## ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2022–0223; FRL–10469–01–OCSPP]

### Chlorpyrifos; Notice of Receipt of Requests To Voluntarily Cancel Certain Pesticide Registrations and Amend Registrations To Terminate/Amend Certain Uses

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of requests by the registrants to voluntarily cancel certain

product registrations containing the pesticide chlorpyrifos and to amend their chlorpyrifos registrations to terminate one or more uses. EPA intends to grant these requests at the close of the comment period for this announcement, unless the Agency receives substantive comments within the comment period that would merit its further review, or the registrants withdraw their requests. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registrations have been cancelled or the uses terminated only if such sale, distribution, or use is consistent with the terms as described in the final order.

**DATES:** Comments must be received on or before January 12, 2023.

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2022-0223, is available at <https://www.regulations.gov>. Additional instructions on visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Patricia Biggio, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW,

Washington, DC 20460-0001; telephone number: 202-566-0700; email address: [OPPChlorpyrifosInquiries@epa.gov](mailto:OPPChlorpyrifosInquiries@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this action apply to me?*

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

*B. What should I consider as I prepare my comments for EPA?*

1. *Submitting CBI.* Do not submit this information to EPA through <https://www.regulations.gov> or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI

must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

**II. What action is the Agency taking?**

This notice announces receipt by the Agency of requests from registrants to cancel certain pesticide product registrations and terminate certain uses of product registrations. These affected registrations are listed in sequence by registration number in Table 1 and Table 2 of this Unit. Table 3 of this Unit includes the names and addresses of record for the registrants of the products listed in Table 1 and Table 2 of this Unit, in sequence by EPA company number. This company number corresponds to the first part of the EPA registration numbers of the products listed in Table 1 and Table 2 of this Unit.

Unless the Agency determines that there are substantive comments that warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue an order in the **Federal Register** canceling all of the registrations and terminating uses as requested.

### III. What is the Agency's authority for taking these actions?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more registered uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants in Table 2 of Unit II have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

### IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

### V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

If the requests for voluntary cancellation and amendments to terminate uses are granted, the Agency intends to publish a final cancellation order in the **Federal Register**. In any order issued in response to these requests for cancellation of product registrations and for amendments to terminate uses, EPA proposes to include the following provisions for the

treatment of any existing stocks of the products listed in Tables 1 and 2 of Unit II.

EPA proposes prohibiting all use of existing stocks of chlorpyrifos products identified in Tables 1 and 2 for food uses. Because all chlorpyrifos tolerances expired on February 28, 2022, use of chlorpyrifos in or on food will result in adulterated food, which cannot be delivered into interstate commerce. Such use would be inconsistent with the purposes of FIFRA. EPA is proposing to allow use of existing stocks of chlorpyrifos products identified in Tables 1 and 2 for non-food uses identified on the existing labels, as long as such use is consistent with the label. All other use of existing stocks of chlorpyrifos products would be prohibited.

Moreover, EPA proposes prohibiting all sale and distribution of existing stocks of the chlorpyrifos products identified in Tables 1 and 2 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal, in accordance with state regulations. In addition, EPA is working with Corteva and Adama to develop plans for the return of existing stocks of chlorpyrifos to the registrants. Corteva and Adama are developing plans for the return of existing stocks of chlorpyrifos to the registrants. Subject to EPA approval, the terms and conditions of these plans will be implemented through the Cancellation Orders governing the distribution of these products under those return programs. If EPA and Corteva and Adama can come to agreement on those plans, EPA intends to include in the final cancellation order terms allowing for distribution consistent with those return programs.

### Public Hearing for RFS Standards for 2023–2025 and Other Changes

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notification of public hearing.

**SUMMARY:** The Environmental Protection Agency (EPA) is announcing a virtual public hearing to be held on January 10, 2023, on its proposal for the “Renewable Fuel Standard (RFS) Program: Standards for 2023–2025 and Other Changes,” which was announced on November 30, 2022. An additional session will be held on January 11, 2023, if necessary, to accommodate the number of testifiers that sign-up to testify. EPA is proposing the 2023–2025 renewable fuel standards for cellulosic biofuel, biomass-based diesel, advanced biofuel, and total renewable fuel. EPA is also proposing the second supplemental standard addressing the remand of the 2016 standard-setting rulemaking and several regulatory changes to the RFS program, including regulations governing the generation of qualifying renewable electricity and other modifications intended to improve the program's implementation.

**DATES:** EPA will hold a virtual public hearing on January 10, 2023. An additional session will be held on January 11, 2023, if necessary, to accommodate the number of testifiers that sign-up to testify. Please refer to the **SUPPLEMENTARY INFORMATION** section for additional information.

**ADDRESSES:** The virtual public hearing will begin at 9 a.m. Eastern Time (ET) and end when all parties who wish to speak have had an opportunity to do so, but no later than 5 p.m. ET. All hearing attendees (including even those who do not intend to provide testimony) should register for the public hearing by January 3, 2023. Information on how to register can be found at <https://www.epa.gov/renewable-fuel-standard-program/proposed-renewable-fuel-standards-2023-2024-and-2025>. Please refer to the **SUPPLEMENTARY INFORMATION** section for additional information.

**FOR FURTHER INFORMATION CONTACT:** Nick Parsons, Office of Transportation and Air Quality, Assessment and Standards Division, Environmental Protection Agency, 2000 Traverwood Drive, Ann Arbor, MI 48105; telephone number: (734) 214-4479; email address: [RFS-Hearing@epa.gov](mailto:RFS-Hearing@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA is proposing to establish the 2023–2025 volume targets and corresponding renewable fuel standards for cellulosic biofuel, biomass-based diesel, advanced biofuel, and total renewable fuel. EPA is also proposing the second supplemental standard to address the remand of the 2016 standard-setting rulemaking, as well as several regulatory changes to the Renewable Fuel Standard (RFS) program, including regulations governing the generation of qualifying
