For the Nuclear Regulatory Commission.
Yoira K. Diaz-Sanabria,
Chief, Storage and Transportation Licensing Branch, Division of Fuel Management, Office of Nuclear Material Safety and Safeguards.

AGENCY: Nuclear Regulatory Commission.

ACTION: Subsequent license renewal application; receipt.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has received an application for the subsequent renewal of Renewed Facility Operating License No. DPR–22, which authorizes Northern States Power Company, a Minnesota corporation (NSPM or the applicant),
doing business as Xcel Energy, to operate Monticello Nuclear Generating Plant (MNGP), Unit 1. The subsequent renewed license would authorize the applicant to operate MNGP for an additional 20 years beyond the period specified in the current license. The current operating license for MNGP expires September 8, 2030.

DATES: The subsequent license renewal application referenced in this document was available as of January 9, 2023.

ADDRESSES: Please refer to Docket ID NRC–2023–0031 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- Federal Rulemaking Website: Go to http://www.regulations.gov and search for Docket ID NRC–2023–0031. Address questions about Docket IDs in Regulations.gov to Stacy Schumann; telephone: 301–415–0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the FOR FURTHER INFORMATION CONTACT section of this document.
- Public Library: A copy of the license renewal application for MNGP can be accessed at the following public library: Monticello Great River Regional Library, 200 W 6th St, Monticello, MN 55362.
- NRC’s PDR: You may examine and purchase copies of public documents, by appointment, at the NRC’s PDR, Room P1 B35, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8:00 a.m. and 4:00 p.m. Eastern Time (ET), Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: The NRC has received an application from NSPM, dated January 9, 2023, filed pursuant to section 103 of the Atomic Energy Act of 1954, as amended, and part 54 of title 10 of the Code of Federal Regulations, “Requirements for Renewal of Operating Licenses for Nuclear Power Plants,” to renew the operating license for MNGP. The current operating license was previously renewed on November 8, 2006. Subsequent renewal of the license would authorize the applicant to operate the facility for an additional 20-year period beyond the period specified in the current operating license. The current operating license for MNGP expires September 8, 2030. The MNGP is a Boiling Water Reactor located in Monticello, Minnesota. The acceptability of the tendered application for docketing, and other matters, including an opportunity to request a hearing, will be the subject of subsequent Federal Register notices.

For the Nuclear Regulatory Commission.

Lauren K. Gibson, Chief, License Renewal Project Branch, Division of New and Renewed Licenses, Office of Nuclear Reactor Regulation.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Disapproving a Proposed Rule Change to List and Trade Shares of the ARK 21Shares Bitcoin ETF Under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares

I. Introduction

On May 13, 2022, Cboe BZX Exchange, Inc. (“BZX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Exchange Act”) 1 and Rule 19b–4 thereunder, 2 a proposed rule change to list and trade shares (“Shares”) of the ARK 21Shares Bitcoin ETF (“Trust”) under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares. The proposed rule change was published for comment in the Federal Register on June 1, 2022.3

On July 12, 2022, pursuant to Section 19(b)(2) of the Exchange Act,4 the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.5 On August 29, 2022, the Commission instituted proceedings under Section 19(b)(2)(B) of the Exchange Act 6 to determine whether to approve or disapprove the proposed rule change, 7 and on November 15, 2022, the Commission designated a longer period for Commission action on the proposed rule change.8

This order disapproves the proposed rule change. The Commission concludes that BZX has not met its burden under the Exchange Act and the Commission’s Rules of Practice to demonstrate that its proposal is consistent with the requirements of the Exchange Act Section 6(b)(5), which requires, in relevant part, that the rules of a national securities exchange be “designed to prevent fraudulent and manipulative acts and practices” and “to protect investors and the public interest.” 9

When considering whether BZX’s proposal to list and trade the Shares is designed to prevent fraudulent and manipulative acts and practices, the Commission applies the same analytical framework used in its orders considering previous proposals to list bitcoin 10–based commodity trusts and

8 Bitcoins are digital assets that are issued and transferred via a decentralized, open-source protocol used by a peer-to-peer computer network through which transactions are recorded on a
