total funds available to the program for opportunity-type projects and enterprise-type projects.

2. Review and Selection Process. The RD State Offices will review applications to determine if they are eligible for assistance based on requirements contained in 7 CFR 4280.416 (https://www.ecfr.gov/current/title-7/part-4280/subpart-E) and 7 CFR 4280.417 (https://www.ecfr.gov/current/title-7/part-4280/subpart-E). Funding of projects is subject to the availability of funds and Applicant’s satisfactory submission of the items required by 7 CFR part 4280, subpart E (https://www.ecfr.gov/current/title-7/part-4280/subpart-E) and this notice, in addition to any conditions specifically outlined in any issued USDA RD Letter of Conditions if available funds are to be awarded. The agency reserves the right to offer the applicant less than the grant funding requested.

The Agency will score each application based on the information contained in the application and its supporting information. All applications submitted for funding must be in one package and contain sufficient information to permit the Agency to complete a thorough priority rating. Agency employees may not consider any information that is not provided by the applicant in writing for scoring purposes. Applications will not be considered for funding if they do not provide sufficient information to determine eligibility or are missing required elements.

Applications for set-aside funds, if available, will compete at the National Office in their respective categories. Applications for regular RBDG projects will compete at the state level in their respective category, business opportunity grants or business enterprise grants, for funding made available through RD State allocated funds. Applications will be reviewed, prioritized by the Agency, and scored by ranking each project in highest to lowest score order until available funds are
exhausted. If funds are exhausted at the state level, each State’s highest scoring unfunded business enterprise project will have the opportunity to compete for funding through a final national competition.

The Agency will notify eligible applicants in writing if RBDG funds are not available. The applicant is permitted to respond in writing that they wish their application to be reconsidered in the next fiscal year. The applicant may provide additional updated information to the Agency prior to the next fiscal year’s application deadline for their project.

The Agency will notify eligible applicants in writing if set-aside funds are not available. Applications that are eligible for set-aside funds but are unfunded due to the availability of funds will be allowed to compete for available FY 2023 regular RBDG funds in the State where the project is located. For projects involving multiple states, the application will be returned to the RD State Office where the Applicant is located and will compete for funds in that State. The Agency will notify eligible applicants in writing if their application will not be funded in FY 2023 due to insufficient funds in the set-aside and regular RBDG programs.

F. Federal Award Administration Information

If the applicant wishes to consider beginning their project performance prior to the grant being officially closed, all pre-award costs must be approved in writing and in advance by the Agency.
