

perform its non-discretionary duty under CAA section 112(d)(6) to “review, and revise as necessary” the National Emission Standards for Hazardous Air Pollutants from Oil and Natural Gas Production Facilities and Natural Gas Transmission and Storage Facilities, 40 CFR part 60, subparts HH and HHH respectively (“Oil and Gas NESHAP”), at least every eight years. On July 6, 2022, Plaintiffs amended the complaint to also claim that EPA has unreasonably delayed in taking final action on Plaintiffs’ 2012 petition for administrative reconsideration of the final rule *Oil and Natural Gas Sector: New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants Reviews*, 77 FR 49490 (Aug. 16, 2012) (“2012 Rule”).

The 2012 Rule contains actions on both the new source performance standards (“NSPS”) for the oil and natural gas sector under CAA section 111 and the Oil and Gas NESHAP under CAA section 112. Multiple parties, including Plaintiffs, sought judicial review of the 2012 Rule in the U.S. Court of Appeals for the District of Columbia (“D.C. Circuit”). In addition, Plaintiffs submitted to EPA a petition for administrative reconsideration of the 2012 Rule (“Reconsideration Petition”). In that petition, Plaintiffs objected to multiple aspects of the NESHAP portion of the 2012 Rule, including provision of an affirmative defense to civil penalties for violating emissions standards caused by malfunctions (“affirmative defense”).

The D.C. Circuit consolidated all petitions for judicial review of the 2012 Rule and granted EPA’s motion to (1) sever NESHAP-related challenges from NSPS-related challenges and (2) hold the former in abeyance pending EPA’s reconsideration of the NESHAP portion of the rule. *American Petroleum Institute v. EPA*, No. 12–1405 (D.C. Cir.). In a letter dated December 14, 2016, EPA informed Plaintiffs’ counsel that EPA’s reconsideration of the NESHAP portion of the 2012 Rule was still ongoing and that it was reviewing, among several other issues, the affirmative defense provisions raised in the Reconsideration Petition.

The proposed consent decree, if finalized, would establish deadlines for EPA to take proposed and final actions under CAA section 112(d)(6) for the Oil and Gas NESHAP and for addressing the Reconsideration Petition. Specifically, EPA would be required to sign the proposed action addressing the affirmative defense issue in the Reconsideration Petition by February 12, 2024, and final action by December 10, 2024. EPA would also be required to sign the proposed action on its review

of the Oil and Gas NESHAP under CAA section 112(d)(6) and on other Reconsideration Petition issues that EPA is reconsidering by December 10, 2024, and the final action by December 10, 2025.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information About Commenting on the Proposed Consent Decree
