Chapter 50, section 52.2, on storage and use of explosives and magazine security. Clause B–29 requires authorization holders to comply with applicable United States Department of Justice, Bureau of Alcohol, Tobacco, Firearms and Explosives, state, or Department of the Army requirements and applicable Forest Service requirements.

Need and Use of the Information: To allow the Forest Service to monitor holder compliance with clause B–29, the revised directives require holders of an authorization containing the clause to submit certain documentation annually as part of their operating plan. The required documentation includes copies of a log containing the date and type of magazine inspections (including inspections required every seven days) and the date all deficiencies identified in any magazine inspection report were corrected; copies of any magazine inspection reports; a copy of the holder’s current ATF-issued federal explosives license or federal explosives permit, if applicable; and a copy of a log containing the date of the most recent magazine lock and key replacement.

Description of Respondents: Holders of a special use authorization authorizing the storage and use of explosives.

Number of Respondents: 60.
Frequency of Responses: Annually.
Total Burden Hours: 10.

Forest Service

Title: Community Wildfire Defense Grant (CWDG) Program

OMB Control Number: 0596–0253.

Summary of Collection: The Community Wildfire Defense Grant Program forms will be used by applicants to apply for the Community Wildfire Defense Grant (CWDG) Program. The purpose of the CWDG Program is to assist at-risk local communities and Indian Tribes with planning and mitigating against the risk created by wildfire. This program is authorized in the Infrastructure Investment and Jobs Act (Pub. L. 117–58), commonly referred to as the Bipartisan Infrastructure Law (BIL). Specifically, the CWDG Program is provided for in Title VIII, Section 40803. There are two primary project types for which the grant provides funding: the development and revision of Community Wildfire Protection Plans (CWPP) and the implementation of projects described in a CWPP that is less than ten years old. The Act prioritizes at-risk communities that are in an area identified as having high or very high wildfire hazard potential, are low-income, and/or have been impacted by a severe disaster.

Need and Use of the Information: Information collected includes name of organization, type of land work where will be performed, how project addresses State Forest Action Plan and the Cohesive Wildland Fire Management Strategy, if the community is considered underserved, amount of Federal funds requested and any non-Federal matching funds, name of lead agency/organization (if any), grant period, project narrative, project budget, project outcomes, how project will be maintained, and other miscellaneous information. This information is collected from any entity who voluntarily applies for Forest Service funding and wishes to participate in the program. This information is used by the Forest Service to determine which projects will be funded by the Community Wildfire Defense Grant Program.

Description of Respondents: Not-for-profit institutions; State, Local, Tribal governments.

Number of Respondents: 1,440.
Frequency of Responses: Annually.
Total Burden Hours: 9,870.

Title: 7 CFR 1910—Common Forms Package for Federal Debt and Employment Verification Forms.
OMB Number: 0575–New.
Expiration Date of Approval: Three years from approval date.
Type of Request: New information collection.

Abstract: The information collection under OMB Number 0575–New will enable the Agencies to effectively monitor a compliance with the federal debt reporting and to determine employment verification and eligibility for Federal financial assistance.

The Agencies offer supervised credit programs to build modest housing and essential community facilities in rural areas. Section 517(d) of Title V of the Housing Act of 1949, as amended, provides the authority for the Secretary of Agriculture to issue loan guarantees for the acquisition of new or existing dwellings and related facilities to provide decent, safe, and sanitary living conditions and other structures in rural areas.

Because the Agency extends credit through loan guarantees, it is necessary to collect information from both a potential homebuyer, lender or other entity. All information collected is vital for the Agency to determine if borrowers qualify for all assistance for which they are eligible.

The Agency loan guarantee is used to offset the lender’s risk of originating loan-to-value ratio loans in rural areas and is not intended to offset risks that stem from inadequate employment, credit history, or substandard property condition. Lenders must provide the Agency with clear and accurate information so Agency staff can promptly determine if the loan qualifies for a loan guarantee.

Information requested can include financial documents such as confirmation of household income, assets and liabilities, a credit record, evidence the borrower has adequate repayment ability for the loan amount requested and if the condition and location of the property meet program guidelines. All information is necessary to confirm the borrower qualifies for all assistance for which they are eligible.

In accordance with OMB Circular A–129, Agencies must make sure that lenders and servicers participating in Federal Credit programs meet all applicable financial and programmatic requirements. To ensure these standards are met, the Agency must collect documentation that demonstrates the lender’s ability to originate, underwrite, service and report loans in accordance with Agency program guidelines is collected. Information collected must support that a participating lender has a high standard of demonstrated ability to originate and service sound loans and operates in a prudent and businesslike manner.

Estimate of Burden: RD is requesting approval for one respondent and a one-hour place holder in order for OMB to issue a control number for these forms. The burden for each of the forms will be accounted for within the individual Rural Development program collection packages using the form(s).

Respondents: Not-for-profit institutions; Business or other for profit.

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Annual Business Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the Federal Register on July 6, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: Annual Business Survey.
OMB Control Number: 0607–1004.

Form Number(s): ABS.
Type of Request: Regular submission, Request for a Revision of a Currently Approved Collection.

Number of Respondents: 858,000.
Average Hours per Response: Employer businesses—58 minutes; Nonprofit organizations who are R&D performers—3.5 hours; Nonprofit organizations who are not R&D performers—20 minutes.

Burden Hours: 827,500.

Needs and Uses: In an effort to improve the measurement of business dynamics in the United States, the Census Bureau plans to conduct the 2023 Annual Business Survey (ABS), covering reference year 2022. The ABS combines Census Bureau firm-level collections to reduce respondent burden, increase data quality, reduce operational costs, and operate more efficiently. The ABS provides information on selected economic and demographic characteristics for businesses and business owners by sex, ethnicity, race, and veteran status. Further, the survey measures research and development for microbusinesses, new business topics such as innovation and technology, as well as other business characteristics. The 2023 ABS is co-sponsored by the National Center for Science and Engineering Statistics (NCSES) within the National Science Foundation (NSF) and conducted by the Census Bureau.

The ABS includes all nonfarm employer businesses filing Internal Revenue Service (IRS) tax forms as individual proprietorships, partnerships, or any other type of corporation, with receipts of $1,000 or more. For the 2023 ABS, approximately 850,000 employer businesses will be sampled (reference year 2022). The large sample sized is necessary to produce detailed statistics by owner demographics. Results from the large
