Title: FAA Acquisition Management System (FAAAMS).

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 1, 2022 (87 FR 53283). No comments were received in response to this Notice. The FAAAMS establishes policies and internal procedures for FAA acquisition. Section 348 of Public Law 104–50 directed FAA to establish an acquisition system. The information collection is carried out as an integral part of FAA’s acquisition process. Various portions of the AMS describe information needed from vendors seeking or already doing business with FAA. FAA contracting offices collect the information to plan, solicit, award, administer and close individual contracts. FAA’s small business office collects information to promote and increase small business participation in FAA contracts. Activities for this information collection involve the reporting of information. Responses are voluntary in some cases, but in other cases are required to obtain a benefit (such as responses to Requests for Offers leading to award of a contract). These information collection practices aid in ensuring AMS compliance at large.

FAAAMS requires information collection through a series of forms in the areas of (1) Solicitations and (2) Post-Award Contract Administration. The specific information collected varies by the nature of each form. It is important to note the FAA uses forms specific to the agency. FAA uses forms similar to government wide standard forms. The FAA forms differ from standard forms as they are tailored or prescribed by FAAAMS. Though the forms differ, they do however largely mirror their counterpart standard forms while containing minor editorial changes to account for them being prescribed by the FAAAMS.

IC–1 Solicitations—The FAA utilizes solicitations to evaluate vendor-specific technical solutions, capabilities, and other qualifications such as subcontracting plans that may result in the award of a contract for a defined FAA need. The extent and nature of the information required from vendors varies depending on the nature of the goods and/or services procured, as well as the size and complexity of the FAA requirements.

Respondents: Contractors with an interest in or involved with FAA Acquisitions: 3,461.

Frequency: 1 time.

Estimated Average Burden per Response: 3 hours.

Estimated Total Annual Burden: 10,383 hours.

IC–2 Post-Award Contract Administration—Depending on the complexity and size of the contract, various activities are ongoing after contract award in areas such as bonds (e.g., construction contracts), small business subcontracting (e.g. applying to large businesses), the tracking and management of Government Property, and invoicing. Contract modifications vary from routine administrative updates to major additions of work.

Respondents: Contractors with an interest in or involved with FAA Acquisitions: 30,177.

Frequency: 3 times.

Estimated Average Burden per Response: 23 hours.

Estimated Total Annual Burden: 702,213 hours.

Issued in Washington, DC, on December 20, 2022.

Michelle G. Brune,

Division Manager, Acquisition Policy Division (AAP–100).

Background

The Secretary of Transportation (Secretary) is authorized to register motor carriers under the provisions of 49 U.S.C. 13902; freight forwarders under the provisions of 49 U.S.C. 13903; and property brokers under provisions of 49 U.S.C. 13904. Registered motor carriers must also designate an agent for every State in which they operate and traverse in the United States during such operations, on whom process issued by a court may be served in actions brought against the registered motor carrier (49 U.S.C. 13304, 49 CFR 366.4T). Every broker shall make a designation for each State in which its offices are located or in which contracts are written (49 U.S.C. 13304, 49 CFR 366.4T). Regulations governing the designation of process agents are found at 49 CFR part 366. This designation is filed with FMCSA on Form BOC–3, “Designation of Agents for Service of Process.”
