

and conduct a single inquiry with respect to the product at issue for both orders only on the record of the antidumping proceeding.”⁷ Further, once “the Secretary issues a final circumvention determination on the record of the antidumping duty proceeding, the Secretary will include a copy of that determination on the record of the countervailing duty proceeding.”⁸ Accordingly, once Commerce concludes this circumvention inquiry, Commerce intends to place its final circumvention determination on the record of the companion CVD proceeding.

Suspension of Liquidation

Pursuant to 19 CFR 351.226(l)(1), Commerce will notify U.S. Customs and Border Protection (CBP) of its initiation of the requested circumvention inquiries and direct CBP to continue the suspension of liquidation of entries of products subject to the circumvention inquiries that were already subject to the suspension of liquidation and to apply the cash deposit rate that would be applicable if the products were determined to be covered by the scope of the *Orders*. Should Commerce issue preliminary or final circumvention determinations, Commerce will follow the suspension of liquidation rules under 19 CFR 351.226(l)(2)–(4).

Notification to Interested Parties

In accordance with 19 CFR 351.226(d) and section 781(b) of the Act, Commerce has determined that Edsal’s request for a circumvention inquiry satisfies the requirements of 19 CFR 351.226(c). Accordingly, Commerce is notifying all interested parties of the initiation of a circumvention inquiry to determine whether U.S. imports of boltless steel shelving that have been completed or assembled in, and exported from, Malaysia using certain components manufactured in China, are circumventing the *Orders*. We included a description of the products that are subject to the circumvention inquiry, and an explanation of the reasons for Commerce’s decision to initiate these inquiries, in the accompanying Initiation Memorandum.⁹ In accordance with 19 CFR 351.226(e)(2), Commerce intends to issue its preliminary determination in these circumvention proceedings no later than 150 days from the date of publication of this notice in the **Federal Register**.

This notice is published in accordance with section 781(b) of the Act and 19 CFR 351.226(d)(1)(ii).

Dated: December 5, 2022.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties, we made certain changes to the *Preliminary Results*. See the Issues and Decision Memorandum for a description of those changes.

Final Results of Review

We are assigning the following weighted-average dumping margin to the firm listed below for the period May 1, 2020, through April 30, 2021:

Producers/exporters	Weighted average dumping margin (percent)
OCTAL SAOC-FZC	3.96

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results to interested parties within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in this review, in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping

calculated for the examined sales to the importer to the total entered value of those sales. Where the respondent did not report entered value, we calculated importer-specific per-unit duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the importer to the total quantity of those sales. To determine whether an importer-specific per-unit duty assessment rate was *de minimis*, we calculated an estimated entered value. Where an importer-specific assessment rate is *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without regard to dumping duties.⁶

For entries of subject merchandise during the POR produced by OCTAL for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate (*i.e.*, 7.62 percent)⁷ if there is no rate for the intermediate company(ies) involved in the transaction.⁸

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for OCTAL will be equal to the weighted-average dumping margin listed in the above table; (2) for subject merchandise exported by producers or exporters not covered in this review, but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the rate established for the producer or exporter in the most recently completed segment of this proceeding in which it participated; (3) if the exporter of the subject merchandise does not have a company-specific cash deposit rate, but the producer does, then the cash deposit rate will be the cash deposit rate established for the producer in the most recently completed segment of this proceeding; and (4) the cash deposit rate

for all other producers or exporters will continue to be 7.62 percent, the all-others rate established in the less-than-fair-value investigation. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: December 2, 2022.

Assistant Secretary for Enforcement and Compliance.
