

public comments on both our proposal to issue the initial IHA for pile driving for the Long Beach Cruise Terminal Improvement Project and on the potential for a renewal IHA, should certain requirements be met.

All public comments were addressed in the notice announcing the issuance of the initial IHA (84 FR 64833, November 25, 2019). Below, we describe how we have addressed, with updated information where appropriate, any comments received that specifically pertain to the renewal of the 2019 IHA.

Comment: The Marine Mammal Commission (Commission) recommended that NMFS refrain from using the proposed renewal process for Carnival's authorization. If NMFS elects to use the renewal process frequently or for authorizations that require a more complex review or for which much new information has been generated, the Commission recommended that NMFS provide the Commission and other reviewers the full 30-day comment period as set forth in section 101(a)(5)(D)(iii) of the MMPA.

Response: We appreciate the Commission's input and direct the reader to a response to a similar comment, which can be found at 84 FR 52464 (October 2, 2019).

This renewal request does not present any new information not considered by NMFS during our review. The installation and removal of 30 temporary 24-inch steel piles does not change the analysis in the initial IHA. Therefore, abbreviated additional comment period is sufficient for consideration of this renewal request.

Preliminary Determinations

The construction activities are nearly identical to those analyzed for the original IHA, as are the method of taking and the effects of the action. The addition of the 30 temporary 24-inch steel piles does not increase the size of the Level A and Level B harassment zones. In analyzing the effects of the activities for the original IHA, NMFS determined that the Carnival's activities would have a negligible impact on the affected species or stocks and that the authorized take numbers of each species or stock were small relative to the relevant stocks (e.g., less than one-third of the abundance of all stocks). Although some marine mammal abundances have changed since the original IHA, none of this new information affects NMFS' determinations supporting issuance of the original and initial IHAs. The mitigation measures and monitoring and reporting requirements as described above are identical to the initial IHA.

NMFS has preliminarily concluded that there is no new information suggesting that our analysis or findings should change from those reached for the original IHA. This includes consideration of the estimated abundance of short-beaked common dolphins and long-beaked common dolphins decreasing/increasing slightly. Based on the information and analysis contained here and in the referenced documents, NMFS has determined the following: (1) the required mitigation measures will effect the least practicable impact on marine mammal species or stocks and their habitat; (2) the authorized takes will have a negligible impact on the affected marine mammal species or stocks; (3) the authorized takes represent small numbers of marine mammals relative to the affected stock abundances; (4) Carnival's activities will not have an unmitigable adverse impact on taking for subsistence purposes as no relevant subsistence uses of marine mammals are implicated by this action, and; (5) appropriate monitoring and reporting requirements are included.

Endangered Species Act

No incidental take of ESA-listed species is authorized or expected to result from this activity. Therefore, NMFS has determined that formal consultation under section 7 of the ESA is not required for this action.

Proposed Renewal IHA and Request for Public Comment

As a result of these preliminary determinations, NMFS proposes to issue a renewal IHA to Carnival for conducting pile driving for the Long Beach Cruise Terminal improvement project, Long Beach, California, effective through December 9, 2023, provided the previously described mitigation, monitoring, and reporting requirements are incorporated. A draft of the proposed and final initial IHA can be found at <https://www.fisheries.noaa.gov/permit/incidental-take-authorizations-under-marine-mammal-protection-act>. We request comment on our analyses, the proposed renewal IHA, and any other aspect of this notice. Please include with your comments any supporting data or literature citations to help inform our final decision on the request for MMPA authorization.

Dated: December 23, 2022.

Catherine G. Marzin,

Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XC614]

South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold two public hearings via webinar pertaining to Amendment 53 to the Fishery Management Plan (FMP) for Snapper Grouper Resources in the South Atlantic Region. This amendment addresses a rebuilding plan, catch levels, sector allocations, and changes to commercial and recreational management measures for the South Atlantic stock of gag and modifications to recreational management measures for black grouper.

DATES: The public hearings will be held January 10 and 11, 2023, via webinar beginning at 6 p.m., EDT.

ADDRESSES:

Meeting addresses: The hearings will be held via webinar. Registration is required. Information, including a link to webinar registration will be posted on the Council's website at: <https://safmc.net/public-hearings-and-scoping/> as it becomes available.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: Public hearing documents, an online public comment form, and other materials will be posted to the Council's website at <https://safmc.net/public-hearings-and-scoping/> as they become available. Written comments should be addressed to John Carmichael, Executive Director, SAFMC, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405. Written comments must be received by February 13, 2023, by 5 p.m. During the hearings Council staff will provide an overview of actions being considered in the amendment. Staff will answer clarifying questions on the presented information and the proposed actions. Following the presentation and questions, the public will have the opportunity to provide comments on the amendment.

Amendment 53 to the Snapper Grouper FMP

Amendment 53 would establish a rebuilding plan for the South Atlantic gag based on the most recent stock assessment (SEDAR 71) indicating the stock is overfished and experiencing overfishing. The Amendment also includes modifications to the South Atlantic gag acceptable biological catch, annual catch limit, sector allocations, and commercial and recreational management measures. Catch limits are being adjusted in response to the latest stock assessment. Modifications to South Atlantic black grouper recreational management measures are also being considered in the amendment due to identification issues between the species.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 23, 2022.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648-XC616]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Ecosystem-Based Fishery Management Committee (EBFM) and Advisory Panel Chairs to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Friday, January 6, 2023, at 9:30 a.m. at the Radisson Airport Hotel, 2081 Post

Road, Warwick, RI 02886; phone: (401) 739-3000.

ADDRESSES: *Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:**Agenda**

The Ecosystem-Based Fishery Management (EBFM) Committee and Advisory Panel Chairs will meet to review selected pMSE management alternatives. They will discuss the pMSE modeling software and model scenarios, including technical details (pMSE operating models, closed-loop simulation structure, pMSE management alternative implementations, connection of models to pMSE performance metrics).

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 23, 2022.

Ngagne Jafnar Gueye,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. ER23-691-000]

Hecate Energy Albany 1 LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Hecate Energy Albany 1 LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is January 11, 2023.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link.
