

705(b) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of sodium nitrite from India. In addition, we are making available to the ITC all non-privileged and non-proprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance. If the ITC determines that material injury or threat of material injury does not exist, this proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue a countervailing duty order directing CBP to assess, upon further instruction by Commerce, countervailing duties on all imports of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

Notification Regarding APO

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to the APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: December 30, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The product covered by this investigation is sodium nitrite in any form, at any purity level. In addition, the sodium nitrite covered by this investigation may or may not contain an anticaking agent. Examples of names commonly used to reference sodium nitrite

are nitrous acid, sodium salt, anti-rust, diazotizing salts, erinitrit, and filmerine. Sodium nitrite's chemical composition is NaNO₂, and it is generally classified under subheading 2834.10.1000 of the Harmonized Tariff Schedule of the United States (HTSUS). The American Chemical Society Chemical Abstract Service (CAS) has assigned the name "sodium nitrite" to sodium nitrite. The CAS registry number is 7632-00-0. For purposes of the scope of this investigation, the narrative description is dispositive, not the tariff heading, CAS registry number or CAS name, which are provided for convenience and customs purposes.

Barium Chloride From India: Final Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of barium chloride from India.

DATES: Applicable January 6, 2023.

FOR FURTHER INFORMATION CONTACT: Tyler Weinholt or Harrison Tanchuck, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1121 or (202) 482-7421, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 17, 2022, Commerce published the *Preliminary Determination* in the **Federal Register**.¹ For a complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly

¹ See *Barium Chloride from India: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination with Final Antidumping Duty Determination*, 87 FR 36460 (June 17, 2022) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, "Issues and Decision Memorandum for the Final Determination of the Countervailing Duty Investigation of Barium Chloride from India," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Period of Investigation

The period of investigation is January 1, 2021, through December 31, 2021.

Scope of the Investigation

The product covered by this investigation is barium chloride from India. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

On July 6, 2022, Commerce issued the Preliminary Scope Memorandum.³ Commerce received no comments from interested parties on the Preliminary Scope Memorandum. Thus, Commerce made no changes to the scope of this investigation since the *Preliminary Determination*.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by parties, and to which we responded in the Issues and Decision Memorandum, see Appendix II.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we conducted virtual verification, via Webex, to verify the information relied upon in making this

final determination, in accordance with section 782(i) of the Act.⁵

Changes Since the Preliminary Determination

Based on our review and analysis of the information received during verification and comments received from parties, for this final determination, we made certain changes to the countervailable subsidy rate calculations for Chaitanya Chemicals and for all other producers/exporters. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

We continue to determine the all-others rate using the individual estimated countervailable subsidy rate determined for Chaitanya Chemicals, the only individually examined producer/exporter in this investigation, in accordance with section 705(c)(5)(A)(i) of the Act.

Final Determination

Commerce determines that the following estimated net countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
Chaitanya Chemicals ⁶	23.57
All Others	23.57

Disclosure

Commerce intends to disclose its calculations performed to interested parties in this final determination within five days of any public announcement, or if there is no public announcement, within five days of the publication of this notice, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

As a result of our *Preliminary Determination*, and pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, Commerce instructed U.S. Customs and Border Protection (CBP) to collect cash deposits and suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for

consumption on or after June 17, 2022, the date of publication of the *Preliminary Determination* in the **Federal Register**. In accordance with section 703(d) of the Act, we will instruct CBP to discontinue the suspension of liquidation of all entries of subject merchandise entered or withdrawn from warehouse, on or after October 15, 2022, but to continue the suspension of liquidation of all entries of subject merchandise on or after June 17, and on or before October 14, 2022.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a countervailing duty order, reinstate the suspension of liquidation under section 706(a) of the Act, and require a cash deposit of estimated countervailing duties for such entries of subject merchandise in the amounts indicated above, in accordance with section 706(a) of the Act. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, Commerce will notify the ITC of its final affirmative determination that countervailable subsidies are being provided to producers and exporters of barium chloride from India. As Commerce’s final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of barium chloride from India. In addition, we are making available to the ITC all non-privileged and non-proprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Administrative Protective Order

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to the APO of their responsibility concerning the destruction of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review, Partial Rescission of Antidumping Administrative Review, and Preliminary Determination of No Shipments; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that, with the exception of the nine companies with no shipments, 14 companies under review sold subject merchandise at less than normal value during the period of review (POR), December 1, 2020, through November 30, 2021, and one did not sell merchandise below normal value. Commerce also preliminarily determines that 19 companies subject to this review are part of the China-wide entity because they did not demonstrate their eligibility for a separate rate. Additionally, Commerce is rescinding this review with respect to 11 companies. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable January 6, 2023.

SUPPLEMENTARY INFORMATION:

Background

On February 4, 2022, in response to review requests from multiple parties, Commerce initiated an administrative review of the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (China) with respect to 54 exporters.¹ The POR is December 1, 2020, through November 30, 2021. On August 23, 2022, Commerce extended the time limit for completing the preliminary results of this review.² The extended deadline for issuing the preliminary results of this review is December 30, 2022.

On March 18, 2022, Commerce selected two exporters to individually examine as mandatory respondents, Chint Solar (Zhejiang) Co., Ltd. (Chint Solar) and Shenzhen Glory Industries Co., Ltd. (Shenzhen Glory).³ During the course of this review, the mandatory respondents filed responses to Commerce's questionnaire and supplemental questionnaires, the petitioner (the American Alliance for Solar Manufacturing) commented on those responses, and multiple other companies for which Commerce initiated the review filed either no-shipment claims or separate rate applications or certifications. For details regarding the events that occurred subsequent to the initiation of the review, see the Preliminary Decision Memorandum.⁴

Scope of the Order⁵

The merchandise covered by the order is crystalline silicon photovoltaic cells,
