

The Exchange believes that correcting the rule text within Options 9, Section 13(a) by removing the rule text stating that SPY has no position limits will protect investors and the public interest by removing confusing and incorrect rule text. Also, removing inadvertent and conflicting rule text regarding the SPY position limits, which applied to an expired pilot program, will make clear that the current SPY position limits are 3,600,000 contracts on the same side of the market.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>12</sup> and Rule 19b-4(f)(6)<sup>13</sup> thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>14</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>15</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative upon filing. The Exchange states that its proposal to remove the incorrect rule text stating that SPY has no position limits will protect investors and the public interest by making clear that the current SPY position limits are 3,600,000 contracts on the same side of the market. The Commission believes that waiver of the 30-day operative

delay is consistent with the protection of investors and the public interest because the proposal will eliminate outdated and potentially confusing rule text, thereby enhancing the clarity of the Exchange's rule, and the proposal also does not raise any new or novel issues. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.<sup>16</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 477 (17 CFR 230.477) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) sets forth procedures for withdrawing a registration statement, including any amendments or exhibits to the registration statement. The Exchange has satisfied this requirement.

Without this statement, the Commission would not be able to monitor a company's reliance on, and compliance with, Securities Act Rule 155(c). We estimate that approximately 327 issuers will file Securities Act Rule 477 submissions annually at an estimated one hour per response for a total annual burden of approximately 327 hours.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication by March 10, 2023.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-96598; File No. SR-GEMX-2022-14]

### Self-Regulatory Organizations; Nasdaq GEMX, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Reduce GEMX's Options Regulatory Fee

January 3, 2023.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

(“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on December 22, 2022, Nasdaq GEMX, LLC (“GEMX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend GEMX's Pricing Schedule at Options 7, Section 5 to reduce the GEMX Options Regulatory Fee or “ORF”.

While the changes proposed herein are effective upon filing, the Exchange has designated the amendments become operative on February 1, 2023.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/gemx/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

GEMX proposes to lower its ORF from \$0.0014 to \$0.0013 per contract side on February 1, 2023. Previously, GEMX has filed to lower or waive its ORF in 2019, 2021 and 2022.<sup>3</sup> After a review of its

<sup>3</sup> See Securities Exchange Act Release No. 85140 (February 14, 2019), 84 FR 5511 (February 21, 2019) (SR-GEMX-2019-01) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Options Regulatory Fee); 92698 (August 18, 2021), 86 FR 47355 (August 24, 2021) (SR-GEMX-2021-08) (Notice of Filing and

regulatory revenues and regulatory costs, the Exchange proposes to reduce the ORF to ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs.

Volumes in the options industry went over 900,000,000 total contracts as of August 2022 and remained over that threshold through November 2022. GEMX has taken measures in prior years to lower and waive its ORF to ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs. Despite those prior measures, GEMX will need to reduce its ORF again to account for trading volumes in 2022. At this time, GEMX believes that the options volume it experienced in the second half of 2022 is likely to persist in 2023. The anticipated options volume would continue to impact GEMX's ORF collection which, in turn, has caused GEMX to propose reducing the ORF to ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, would not exceed the Exchange's total regulatory costs.

###### Collection of ORF

GEMX will continue to assess its ORF for each customer option transaction that is either: (1) executed by a Member on GEMX; or (2) cleared by a GEMX Member at The Options Clearing Corporation (“OCC”) in the customer range,<sup>4</sup> even if the transaction was executed by a non-Member of GEMX, regardless of the exchange on which the transaction occurs.<sup>5</sup> If the OCC clearing member is a GEMX Member, ORF is assessed and collected on all cleared customer contracts (after adjustment for CMTA<sup>6</sup>); and (2) if the OCC clearing member is not a GEMX Member, ORF is collected only on the cleared customer contracts executed at GEMX, taking into

<sup>4</sup> Participants must record the appropriate account origin code on all orders at the time of entry of the order. The Exchange represents that it has surveillances in place to verify that members mark orders with the correct account origin code.

<sup>5</sup> The Exchange uses reports from OCC when assessing and collecting the ORF.

<sup>6</sup> CMTA or Clearing Member Trade Assignment is a form of “give-up” whereby the position will be assigned to a specific clearing firm at OCC.
