AGENCY FOR INTERNATIONAL DEVELOPMENT

USAID COVID-19 Performance Monitoring

AGENCY: United States Agency for International Development (USAID).

ACTION: Notice of request for emergency OMB approval.

SUMMARY: In accordance with the emergency review procedures of the Paperwork Reduction Act of 1995 (PRA), the United States Agency for International Development (USAID), is announcing that it has submitted a request to the Office of Management and Budget (OMB) for emergency approval of a new information collection to inform technical approaches to implementing USAID's COVID-19 Implementation Plan. If granted, this emergency approval will be valid for six months from the date of approval.

DATES: If this request for approval is granted, USAID plans to collect performance data for a period of six months, beginning on or about December 15, 2022.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Megan McGuire, mmcguire@usaid.gov, +1 (202) 705 6136.

SUPPLEMENTARY INFORMATION: The proposed collection would request reporting from USAID award recipients (Implementing Partners) of performance indicators to be submitted through USAID's Development Information Solution (DIS) on the frequency designated in their awards. This activity-level information, in conjunction with contextual data, will allow USAID to track progress against the objectives of the U.S. Global COVID-19 Response and Recovery Framework. It will be used for adaptive management, evidence-based strategic decision-making, and accountability.

Information will be requested of contracts and grants in the Global VAX surge countries (Angola, Côte d'Ivoire, Eswatini, Ghana, Lesotho, Nigeria, Senegal, South Africa, Tanzania, Uganda, and Zambia) and for contracts and grants receiving more than \$500,000 in COVID-19 funds obligated after 9/1/2022 in Ethiopia, Liberia, Madagascar, Malawi, Mozambique, Haiti and the Philippines.

Description of Proposed Use of Information

The performance data would supplement contextual, country-level data currently analyzed by USAID and will provide critical, timely insight into the Agency's COVID-19 response. The collection and reporting of performance indicators by USAID's IPs will facilitate adaptive management, strategic planning, and ensure that COVID-19 response activities are continually aligned with the Agency's primary objectives and the evolving nature of the pandemic. The data will inform the strategic and operational approaches of both the Agency's Washington offices and field-based Missions involved in the COVID-19 response.

Time Burden

USAID estimates an annual time burden of 333 hours per award or 83 hours per response, assuming most awards report on a quarterly basis. USAID expects that a total of 41 awards will be subject to the information collection requirements; for these awards, the time burden is expected to total 13,653 hours per year, or 6,827 hours for the six-month period specified in the emergency information collection review.

Beth Tritter,

Director, USAID COVID-19 Response Team.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are

required regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 9, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: 7 CFR 764, Direct Loan Making.
OMB Control Number: 0560-0237.

Summary of Collection: The Farm Loan Program (FLP) in the Farm Service Agency (FSA) provides loans to family farmers to purchase real estate and equipment and finance agricultural production. The regulation under the 7 CFR 764 covered by this collection describes the policies and procedures that FSA uses to provide supervised credit to FLP applicants requesting direct loan assistance to comply with the provisions of the Consolidated Farm and Rural Development Act (CONACT; Pub. L. 87-128), as amended. Direct loan making information collection requirements include financial and production records of the operation, as

well as information necessary to obtain liens on collateral, provide evidence of the indebtedness, and ensure repayment of the loan. FSA will use several forms and non-forms to collect the information.

In the Executive Order 14058, the Secretary of Agriculture tasked FSA with simplifying the direct loan application process. As such, forms FSA–2001, FSA–2002, FSA–2003, FSA–2004, FSA–2005, FSA–2006, FSA–2037, FSA–2038, FSA–2302, and FSA–2330 have been consolidated into a single form for the purposes of direct loan making and that consolidation is reflected in this collection.

Need and Use of the Information: Information is submitted by the applicants to the local agency office serving the county in which their business is headquartered. The information is necessary to thoroughly evaluate the applicant's request for a direct loan and is used by FSA officials to: (1) Ensure that cash flow projections used in determining loan repayment are based on the actual production history of the operation, (2) Ensure that a loan is adequately secured; (3) Ensure the applicant meets the statutorily established program eligibility requirements; and (4) Obtain assignment on income or sales proceeds, when appropriate, to ensure timely repayment of the loans. Since the agency is mandated to provide supervised credit, failure to collect the information, or collecting it less frequently, could result in the failure of the farm operation or loss of agency security property.

Description of Respondents: Business or other for-profit and Farms.

Number of Respondents: 177,394.

Frequency of Responses: Reporting: On occasion; Annually.

Total Burden Hours: 295,850.

Ruth Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; National Survey of Children's Health

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act (PRA) of 1995, invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment on the proposed revision of the National Survey of Children's Health, prior to the submission of the information collection request (ICR) to OMB for approval.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before February 6, 2023.

ADDRESSES: Interested persons are invited to submit written comments by email to ADDP.NSCH.List@census.gov. Please reference National Survey of Children's Health in the subject line of your comments. You may also submit comments, identified by Docket Number USBC–2022–0020, to the Federal e-Rulemaking Portal: <http://www.regulations.gov>. All comments received are part of the public record. No comments will be posted to <http://www.regulations.gov> for public viewing until after the comment period has closed. Comments will generally be

posted without change. All Personally Identifiable Information (for example, name and address) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information. You may submit attachments to electronic comments in Microsoft Word, Excel, or Adobe PDF file formats.

SUPPLEMENTARY INFORMATION:

I. Abstract

Sponsored primarily by the U.S. Department of Health and Human Services' Health Resources Services Administration's Maternal and Child Health Bureau (HRSA MCHB), the National Survey of Children's Health (NSCH) is designed to produce data on the physical and emotional health of children under 18 years of age who live in the United States. The United States Department of Agriculture (USDA), the United States Department of Health and Human Services' Centers for Disease Control and Prevention (CDC), the National Center on Birth Defects and Developmental Disabilities (CDC–NCBDDD), and the Division of Nutrition, Physical Activity, and Obesity (CDC–DNPAO) sponsor supplemental content on the NSCH. Additionally, the upcoming cycle of the NSCH plans to include fifteen (15) age, state, or regional oversamples. The age-based oversample would be funded by the United States Department of Health and Human Services' Center for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion (CDC–NCCDPHP). The state- or region-based oversamples would be sponsored by Children's Health Care of Atlanta, the State of California, the State of Colorado, the State of Illinois, the State of Kansas, the State of Louisiana, the State of Minnesota, the State of Nebraska, the State of New Mexico, the State of Ohio, the State of Pennsylvania, the State of Tennessee, the State of Wisconsin, and the State of Wyoming.

The NSCH collects information on factors related to the well-being of children, including access to health care, in-home medical care, family interactions, parental health, school and after-school experiences, and neighborhood characteristics. The goal
