SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov> or in person at the EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The New Source Performance Standards (NSPS) for Hospital/Medical/Infectious Waste Incinerators (40 CFR part 60, subpart Ec) were proposed on February 27, 1995, promulgated on September 15, 1997, and amended on October 6, 2009, April 4, 2011, and May 12, 2013. The original standards applied to either owners or operators of Hospital/Medical/Infectious Waste Incinerators (HMIWI) for which construction commenced after June 20, 1996, or for which modification commenced after March 16, 1998, but no later than April 6, 2010. Sources subject to the original standards are now covered under the revised Emission Guidelines for HMIWI at 40 CFR part 60, subpart Ce. This information request covers the reporting and recordkeeping requirements associated with the revised NSPS, which apply to new facilities only. New facilities include those that commenced construction after December 1, 2008 or commenced modification after April 6, 2010. This information is being collected to assure compliance with 40 CFR part 60, subpart Ec.

In general, all NSPS standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.

Respondents/affected entities: Hospital/Medical/Infectious Waste Incinerators (HMIWI).

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart Ec).
Estimated number of respondents: 3 (total).

Frequency of response: Semiannual, annual.

Total estimated burden: 1,780 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$370,000 (per year), includes \$157,000 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an overall decrease in burden from the most recently approved ICR. The decrease in burden is due to an adjustment due to more accurate estimates of existing and anticipated new sources. This ICR adjusts the number of facilities subject to 40 CFR part 60, subpart Ec and reflects a decrease in the number of respondents with HMIWI units from ten to three. This adjustment is based on the EPA's updated inventory of affected sources which reflects consolidation within the industry. This ICR also updates the capital and operation and maintenance costs to 2021 dollars using the 2021 annual Chemical Engineering Plant Cost Index.

Courtney Kerwin,

Director, Regulatory Support Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2013-0711; FRL-10548-01-OMS]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Data Requirements Rule for the 1-Hour Sulfur Dioxide Primary National Ambient Air Quality Standard (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted a renewal of an information collection request (ICR), Data Requirements Rule for the 1-Hour Sulfur Dioxide Primary National Ambient Air Quality Standard (EPA ICR Number 2495.05, OMB Control Number 2060-0696) to Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). This notice is a proposed extension of the ICR, which is currently approved

through December 31, 2022. Public comments were previously requested via the **Federal Register** on October 11, 2022, during a 60-day comment period. This notice allows for an additional 30 days for public comment.

DATES: Additional comments may be submitted on or before January 27, 2023.

ADDRESSES: Submit your comments to EPA, referencing Docket ID No. EPA-HQ-OAR-2013-0711 online using www.regulations.gov (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Sydney Lawrence, Office of Air Quality Planning and Standards, Air Quality Policy Division, C504-05, U.S. Environmental Protection Agency, Research Triangle Park, NC; telephone number: (919) 541-4768; email address: lawrence.sydney@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Avenue NW, Washington, DC. The telephone number for the Docket Center is (202) 566-1744. For additional information about the EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR includes estimates for the submission and processing of emissions and emissions-related information and ambient air dispersion modeling reporting and activities, associated with the 40 CFR part 51 Requirements for Preparation, Adoption and Submittal of Implementation Plans, as they apply to the 2010 1-Hour Sulfur Dioxide (SO₂) Primary NAAQS. These

data and information are collected by various state and local air quality management agencies and reported to the EPA. State and local air management agencies were required to submit either monitoring or modeling information in order to meet the initial and on-going requirements, as applicable, to characterize air quality concentrations in areas with specific emissions sources identified under the final SO₂ Data Requirements Rule (DRR). This proposed ICR Renewal adopts (with some revisions) the estimates contained in the original ICR, and it includes burden estimates for the development, submittal, and processing of the information described above to meet ongoing requirements under the DRR during the period January 1, 2023–December 31, 2025. For those state and local air management agencies that chose to conduct ambient monitoring rather than air quality modeling to characterize air quality around specific emissions sources during the initial phase of DRR implementation (2016), such monitoring is required by subpart BB of part 51, and information collections associated with initial ambient air quality monitoring required under part 51 were initially included in the prior versions of the DRR ICR. Currently, the DRR requires that ongoing monitoring continue to meet the operational constraints and requirements in 40 CFR part 58, and any collections associated with ongoing monitoring under the DRR are now covered by the part 58 ICR (EPA ICR No. 0940.29; OMB No. 2060–0084). Therefore, ongoing collections of ambient monitoring data have been removed from coverage by the DRR ICR to avoid duplicative burden calculations. Future renewals of the part 58 ICR will continue to cover any collections of ongoing ambient air monitoring data that were initiated under subpart BB of part 51, so long as any of those monitors continues to operate.

Form Numbers: None.

Respondents/affected entities: State, local and tribal air pollution management control agencies.

Respondent's obligation to respond: Mandatory (40 CFR part 51).

Estimated number of respondents: 36 states, providing emissions and in some cases air quality modeling for 137 sources.

Frequency of response: Annually for ongoing modeling annual report.

Total estimated burden: Specific hours for modeling not estimated, all labor is reported in the estimated cost for modeling. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$3,014,000 (per year) for modeling.

Changes in Estimates: Air agencies that elected under subpart BB of part 51 to conduct ambient monitoring for listed DRR sources are responsible for collecting ambient air quality data information and submitting these data electronically to EPA's Air Quality System (AQS) and other voluntary databases. While information collections associated with initial ambient air quality monitoring under part 51 were included in the prior version of the DRR ICR, any collections associated with ongoing monitoring are now covered by the part 58 ICR for ambient monitoring. This information collection and the associated burden are captured under the Ambient Air Quality Surveillance 40 CFR part 58 ICR (OMB #2060–0084, EPA ICR# 0940.29). Ongoing collections have been removed from the DRR ICR to avoid duplicative burden calculations.

The prior renewal of this ICR estimated a maximum possible burden of \$5,100,000 annually for modeling sources. This ICR renewal, estimating a range of \$150,700 to \$3,014,000 annually, reflects a decrease in the maximum possible burden of \$2,086,000 annually for modeling sources. This decrease is due to the reduced number of listed sources for which states chose to conduct air quality modeling to meet their DRR requirements.

Courtney Kerwin,

Director, Collection Strategies Division.

BILLING CODE 6560–50–P

FEDERAL COMMUNICATIONS COMMISSION

[MB Docket No. 20–299; FCC 22–1309; FR ID 120095]

Sponsorship Identification Requirements for Foreign Government-Provided Programming

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Media Bureau extends the comment and reply comment deadlines for the Second Notice of Proposed Rulemaking Regarding Sponsorship Identification Requirements for Foreign Government-Provided Programming.

DATES: The extended comment deadline is January 9, 2023, and the extended reply comment deadline is January 24, 2023.

ADDRESSES: You may submit comments, identified by MB Docket No. 20–299, by any of the following methods:

- *Electronic Filers:* Comments may be filed electronically using the internet by accessing the ECFS: <http://apps.fcc.gov/ecfs/>.

- *Paper Filers:* Parties who choose to file by paper must file an original and one copy of each filing.

Filings can be sent by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail. All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission.

- Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9050 Junction Drive, Annapolis Junction, MD 20701.

- U.S. Postal Service first-class, Express, and Priority mail must be addressed to 45 L Street NE, Washington, DC 20554.

- Effective March 19, 2020, and until further notice, the Commission no longer accepts any hand or messenger delivered filings. This is a temporary measure taken to help protect the health and safety of individuals, and to mitigate the transmission of COVID–19. See FCC Announces Closure of FCC Headquarters Open Window and Change in Hand-Delivery Policy, Public Notice, DA 20–304 (March 19, 2020). <https://www.fcc.gov/document/fcc-closes-headquarters-open-window-and-changes-hand-delivery-policy>.

People with Disabilities: To request materials in accessible formats for people with disabilities (braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov (mail to: fcc504@fcc.gov) or call the FCC's Consumer and Governmental Affairs Bureau at (202) 418–0530 (voice), (202) 418–0432 (TTY).

FOR FURTHER INFORMATION CONTACT:

Radhika Karmarkar, Media Bureau, Industry Analysis Division, Radhika.Karmarkar@fcc.gov, (202) 418–1523.

SUPPLEMENTARY INFORMATION: This is a summary of the Media Bureau's Public Notice, MB 20–299, released on December 13, 2022. The complete text of this document is available electronically via the search function on the FCC's Electronic Document Management System (EDOCS) web page at https://apps.fcc.gov/edocs_public/ (https://apps.fcc.gov/edocs_public/).
