**47 CFR Part 73**

[MB Docket No. 22–115; RM–11921; DA 22–1232; FR ID 117273]

**Television Broadcasting Services Butte, Montana**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** On March 10, 2022, the Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking (NPRM)* in response to a petition for rulemaking filed by Scripps Broadcasting Holdings LLC (Petitioner), the licensee of KXLF–TV (Station), channel 5, Butte, Montana, requesting the substitution of channel 15 for channel 5 at Butte in the Table of Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel 15 for channel 5 at Butte.

**DATES:** Effective December 15, 2022.

**FOR FURTHER INFORMATION CONTACT:** Joyce Bernstein, Media Bureau, at (202) 418–1647 or [Joyce.Bernstein@fcc.gov](mailto:Joyce.Bernstein@fcc.gov).

**SUPPLEMENTARY INFORMATION:** The proposed rule was published at 87 FR 16157 on March 22, 2022. The Petitioner filed comments in support of the petition reaffirming its commitment to apply for channel 15. No other comments were filed. We believe the public interest would be served by substituting channel 15 for channel 5 at Butte, Montana. According to the Petitioner, it has received many complaints from viewers unable to receive a reliable signal on VHF channel 5, and the Commission has recognized that VHF channels have certain characteristics that pose challenges for their use in providing digital television service. The Engineering Statement provided with the Petition confirmed that the proposed channel 15 contour would continue to reach virtually all of the population within the Station’s current service area and fully cover the city of Butte. An analysis using the Commission’s *TVStudy* software tool indicates that KXLF–TV’s move from channel 5 to channel 15 is predicted to create an area where approximately 3,000 persons are predicted to lose service. The loss area, however, is partially overlapped by the noise limited contour of Scripps’ owned CBS affiliate KPAX–TV, Missoula, Montana; KBZK(TV), Bozeman, Montana; and KRTV(TV), Great Falls, Montana. Once

those other sources of CBS programming are factored into the loss analysis, the new loss area that would be created by the proposed channel substitution would contain less than 500 persons, a level of service loss the Commission considers to be *de minimis*.

This is a synopsis of the Commission’s *Report and Order*, MB Docket No. 22–115; RM–11921; DA 22–1232, adopted November 29, 2022, and released November 29, 2022.
