[Docket No. CP22–92–000]

Venture Global Plaquemines LNG, LLC; Notice of Availability of the Environmental Assessment for the Proposed Venture Global Plaquemines LNG Uprate Amendment Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Venture Global Plaquemines LNG Uprate Amendment Project, proposed by Venture Global Plaquemines LNG, LLC (Plaquemines LNG) in the above-referenced docket. Plaquemines LNG requests authorization to increase the authorized peak liquefaction capacity of the existing Plaquemines LNG Export Terminal (Terminal) in Plaquemines Parish, Louisiana.

The EA assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action
