

or group of farmers based on partial or total advance payment of a subscription or membership fee. The up-front working capital generated by selling shares reduces the financial risk to the farmer(s). Generally, farmers receive better prices for their crops and have reduced marketing costs. Consumers benefit by receiving a periodic (usually weekly) delivery of fresh locally-grown fruits, vegetables, meats, eggs and other produce. They also benefit from the ability to collectively support the sustainability of local farmers.

A food hub is a business or organization that actively manages the aggregation, distribution, and marketing of source-identified food products to multiple buyers from multiple producers, primarily local and regional producers, to strengthen the ability of these producers to satisfy local and regional wholesale, retail, and institutional demand. This marketing channel also allows farm operators to capture a larger share of consumers' food dollar.

On-farm markets, CSA, as well as food hubs, comprise an integral part of the urban/farm linkage and have continued to rise in popularity, mostly due to the growing consumer interest in obtaining fresh products directly from the farm. On-farm markets, CSA, and food hubs allow consumers to have access to locally grown, farm fresh produce, enable farmers the opportunity to develop a personal relationship with their customers, and cultivate consumer loyalty with the farmers. They are also providing greater access to fresh locally-grown fruits and vegetables, as well as playing an increasing role in encouraging healthier eating.

Local Food Directories and Survey—0581–0169

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.26 hours per response, (rounded).

Respondents: Farmers market managers, farm operators that operate on-farm stores, operators of CSA, farm operations, and operators of food hubs.

Estimated Number of Respondents: 66,250.

Estimated Total Annual Responses: 8,025.

Estimated Number of Responses per Respondent: 0.26.

Estimated Total Annual Burden on Respondents: 2,069 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the

agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Melissa Bailey,

Associate Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are required regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by December 27, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information

displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: On-line Registration for FSA-Hosted Events and Conferences.

OMB Control Number: 0560–0226.

Summary of Collection: The collect of information is necessary for people to register on-line to make payment and reservation to attend Farm Service Agency (FSA) hosted events and conferences. The respondents will need to submit the information on-line to pay and to make reservation prior to attending any conferences and events. Respondents that do not have access to the internet can register by mail or fax.

Need and Use of the Information: FSA will collect the name, organization, organizations address, country, phone number, State, payment options and special accommodations from respondents and how they learned of the conference. The information collection element also includes race, ethnicity, gender and veteran status. FSA will use the information to get payment, confirm and make hotel and other necessary arrangement for the respondents. If this information is not collected, FSA would be unable to host virtual events as online registration is required. Additionally, this registration data allows us to analyze outreach program participation and use data to improve our continuing outreach and education efforts.

Description of Respondents: Individuals or households; farms; business or other for-profit; Federal Government, not-for-profit institutions; State, local or Tribal government

Number of Respondents: 273,700.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 41,250.

Ruth Brown,

Departmental Information Collection Clearance Officer.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program: Reporting of Lottery and Gambling, and Resource Verification.

OMB Control Number: 0584–0621.

Summary of Collection: In accordance with Section 4009 of the Agricultural Act of 2014, households in which members receive substantial lottery and gambling winnings are ineligible for SNAP until they meet allowable financial resources and income eligibility requirements. Substantial winnings are defined as winnings that are equal to or greater than the resource limit for elderly or disabled households as defined in 7 CFR 273.8(b). States are also required to work cooperatively with entities responsible for gaming in their State to identify individuals and households with substantial winnings. SNAP households must report substantial winnings to State SNAP

agencies. These requirements at 7 CFR 273.11(r) were implemented in 2019 through final rulemaking titled “Supplemental Nutrition Assistance Program: Student Eligibility, Convicted Felons, Lottery and Gambling, and State Verification Provisions of the Agricultural Act of 2014”, published on April 15, 2019 (84 FR 15083, RIN 0584–AE41). A technical correction to the 60-Day Notice associated with this rulemaking was published on June 21, 2019 (84 FR 29029, RIN 0584–AE41).

Per Section 5(g) of the Food and Nutrition Act, all applicant households must meet the SNAP resource limits unless they are considered categorically eligible (Section 5(j) of the Food and Nutrition Act) for SNAP benefits. State eligibility workers must evaluate the resources available to each household to determine whether these households meet the SNAP resource limits as defined by 7 CFR 273.8(b). Resources are one of several criteria that SNAP State agencies use to determine SNAP eligibility and States may elect to mandate verification of resources (7 CFR 273.2(f)(3)). All States must verify any resource information that appears to be questionable, in accordance with 7 CFR 273.2(f)(2)(i).

Need and Use of the Information: Food and Nutrition Service (FNS), Supplemental Nutrition Assistance Program (SNAP) information collection captures the burden associated with the requirement States SNAP Agencies make ineligible SNAP participants with substantial lottery or gambling winnings and establish cooperative agreements with public and private business gaming entities within their States to identify SNAP participants with substantial winnings. Individuals and households are required to report substantial winnings.

Description of Respondents: State Agencies (100); Business (200); Individuals/households (1,842,588).

Number of Respondents: 1,842,888.

Frequency of Responses: Reporting: Other (as desired).

Total Burden Hours: 789,267.

BILLING CODE 3410–30–P

DEPARTMENT OF AGRICULTURE

Forest Service

Inyo National Forest; California; Mammoth Mountain Ski Area Main Lodge Redevelopment

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: Mammoth Mountain Ski Area (MMSA) has submitted a proposal to the Inyo National Forest (the Forest) to pursue approval of select projects from its 2022 Master Development Plan (MDP) on National Forest System (NFS) lands, in accordance with its existing Special Use Permit (SUP). The Proposed Action includes: new lifts, lift replacements and realignments, additional ski terrain development, new buildings and parking lots for guest and employee use, road reconstruction and construction of a new road, trail construction for pedestrians and bike connectivity, extensions of existing utilities and on-mountain infrastructure, and other infrastructure improvements to support base area development on private parcels. The Inyo National Forest plans to complete a combined environmental impact statement (EIS)/ Environmental Impact Report (EIR) with the Town of Mammoth Lakes because a number of projects proposed are entirely on private lands.

DATES: Comments concerning the scope of the analysis must be received by December 27, 2022. A separate notice (Notice of Preparation) with concurrent review has been published by the Town under CEQA. The draft EIS/EIR is expected in late 2023 and the final EIS is expected in 2024.

ADDRESSES: Comments may be sent by the following methods:

- *Online:* <https://www.fs.usda.gov/project/?project=62406>. Click on “Comment/Object on Project” on the right side of the page.

- *Mail:* Lesley Yen, Forest Supervisor, c/o Fred Wong, Mammoth Lakes District Ranger, Inyo National Forest, 351 Pacu Lane, Suite 200, Bishop, CA 93514.

FOR FURTHER INFORMATION CONTACT:

Additional information related to the proposed projects on NFS lands can be obtained from: Tyler Lee, Mountain Resort Specialist, Inyo National Forest. Mr. Lee can be reached by phone at 760–924–5508 or by email at tyler.lee@usda.gov.
