Registration

To register for a scheduled Safe
Handling, Release, and Identification
Workshop, please contact Angler
Conservation Education at 386–682–
0158. Pre-registration is highly
recommended, but not required.

Registration Materials

To ensure that workshop certificates
are linked to the correct permits,
participants will need to bring the
following specific items with them to
the workshop:

- Individual vessel owners must
bring a copy of the appropriate
swordfish and/or shark permit(s), a copy
of the vessel registration or
documentation, and proof of
identification;
- Representatives of a business-
owned or co-owned vessel must bring
proof that the individual is an agent of
the business (such as articles of
incorporation), a copy of the applicable
swordfish and/or shark permit(s), and
proof of identification; and
- Vessel operators must bring proof of
identification.

Workshop Objectives

The Safe Handling, Release, and
Identification Workshops are designed
to teach longline and gillnet fishermen
the required techniques for the safe
handling and release of entangled and/
or hooked protected species, such as sea
turtles, marine mammals, smalltooth
sawfish, Atlantic sturgeon, and
prohibited sharks. In an effort to
improve reporting, the proper
identification of protected species and
prohibited sharks will also be taught at
these workshops. Additionally,
individuals attending these workshops
will gain a better understanding of the
requirements for participating in these
fisheries. The overall goal of these
workshops is to provide participants
with the skills needed to reduce the
mortality of protected species and
prohibited sharks, which may prevent
additional regulations on these fisheries
in the future.

Online Recertification Workshops

NMFS implemented an online option
for shark dealers and longline and
gillnet fishermen to renew their
certificates in December 2021. To be
eligible for online recertification
workshops, dealers and fishermen need
to have previously attended an in-
person workshop. Information about the
courses is available online at [https://
