II. The Tribal Intergovernmental Advisory Committee

Today’s notice announces the membership of the TIAC. The purpose of the TIAC is to further facilitate intergovernmental communication between HUD and Tribal leaders of federally recognized Tribes on all HUD programs, to make recommendations to HUD regarding current program regulations that may require revision, as well as suggest rulemaking methods to develop such changes, and to advise in the development of HUD’s American Indian and Alaska Native (AI/AN) housing priorities. The function of TIAC is not to replace Tribal consultation, but rather serve as a tool to help supplement it.

In making the selections for membership on the TIAC, HUD’s goal was to establish a committee whose membership reflects a balanced representation of Indian tribes. In addition to the Tribal representatives on the committee, there will be several HUD representatives, each representing various program offices, on the committee.

HUD appreciate commenters who submitted names of Alternates. HUD is only announcing Committee Members in today’s Notice. However, each Committee Member should have an eligible Alternate in queue in case the Committee Member is unable to attend a particular committee meeting. As a reminder, the Alternate must meet the same eligibility criteria required of the selected Committee Member, specifically, that they must be either a duly elected Tribal official or Tribal employee. The Alternate cannot be a Tribally Designated Housing Entity employee. In the absence of a Committee Member, the Alternate will have the same rights, responsibilities, duties, and functions as a Committee Member during meetings. Each Committee Member has the discretion to decide who will best represent them in their absence. A Committee Member unable to attend any session must inform HUD in writing with an original signature as to whom they have selected to represent them and will specify the term. HUD will review all Alternates before a meeting to confirm that they
meet the eligibility criteria for
Alternates specified by HUD.

The final list of members of the TIAC is as follows:

Endangered Species; Receipt of
Recovery Permit Applications

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of receipt of permit
applications; request for comments.

SUMMARY: We, the U.S. Fish and
Wildlife Service, have received
applications for permits to conduct
activities intended to enhance the
propagation and survival of endangered
species under the Endangered Species
Act. We invite the public and local,
State, Tribal, and Federal agencies to
comment on these applications. Before
issuing the requested permits, we will
take into consideration any information
that we receive during the public
comment period.

DATES: We must receive your written
comments on or before December 29,
2022.

ADDRESSES: Document availability and
comment submission: Submit a request
for a copy of the application and related
documents and submit any comments
by one of the following methods. All
requests and comments should specify
the applicant name and application
number (e.g., Dana Ross, ES001705):

Proposed activities in the following
permits are for the recovery and
enhancement of propagation or survival
of the species in the wild. The ESA
requires that we invite public comment
before issuing these permits.

Accordingly, we invite local, State,
Tribal, and Federal agencies and the
public to submit written data, views, or
arguments with respect to these
applications. The comments and
recommendations that will be most
useful and likely to influence agency
decisions are those supported by
quantitative information or studies.

SUPPLEMENTARY INFORMATION: We, the
U.S. Fish and Wildlife Service, invite
the public to comment on applications
for permits under section 10(a)(1)(A) of
the Endangered Species Act of 1973, as
amended (ESA; 16 U.S.C. 1531
et seq.). The requested permits would allow the
applicants to conduct activities
intended to promote recovery of species
that are listed as endangered under the
ESA.

Background

With some exceptions, the ESA
prohibits activities that constitute take
of listed species unless a Federal permit
is issued that allows such activity. The
ESA’s definition of “take” includes such
activities as pursuing, harassing,
trapping, capturing, or collecting, in
addition to hunting, shooting, harming,
wounding, or killing.

A recovery permit issued by us under
section 10(a)(1)(A) of the ESA
authorizes the permittee to conduct
activities with endangered or threatened
species for scientific purposes that
promote recovery or for enhancement of
propagation or survival of the species.
These activities often include such
prohibited actions as capture and
collection. Our regulations
implementing section 10(a)(1)(A) for
these permits are found in the Code of
Federal Regulations (CFR) at 50 CFR
17.22 for endangered wildlife species,
50 CFR 17.32 for threatened wildlife
species, 50 CFR 17.62 for endangered
plant species, and 50 CFR 17.72 for
threatened plant species.
