Civil Monetary Penalty Inflation Adjustment

AGENCY: Office of the Under Secretary of Defense (Comptroller), Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: The DoD is issuing this final rule to adjust each of its statutory civil monetary penalties (CMP) to account for inflation. The Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Debt Collection Improvement Act of 1996 and the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (the 2015 Act), requires the head of each agency to adjust for inflation its CMP levels in effect as of November 2, 2015, under a revised methodology that was effective for 2016 and for each year thereafter.

DATES: This rule is effective January 13, 2023.

FOR FURTHER INFORMATION CONTACT: Dzenana Dzanic, 703-508-9277.

SUPPLEMENTARY INFORMATION:

Background Information

The Federal Civil Penalties Inflation Adjustment Act of 1990, Public Law 101-410, codified at 28 U.S.C. 2461, note, as amended, requires agencies to annually adjust the level of CMPs for inflation to improve their effectiveness and maintain their deterrent effect. Section 2461 requires that not later than July 1, 2016, and not later than January 15 of every year thereafter, the head of each agency must adjust each CMP within its jurisdiction by the inflation adjustment set forth therein. The inflation adjustment is determined by increasing the maximum CMP or the range of minimum and maximum CMPs, as applicable, for each CMP by the cost-of-living adjustment, rounded to the nearest multiple of \$1. The cost-of-living adjustment is the percentage (if any) for each CMP by which the Consumer Price Index (CPI) for the month of October preceding the date of the adjustment exceeds the CPI for the month of October in the previous calendar year.

The initial catch up adjustments for inflation to the DoD's CMPs were published as an interim final rule in the **Federal Register** on May 26, 2016 (81

FR 33389-33391) and became effective on that date. The interim final rule was published as a final rule without change on September 12, 2016 (81 FR 62629-62631), effective that date. The revised methodology for agencies for 2017 and each year thereafter provides for the improvement of the effectiveness of CMPs to maintain their deterrent effect. The DoD is adjusting the level of all civil monetary penalties under its jurisdiction by the Office of Management and Budget (OMB) directed cost-of-living adjustment multiplier for 2023 of 1.07745 prescribed in OMB Memorandum M-23-05, "Implementation of Penalty Inflation Adjustments for 2023, Pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015." The DoD's 2023 adjustments for inflation to CMPs apply only to those CMPs, including those whose associated violation predated such adjustment, which are assessed by the DoD after the effective date of the new CMP level.

Statement of Authority and Costs and Benefits

Pursuant to 5 U.S.C. 553(b)B, there is good cause to issue this rule without prior public notice or opportunity for public comment because it would be impracticable and unnecessary. The Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Section 2461) requires agencies, effective 2017, to make annual adjustments for inflation to CMPs notwithstanding 5 U.S.C. 553. Additionally, the methodology used, effective 2017, for adjusting CMPs for inflation is established in statute, with no discretion provided to agencies regarding the substance of the adjustments for inflation to CMPs. The DoD is charged only with performing ministerial computations to determine the dollar amount of adjustments for inflation to CMPs. Accordingly, prior public notice and an opportunity to comment are not required for this rule. For the same reasons, there is good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effective date.

Further, there are no significant costs associated with the regulatory revisions that would impose any mandates on the DoD, Federal, State or local governments, or the private sector. Accordingly, prior public notice and an opportunity for public comment are not required for this rule. The benefit of this rule is the DoD anticipates that civil monetary penalty collections may increase in the future due to new penalty authorities and other changes in this rule. However, it is difficult to
