SUPPLEMENTARY INFORMATION:

I. Overview: Mack Trucks determined that certain MY 2015–2023 Mack GU/GR Class 8 trucks and truck-tractors do not fully comply with paragraph S6.4.3(a) and Table V-b of FMVSS No. 108, *Lamps, Reflective Devices, and Associated Equipment* (49 CFR 571.108).

Mack Trucks filed an original noncompliance report dated November 1, 2022, and amended the report on November 3, 2022, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*. Mack Trucks petitioned NHTSA on November 23, 2022, for an exemption from the notification and remedy requirements of 49 U.S.C. chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, *Exemption for Inconsequential Defect or Noncompliance*.

This notice of receipt of Mack Trucks' petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or another exercise of judgment concerning the merits of the petition.

II. Vehicles Involved: Approximately 27,544 MY 2015–2023 Mack GU/GR Class 8 trucks and truck-tractors, manufactured between September 1, 2014, and September 30, 2022, are potentially involved:

III. Noncompliance: Mack Trucks explains that the subject vehicles are equipped with turn signal lamps that do not meet the visibility requirement specified by S6.4.3(a) and Table V-b of FMVSS No. 108. Specifically, in the direction of the corner point 15 degrees downward and 45 degrees inboard angle, the turn signal lamps provide less than the required 1,250 sq mm of unobstructed effective projected luminous lens area.

IV. Rule Requirements: Paragraph S6.4.3 of FMVSS No. 108 includes the requirements relevant to this petition. A manufacturer is required to certify compliance of each lamp function to one of two visibility requirement options: the lens area option or the luminous intensity option. The manufacturer may not thereafter choose a different option for that vehicle.

V. Summary of Mack Trucks' Petition: The following views and arguments presented in this section, “V. Summary

of Mack Trucks' Petition,” are the views and arguments provided by Mack Trucks. They have not been evaluated by the Agency and do not reflect the views of the Agency. Mack Trucks describes the subject noncompliance and contends that the noncompliance is inconsequential as it relates to motor vehicle safety.

Mack Trucks explains that after FMVSS No. 108 was updated in 2014, certain vehicle configurations were not updated accordingly which resulted in the subject vehicles being noncompliant with the taillamp signal visibility requirements provided in S6.4.3. Mack Trucks states that due to an unrelated engineering change, the subject noncompliance was identified. Mack Trucks found the GU and GR Axle Back models of the subject vehicles only provided at least 1,250 sq mm of unobstructed view until the 15 degrees downward and 37 degrees inboard angle instead of the required 15 degrees downward and 45 degrees inboard angle. For the GU and GR Axle Forward and Axle Forward Extended Frame Rails models of the subject vehicles, Mack Trucks found that the required visibility area was only provided until the 7 degrees downward and 45 degrees inboard angle instead of the 15 degrees downward and 45 degrees inboard angle that is required by S6.4.3(a) and Table V-b of FMVSS No. 108.

Mack Trucks provides illustrations of the subject vehicles in its petition to show how the noncompliance occurs on the affected vehicle configurations.

Mack Trucks concludes by stating its belief that the subject noncompliance is inconsequential to motor vehicle safety and its petition for relief from providing notice and remedy for the noncompliance be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject vehicles that Mack Trucks no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their

control after Mack Trucks notified them that the subject noncompliance existed.

SUPPLEMENTARY INFORMATION:**I. Statutory and Regulatory Provisions**

FinCEN issued the Beneficial Ownership Information Reporting Requirements final rule on September 30, 2022 (“final BOI reporting rule”).¹ The final BOI reporting rule requires certain legal entities to file with FinCEN reports that identify the beneficial owners of the entity. Entities created or registered to do business on or after January 1, 2024, must also identify the individual who directly filed the document with specified governmental authorities that created the entity or registered it to do business, as well as the individual who was primarily responsible for directing or controlling such filing if more than one individual was involved in the filing of the document. Further, the regulations describe who must file a report, what information must be provided, and when a report is due. Entities must certify that the report is true, correct, and complete.

These regulations implement Section 6403 of the Corporate Transparency Act (CTA), enacted into law as part of the National Defense Authorization Act for Fiscal Year 2021 (NDAA).² The requirements are intended to help prevent and combat money laundering, terrorist financing, corruption, tax fraud, and other illicit activity, while minimizing the burden on reporting entities.

II. Paperwork Reduction Act of 1995³

Title: Beneficial Ownership Information (BOI) Reports.

OMB Control Number: 1506–0076.

Type of Review: Regular.

Description: In accordance with the CTA, the rule imposes a new reporting requirement on certain entities (“reporting companies”) to file with FinCEN reports that identify the entities’ beneficial owners, as well as, in certain cases, the individual who directly filed the document with specified governmental authorities that created the entity or registered it to do business, as well as the individual who was primarily responsible for directing or controlling such filing, if more than

one individual was involved in the filing of the document (“company applicants”).⁴ The reports are to be filed electronically through an online interface. The report must also contain information about the entity itself. The reporting company must certify that the report is true, correct, and complete. The rule also requires that reporting companies update the information in these reports as needed, and correct any previous incorrectly reported information, within specific timeframes. The collected information will be maintained by FinCEN and made accessible to authorized users.

Report: None.

Affected Public: Domestic entities that are: (1) corporations; (2) limited liability companies; or (3) created by the filing of a document with a secretary of state or any similar office under the law of a state or Indian tribe, and foreign entities that are: (1) corporations, limited liability companies, or other entities; (2) formed under the law of a foreign country; and (3) registered to do business in any state or Tribal jurisdiction by the filing of a document with a secretary of state or any similar office under the laws of a state or Indian tribe. The rule does not require corporations, limited liability companies, or other entities that are described in any of 23 specific exemptions⁵ to file BOI reports, except that certain foreign legal entities that qualify as pooled investment vehicles must report the BOI of an individual who exercises substantial control over the pooled investment vehicle.⁶

Estimated Number of Respondents: As explained in detail in the final BOI reporting rule regulatory impact analysis (RIA), the number of entities that are reporting companies is difficult to estimate.⁷ FinCEN assumes that all entities created or registered prior to the effective date of January 1, 2024, that are subject to the BOI reporting requirement will submit their initial BOI reports in Year 1 (2024), as required by the rule. Therefore, FinCEN estimates that 32,556,929 entities will submit initial BOI reports in Year 1 (2024).⁸ In Year

2 (2025) and beyond, FinCEN estimates that the number of initial BOI reports filed will be 4,998,468 per year, which is the same estimate as the number of new entities per year that meet the definition of reporting company and are not exempt.⁹ The total five-year average of expected BOI initial reports is 10,510,160. In order to estimate the total burden hours and costs associated with the reporting requirement, FinCEN further assesses a distribution of the reporting companies’ beneficial ownership structure. FinCEN assumes that 59 percent of reporting companies will have a simple structure (*i.e.*, 1 beneficial owner who is also the company applicant), 36.1 percent will have an intermediate structure (*i.e.*, 4 beneficial owners and 1 company applicant), and 4.9 percent will have a complex structure (*i.e.*, 8 beneficial owners and 2 company applicants). FinCEN estimates that 6,578,732 updated BOI reports will be filed in Year 1 (2024), and 14,456,452 such reports will be filed annually in Year 2 (2025) and beyond.¹⁰ The total five-year average of expected BOI update reports is 12,880,908.

Frequency of Response: As required.¹¹

Estimated Time per Respondent: FinCEN has updated the estimated time burden per respondent to account for comments received to the notice of proposed rulemaking (NPRM) that preceded the final BOI reporting rule.¹² Considering the comments and the final BOI reporting rule, it is apparent that the time burden for filing initial BOI reports will vary depending on the complexity of the reporting company’s structure. FinCEN therefore estimates a range of time burdens associated with filing an initial BOI report to account for the likely variance among reporting

⁹ Refer to the final BOI reporting rule RIA cost analysis for the underlying sources and analysis related to this estimate. As noted therein, for analysis purposes FinCEN assumes that the number of new entities per year from years 2 through 10 (2025 to 2033) will be the same as the 2024 new entity estimate, which accounts for a growth factor of 13.1 percent per year from the date of the underlying source (2020) through 2024. Annually thereafter, FinCEN assumes no change in the number of new entities. FinCEN provides an alternative cost analysis in the conclusion section where the 13.1 percent growth factor continues throughout the entire 10-year time horizon of the analysis (*i.e.*, through 2033). However, this growth factor is possibly an overestimate given that it is based on a relatively narrow timeframe of data (two years). See 87 FR 59562–59579 (Sept. 30, 2022).

¹⁰ Refer to the final BOI reporting rule RIA cost analysis for the underlying sources and analysis related to these estimates. See 87 FR 59562–59579 (Sept. 30, 2022).

¹¹ For BOI reports, there is an initial filing and subsequent filings; the latter are required as information changes or if previously reported information was incorrect.

Division F of the NDAA is the Anti-Money Laundering Act of 2020, which includes the CTA. companies. FinCEN estimates the average burden of reporting BOI as 90 minutes per response for reporting companies with simple beneficial ownership structures (40 minutes to read the form and understand the requirement, 30 minutes to identify and collect information about beneficial owners and company applicants, and 20 minutes to fill out and file the report, including attaching an image of an acceptable identification document for each beneficial owner and company applicant). FinCEN estimates the average burden of reporting BOI as 650 minutes per response for reporting companies with complex beneficial ownership structures (300 minutes to read the form and understand the requirement, 240 minutes to identify and collect information about beneficial owners and company applicants, and 110 minutes to fill out and file the report, including attaching an image of an acceptable identification document for each beneficial owner and company applicant). FinCEN estimates the average burden of updating such reports for reporting companies with simple beneficial ownership structures as 40 minutes per update (20 minutes to identify and collect information about beneficial owners or company applicants and 20 minutes to fill out and file the update). FinCEN estimates the average burden of updating such reports for reporting companies with complex beneficial ownership structures as 170 minutes per update (60 minutes to identify and collect information about beneficial owners or company applicants and 110 minutes to fill out and file the update). FinCEN also assesses that reporting companies with intermediate beneficial ownership structures will have a time burden that is the average of the time burden for reporting companies with simple structures and those with complex structures.

Estimated Total Reporting Burden Hours: FinCEN estimates that during Year 1 (2024), the filing of initial BOI reports will result in approximately 118,572,335 burden hours for reporting companies.¹³ In Year 2 (2025) and beyond, FinCEN estimates that the filing of initial BOI reports will result in 18,204,421 burden hours annually for new reporting companies.¹⁴ The five-year average of burden hours for initial BOI reports is 38,278,004 hours. FinCEN estimates that filing BOI updated reports

¹³ $((0.59 \times 32,556,929) \times (90/60)) + ((0.361 \times 32,556,929) \times (370/60)) + ((0.049 \times 32,556,929) \times (650/60)) = 118,572,335$.

¹⁴ $((0.59 \times 4,998,468) \times (90/60)) + ((0.361 \times 4,998,468) \times (370/60)) + ((0.049 \times 4,998,468) \times (650/60)) = 18,204,421$.

in Year 1 (2024) will result in approximately 7,657,096 burden hours for reporting companies.¹⁵ In Year 2 (2025) and beyond, the estimated number of burden hours for updated reports will be 16,826,105.¹⁶ The five-year average of burden hours for updated BOI reports is 14,992,203 hours. The total five-year average of burden hours for BOI reports is 53,270,307.

Estimated Total Reporting Cost: Considering the comments received in response to the NPRM, the final BOI reporting rule makes clear that the costs for filing initial BOI reports will vary depending on the complexity of a reporting company's structure. FinCEN therefore estimates a range of costs associated with filing an initial BOI report to account for the likely variance among reporting companies. FinCEN estimates the average cost of filing an initial BOI report per reporting company to be a range of \$85.14 for entities with simple beneficial ownership structures to \$2,614.87 for entities with complex beneficial ownership structures.¹⁷ FinCEN estimates the average cost of filing an updated BOI report per reporting company to be \$37.84 to \$560.81.¹⁸

For initial BOI reports, the range of total costs in Year 1 (2024), assuming for the lower bound that all reporting companies are simple structures and assuming for the upper bound that all reporting companies are complex structures, is \$2.8 billion to \$85.1 billion.¹⁹ Applying the distribution of reporting companies' structures explained in connection with Table 1, FinCEN calculates total costs in Year 1 (2024) of initial BOI reports to be \$21.7 billion.²⁰ In Year 2 (2025) and onward, in which FinCEN assumes that initial BOI reports will be filed by newly created entities, the range of total costs is \$425.6 million to \$13.1 billion annually.²¹ Applying the reporting companies' structure distribution, the estimated total cost of initial BOI reports

¹⁵ $((0.59 \times 6,578,732) \times (40/60)) + ((0.361 \times 6,578,732) \times (105/60)) + ((0.049 \times 6,578,732) \times (170/60)) = 7,657,096$.

¹⁶ $((0.59 \times 14,456,452) \times (40/60)) + ((0.361 \times 14,456,452) \times (105/60)) + ((0.049 \times 14,456,452) \times (170/60)) = 16,826,105$.

¹⁷ $(90/60) \times \$56.76 = \85.14 and $((650/60) \times \$56.76) + \$2,000 = \$2,614.87$.

¹⁸ $(40/60) \times \$56.76 = \37.84 and $((170/60) \times \$56.76) + \$400 = \$560.81$.

¹⁹ $(32,556,929 \times \$85.14) = \$2,771,769,963.58$ and $(32,556,929 \times \$2,614.87) = \$85,132,196,638.53$.

²⁰ $((0.59 \times 32,556,929) \times \$85.14) + ((0.361 \times 32,556,929) \times \$1,350.00) + ((0.049 \times 32,556,929) \times \$2,614.87) = \$21,673,487,885.48$.

²¹ $(4,998,468 \times \$85.14) = \$425,550,075.79$ and $(4,998,468 \times \$2,614.87) = \$13,070,353,315.07$.

annually in Year 2 (2025) and onward is \$3.3 billion.^{22,23}

For updated BOI reports, the range of total costs in Year 1 (2024), assuming for the lower bound that all reporting companies are simple structures and assuming for the upper bound that all reporting companies are complex structures, is \$249 million to \$3.7 billion.²⁴ Applying the distribution of reporting companies' structures, FinCEN calculates total costs in Year 1 (2024) of updated BOI reports to be \$1 billion.²⁵ In Year 2 (2025) and onward, the range of total costs is \$547 million to \$8.1 billion annually.²⁶ Applying the reporting companies' structure distribution, the estimated total cost of updated BOI reports annually in Year 2 (2025) and onward is \$2.3 billion.²⁷ The total five-year average of costs is \$6,996,732,512 for initial reports and \$2,033,391,518 for updated reports.

Please note, there are no non-labor costs associated with these collections of information, because FinCEN assumes that reporting companies already have the necessary equipment and tools to comply with the regulatory requirements.

²³ FinCEN assumes that each reporting company will make one initial BOI report. Given the implementation period of one year to comply with the rule for entities that were formed or registered prior to the effective date of the final BOI reporting rule, FinCEN assumes that all the entities that meet the definition of reporting company will submit their initial BOI reports in Year 1 (2024), totaling 32.6 million reports. Additionally, FinCEN has applied a 6.83 percent growth factor each year since the date of the underlying source (2020) to account for the creation of new entities. For analysis purposes, FinCEN assumes that the number of new entities per year from years 2 through 10 (2025 to 2033) will be the same as the 2024 new entity estimate, which accounts for a growth factor of 13.1 percent per year from the date of the underlying source (2020) through 2024. Annually thereafter, FinCEN assumes no change in the number of new entities. FinCEN provides an alternative cost analysis in the conclusion section where the 13.1 percent growth factor continues throughout the entire 10-year time horizon of the analysis (*i.e.*, through 2033). However, this growth factor is possibly an overestimate given that it is based on a relatively narrow timeframe of data (two years).
