

replaced the Interstate Common Line Support (ICLS) mechanism with the Connect America Fund—Broadband Loop Support (CAF–BLS) mechanism. While ICLS supported only lines used to provide traditional voice service (including voice service bundled with broadband service), CAF–BLS also supports consumer broadband-only loops. For the purposes of calculating and monitoring CAF–BLS, rate-of-return carriers that receive CAF–BLS must file common line and consumer broadband-only loop counts on FCC Form 507, forecasted common line and consumer broadband-only loop costs and revenues on FCC Form 508, and actual common line and consumer broadband-only loop costs and revenues on FCC Form 509. See 47 CFR 54.903(a).

In December 2018, the Commission adopted the December 2018 Rate-of-Return Reform Order to require rate-of-return carriers that receive Alternative Connect American Model (A–CAM) or Alaska Plan support to file line count data on FCC Form 507 as a condition of high-cost support. Historically, all rate-of-return carriers received CAF BLS or, prior to that, ICLS, and were required to file line count data on FCC Form 507 as a condition of that support. In recent years, some rate-of-return carriers have elected to receive A–CAM I, A–CAM II, or Alaska Plan instead, and those carriers were not required to file line count data because the requirement to file applied only to rate-of-return carriers receiving CAF BLS. In order to restore a data set that the Commission relied on to evaluate the effectiveness of its high-cost universal service programs, the Commission revised its rules in that Order to require all rate-of-return carriers to file that data. While carriers receiving CAF–BLS must file the line count data on March 31 for line counts as of the prior December 31, the A–CAM I, A–CAM II, and Alaska Plan carriers will be required to file on July 1 of each year to coincide with other existing requirements in OMB Control No. 3060–0986. Connect America Fund *et al.*, WC Docket No. 10–90 Report and Order, Further Notice of Proposed Rulemaking and Order on Reconsideration, 33 FCC Rcd 11893 (2018) (2018 Rate-of-Return Reform Order). See also 47 CFR 54.313(f)(5).

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1126; FR ID 123425]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before March 27, 2023. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–1126.

Title: Testing and Logging Requirements for Wireless Emergency Alerts (WEA).

Form Number: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 76 Participating CMS Providers; 429,020 Responses.

Estimated Time per Response: 0.000694 hours (2.5 seconds) to generate each alert log; 2 hours to respond to each request for alert log data or information about geo-targeting.

Frequency of Response: Monthly and on occasion reporting requirements and recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 152, 154(i) and (o), 301, 301(r), 303(v), 307, 309, 335, 403, 544(g), 606 and 615 of the Communications Act of 1934, as amended, as well as by sections 602(a), (b), (c), (f), 603, 604 and 606 of the WARN Act.

Total Annual Burden: 119,021 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: Participating CMS Providers shall make available upon request to the Commission and FEMA, and to emergency management agencies that offer confidentiality protection at least equal to that provided in the federal Freedom of Information Act (FOIA) their alert logs and information about their approach to geo-targeting insofar as the information pertains to alerts initiated by that emergency management agency.

Needs and Uses: The Commission adopted requirements for Participating CMS Providers to log the basic attributes of alerts they receive at their Alert Gateway, to maintain those logs for at least 12 months, to make those logs available upon request to the Commission and FEMA, and to emergency management agencies that offer confidentiality protection at least equal to that provided by federal FOIA. The Commission also requires Participating CMS Providers to disclose information regarding their capabilities for geo-targeting Alert Messages upon request to such emergency management agencies insofar as it would pertain to Alert Messages initiated by that emergency management agency. These recordkeeping and reporting requirements have potential to increase emergency managers' confidence that WEA will work as intended when

needed. This increased confidence in system availability encourages emergency management agencies that do not currently use WEA to become authorized. These reporting and recordkeeping requirements also help to ensure a fundamental component of system integrity. Alert logs are necessary to establish a baseline for system integrity against which future iterations of WEA can be evaluated. Without records that can be used to describe the quality of system integrity, and the most common causes of message transmission failure, it would be difficult to evaluate how any changes to WEA may affect system integrity.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712-01-P

GENERAL SERVICES ADMINISTRATION

[Notice-Q-2023-01; Docket No. 2023-0002; Sequence No. 4]

Request for Nominations; Federal Secure Cloud Advisory Committee

AGENCY: Federal Acquisition Service (Q), General Services Administration (GSA).

ACTION: Notice. The U.S. General Services Administration (GSA) is seeking nominations for membership to the Federal Secure Cloud Advisory Committee (the Committee).

SUMMARY: GSA is seeking nominations for membership to the Federal Secure Cloud Advisory Committee (hereinafter “the Committee” or “the FSCAC”), a Federal advisory committee required by statute.

DATES: GSA will consider complete nominations that are received no later than Thursday, February 9, 2023.

ADDRESSES: Nominations will be accepted electronically. Please submit nominations via <https://forms.gle/iuBc67bMYjo1xB5V6>, and email accompanying documents to fscac@gsa.gov with the subject line: FSCAC NOMINATION—[Nominee Name].

FOR FURTHER INFORMATION CONTACT: Zach Baldwin, Federal Risk and Authorization Management Program, 202-536-8216, fscac@gsa.gov.

SUPPLEMENTARY INFORMATION:

Background

GSA, in compliance with the FedRAMP Authorization Act of 2022, is required to establish the Federal Secure

Cloud Advisory Committee (FSCAC), a statutory advisory committee in accordance with the provisions of FACA (5 U.S.C. 10). The Federal Risk and Authorization Management Program (FedRAMP) within GSA is responsible for providing a standardized, reusable approach to security assessment and authorization for cloud computing products and services that process unclassified information used by agencies.

The FSCAC will provide advice and recommendations to the Administrator of GSA, the FedRAMP Board, and agencies on technical, financial, programmatic, and operational matters regarding the secure adoption of cloud computing products and services. The FSCAC will ensure effective and ongoing coordination of agency adoption, use, authorization, monitoring, acquisition, and security of cloud computing products and services to enable agency mission and administrative priorities. The purposes of the Committee are:

- To examine the operations of FedRAMP and determine ways that authorization processes can continuously be improved, including the following:
 - Measures to increase agency reuse of FedRAMP authorizations.
 - Proposed actions that can be adopted to reduce the burden, confusion, and cost associated with FedRAMP authorizations for cloud service providers.
 - Measures to increase the number of FedRAMP authorizations for cloud computing products and services offered by small businesses concerns (as defined by section 3(a) of the Small Business Act (15 U.S.C. 632(a))).
 - Proposed actions that can be adopted to reduce the burden and cost of FedRAMP authorizations for agencies.
 - Collect information and feedback on agency compliance with and implementation of FedRAMP requirements.
 - Serve as a forum that facilitates communication and collaboration among the FedRAMP stakeholder community.

The Federal Secure Cloud Advisory Committee will meet no fewer than three (3) times a calendar year. Meetings shall occur as frequently as needed, called, and approved by the DFO. Meetings will be held virtually or in person. Members will serve without compensation and may be allowed travel expenses, including per diem, in accordance with 5 U.S.C. 5703.

The Committee shall be comprised of not more than 15 members who are

qualified representatives from the public and private sectors, appointed by the Administrator, in consultation with the Director of OMB, as follows:

- i. The GSA Administrator or the GSA Administrator’s designee, who shall be the Chair of the Committee.
- ii. At least one representative each from the Cybersecurity and Infrastructure Security Agency and the National Institute of Standards and Technology.
- iii. At least two officials who serve as the Chief Information Security Officer within an agency, who shall be required to maintain such a position throughout the duration of their service on the Committee.
- iv. At least one official serving as Chief Procurement Officer (or equivalent) in an agency, who shall be required to maintain such a position throughout the duration of their service on the Committee.
- v. At least one individual representing an independent assessment organization.
- vi. At least five representatives from unique businesses that primarily provide cloud computing services or products, including at least two representatives from a small business (as defined by section 3(a) of the Small Business Act (15 U.S.C. 632(a))).
- vii. At least two other representatives from the Federal Government as the Administrator determines to be necessary to provide sufficient balance, insights, or expertise to the Committee.

Each member shall be appointed for a term of three (3) year terms, except the initial terms, which may be staggered one (1), two (2) or three (3) year terms to establish a rotation in which one third of the members are selected. No member shall be appointed for more than two (2) consecutive terms nor shall any member serve for more than six (6) consecutive years. GSA values opportunities to increase diversity, equity, inclusion and accessibility on its federal advisory committees.

Members will be designated as Regular Government Employees (RGEs) or Representative members as appropriate and consistent with Section 3616(d) of the FedRAMP Authorization Act of 2022. GSA’s Office of General Counsel will assist the Designated Federal Officer (DFO) to determine the advisory committee member designations. Representatives are members selected to represent a specific point of view held by a particular group, organization, or association. Members who are full time or permanent part-time Federal civilian officers or employees shall be appointed to serve as Regular Government Employee (RGE)
