VI. Methodology

These studies will analyze navigation routes to and from the ports identified above to their proposed fairways, as well as international routes to and from the United States. Current capabilities and planned improvements in these ports to handle maritime conveyances will be considered. Analyses will be conducted in accordance with Marine Planning to Operate and Maintain the Marine Transportation System (MTS) and Implement National Policy, COMDTINST 16003.2B, and coordinated by the cognizant District Commander. This instruction is available at https://media.defense.gov/2019/Jul/10/2002155400/-1/-1/0/CI_16003_2B.PDF. Notices of study will be published in the **Federal Register** to inform and solicit public comments for each PARS.

We will publish the results of the PARS in the **Federal Register**. It is possible that the study may validate the status quo (no fairways or routing measures) and conclude that no changes are necessary. It is also possible that the study may recommend one or more changes to address navigational safety and the efficiency of vessel traffic management. The recommendations may lead to future rulemakings or appropriate international agreements.

BILLING CODE 9111-24-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-6331-N-06A]

Public Interest Phased Implementation Waiver of Build America, Buy America Provisions as Applied to Recipients of HUD Federal Financial Assistance

AGENCY: Office of the Secretary, U.S. Department of Housing and Urban Development (HUD).

ACTION: Final notice.

SUMMARY: In accordance with the Build America, Buy America Act ("BABA" or "the Act") this notice advises that HUD has issued a public interest waiver to further HUD's phased implementation of the Buy America Domestic Content Procurement Preference ("Buy America Preference," or "BAP") for recipients of Federal Financial Assistance ("FFA") provided by HUD. On May 5, 2022, HUD previously issued a separate waiver covering all FFA obligated by HUD on or before November 14, 2022, including Community Development Block Grant ("CDBG") formula grants. In order to fully focus on the successful implementation of the BAP in CDBG formula grants, one of HUD's largest grant programs, HUD has determined that it is in the public interest to issue a new public interest waiver of the application of the BAP for all other FFA obligated by HUD. By this notice, HUD announces that it is waiving the application of the BAP on or after the effective date of this waiver for all FFA obligated by HUD on or before February 21, 2023, except for those funds utilized in connection with the purchase of iron or steel products in infrastructure projects funded by CDBG formula grants obligated by HUD on or after November 15, 2022. In addition, in the case of FFA obligated by HUD on or after November 15, 2022 but prior to the effective date of the final waiver, HUD is waiving the application of the BAP for all expenditures incurred on or after the date of the final waiver, except for those funds utilized in connection with the purchase of iron or steel products in infrastructure projects funded by CDBG

formula grants obligated by HUD on or after November 15, 2022.

DATES: As required under section 70914 of the Act, HUD published a new proposed public interest phased implementation waiver on its website on November 3, 2022. In addition, HUD published the proposed waiver in the **Federal Register**. Comments on that proposed waiver were initially stated to be due on or before November 17, 2022, but HUD extended the deadline to comment until November 21, 2022.

Through this final notice, HUD is announcing that it has issued this waiver effective November 23, 2022.

This waiver is effective as stated herein for FFA obligated on the effective date of the waiver and until February 21, 2023 for a total of ninety (90) days and, in the case of FFA obligated by HUD on or after November 15, 2022 but prior to the effective date of the final waiver, for all expenditures incurred on or after the date of the final waiver, except for those funds utilized in connection with the purchase of iron or steel products in infrastructure projects funded by CDBG formula grants obligated by HUD on or after November 15, 2022.
