[Project No. 8866–013]

Black Canyon Bliss, LLC; Notice of Waiver Period for Water Quality Certification Application

On January 11, 2023, Black Canyon Bliss, LLC submitted to the Federal Energy Regulatory Commission (Commission) evidence of the date on which the certifying agency received the certification request for a Clean Water Act section 401(a)(1) water quality certification filed with the Idaho Department of Environmental Quality, in conjunction with the above captioned project. Pursuant to 40 CFR 121.6 and section 4.34(b)(5) of the Commission's regulations,¹ we hereby notify the Idaho Department of Environmental Quality of the following:

Date of Receipt of the Certification Request: May 24, 2022.

Reasonable Period of Time to Act on the Certification Request: One year (May 24, 2023).

If the Idaho Department of Environmental Quality fails or refuses to act on the water quality certification request on or before the above date, then the agency certifying authority is deemed waived pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1).

Dated: January 13, 2023.

Kimberly D. Bose,

Secretary.

BP America Inc., BP Corporation North America Inc., BP America Production Company, BP Energy Company; Updated Notice of Designation of Commission Staff as Non-Decisional

With respect to orders issued by the Commission in the above-captioned docket, with the exceptions noted below, the staff of the Office of Enforcement are designated as non-decisional in deliberations by the Commission in this docket. Accordingly, pursuant to 18 CFR 385.2202 (2022), they will not serve as

advisors to the Commission or take part in the Commission's review of any offer of settlement. Likewise, as non-decisional staff, pursuant to 18 CFR 385.2201 (2022), they are prohibited from communicating with advisory staff concerning any deliberations in this docket.

Exceptions to this designation as non-decisional are:

Grace Kwon
Laura Vallance
Jennifer Gordon
Joseph Cleaver

Dated: January 13, 2023.

[Docket No. PL03–3–010]

Natural Gas Intelligence; Notice of Filing

Take notice that on January 3, 2023, Natural Gas Intelligence filed a formal application to the Federal Energy Regulatory Commission's (Commission) for re-approval as a price index developer fully or substantially in compliance with the Commission's April 2022 *Actions Regarding the Commission's Policy on Price Index Formation and Transparency, and Indices Referenced in Natural Gas and Electric Tariffs (Revised Policy Statement)*.¹

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this

document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208–3676 or TTY, (202) 502–8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Comment Date: 5:00 p.m. Eastern Time on January 25, 2023.

Dated: January 13, 2023.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. CP21–113–000]

Alliance Pipeline, L.P.; Notice of Availability of the Final Environmental Impact Statement for the Proposed Three Rivers Interconnection Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a final environmental impact statement (EIS) for the Three Rivers Interconnection Project (Project), proposed by Alliance Pipeline, L.P. (Alliance) in the above-referenced docket. Alliance proposes to construct and operate about 2.9 miles of 20-inch-diameter natural gas transmission pipeline and associated facilities in Grundy County, Illinois. This pipeline would connect Alliance's existing interstate natural gas transmission system to Competitive Power Venture's Three Rivers Energy

¹ 18 CFR 4.34(b)(5).

¹ 179 FERC ¶ 61,036 (2022).

Center, currently under construction; and as proposed, would transport up to 210 million standard cubic feet per day of natural gas to this facility. According to Alliance, the Project is necessary to provide Competitive Power Venture's Three Rivers Energy Center with access to an additional natural gas supply source.

The final EIS assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with the mitigation measures recommended in the EIS, would result in some adverse environmental impacts, but none that are considered significant. Regarding climate change impacts, this EIS is not characterizing the Project's greenhouse gas emissions as significant or insignificant because the Commission is conducting a generic proceeding to determine whether and how the Commission will conduct significance determinations going forward.¹ The EIS also concludes that no system, route, or other alternative would meet the Project objective while providing a significant environmental advantage over the Project as proposed.

The U.S. Environmental Protection Agency (EPA) and the U.S. Nuclear Regulatory Commission (NRC) participated as cooperating agencies in the preparation of the EIS. Specifically, the EPA provided FERC environmental staff with recommendations to inform the EIS and the NRC advised FERC environmental staff concerning nuclear safety reviews and the associated regulatory process with respect to Alliance's proposal and the nearby Dresden Nuclear Generating Station and General Electric Hitachi Nuclear Energy Morris Independent Spent Fuel Storage Installation. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The Commission mailed a copy of the *Notice of Availability of the Final Environmental Impact Statement for the Proposed Three Rivers Interconnection Project* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Indian tribes; potentially affected landowners and other interested individuals and groups; and

newspapers and libraries in the Project area. The final EIS is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the final EIS may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>) select "General Search" and enter the docket number in the "Docket Number" field (*i.e.*, CP21-113-000). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

Dated: January 13, 2023.

Kimberly D. Bose,
Secretary.

EcoEléctrica, L.P.; Supplemental Notice of Technical Conference

As announced in the Notice of Technical Conference issued in this proceeding on December 14, 2022, the Federal Energy Regulatory Commission (Commission) will convene a Commission staff-led technical conference to discuss issues raised related to the structural analysis of EcoEléctrica, L.P.'s (EcoEléctrica)

liquefied natural gas (LNG) storage tank at its LNG terminal in Peñuelas, Puerto Rico. The technical conference will be held on January 18-19, 2023, from approximately 9:00 a.m. to 4:00 p.m. Eastern time. The conference will be held virtually and in person (Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC). The agenda for this event is attached. The technical conference will not be open for the public to attend. Only those specified in the December 14, 2022 Notice may attend.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov, call toll-free (866) 208-3372 (voice) or (202) 208-8659 (TTY), or send a fax to (202) 208-2106 with the required accommodations.

For more information about this technical conference including how to participate, virtual and in person meeting details, etc., please contact Karla Bathrick at karla.bathrick@ferc.gov or at (202) 502-6328.

Dated: January 13, 2023.
