

NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpcanrtl/index.html>.

TUVRNA submitted an application, dated February 8, 2018 (OSHA–2007–0042–0061), to expand recognition as a NRTL to include two additional test sites located at: 295 Foster Street, Suite 100, Littleton, Massachusetts 01460 (TUVRNA Littleton) and 710 Resende Road, Bldg. 199, Webster, New York 14580 (TUVRNA Webster). OSHA staff performed an on-site review of TUVRNA's testing facilities at TUVRNA Littleton on July 12, 2022, and at TUVRNA Webster on July 14, 2022, in which assessors found some nonconformities with the requirements of 29 CFR 1910.7. TUVRNA addressed these issues sufficiently, and OSHA staff preliminarily determined that OSHA should grant the application.

OSHA published the preliminary notice announcing TUVRNA's expansion application in the **Federal Register** on December 9, 2022 (87 FR 75667). The agency requested comments by December 27, 2022, but it received no comments in response to this notice. OSHA now is proceeding with this notice to grant expansion of TUVRNA's scope of recognition.

To obtain or review copies of all public documents pertaining to the TUVAM expansion application, go to www.regulations.gov or contact the Docket Office at (202) 693–2350 (TTY (877) 889–5627). Docket No. OSHA–2007–0042 contains all materials in the record concerning TUVRNA's recognition.

II. Final Decision and Order

OSHA staff examined TUVRNA's expansion application, conducted a detailed on-site assessment, and examined other pertinent information. Based on review of this evidence, OSHA finds that TUVRNA meets the requirements of 29 CFR 1910.7 for expansion of recognition, subject to the specified limited and conditions. OSHA, therefore, is proceeding with this final notice to grant TUVRNA's scope of recognition. OSHA limits the expansion of TUVRNA's recognition to include the sites at Littleton, Massachusetts and Webster, New York as listed above. OSHA's recognition of these two sites limits TUVRNA to performing product testing and certifications only to the test standards for which the site has the proper capability and programs, and for test standards in TUVRNA's scope of recognition. This limitation is consistent with the recognition that OSHA grants

to other NRTLs that operate multiple sites.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, TUVRNA also must abide by the following conditions of the recognition:

1. TUVRNA must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);
2. TUVRNA must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and
3. TUVRNA must continue to meet the requirements for recognition, including all previously published conditions on TUVRNA's scope of recognition, in all areas for which it has recognition.

III. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8–2020 (85 FR 58393; Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on January 17, 2023.

James S. Frederick,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.
