OMB Number: 0575–New.
Expiration Date of Approval: Three years from approval date.

Type of Request: New information collection.

Abstract: The information collection under OMB Number 0575–New will enable the Agencies to effectively monitor a recipient’s compliance with their loan and/or grant agreement and conditions upon being approved for the federal program they have applied for and accepted terms for.

The Agencies will use the forms contained in this information collection for several programs. One example is to provide funds to Agriculture Innovation Centers (Centers) which provide agricultural producers with technical and business development assistance. The Agencies also administers funding programs to intermediaries for the purpose of promoting rural economic development and job creation projects through the Rural Microentrepreneur Assistance Program (RMAP). This program provides rural microentrepreneurs with the skills necessary to establish new rural microenterprises; to provide continuing technical and financial assistance related to the successful operation of rural microenterprises; and to assist with the cost of providing other activities and services related to the successful operation of rural microenterprise development organizations (MDOs) and rural microenterprises.

The Agencies collect information from applicants to confirm eligibility for the program and to evaluate the quality of the applications. Recipients of awards are required to submit reporting and payment request information to facilitate monitoring of the award and disbursement of funds.

The Agencies need to receive the information contained in this collection of information to select the projects it believes will provide the most long-term economic benefit to rural areas. Through this collection of information, the Agencies can also make sure the funds are used for the intended purposes and, in the case of the loan, that the funds will be repaid. Agencies must determine whether loans made from revolving loan funds established with grants are used for eligible purposes.
