

offers guidance on the types of investment vehicles that plans may choose as their “qualified default investment alternative” (QDIA). The regulation also outlines two types of information collections. First, it implements the statutory requirement that plans provide annual notices to participants and beneficiaries whose account assets could be invested in a QDIA. Second, the regulation requires plans to pass any pertinent materials they receive from a QDIA to those participants and beneficiaries with assets invested in the QDIA as well to provide certain information on request. These two information collections are necessary to inform participants and beneficiaries, who do not make investment elections, of the consequences of their failure to elect investments, the ways in which their account assets will be invested through the QDIA, and of their continuing opportunity to make other investment elections, including options available under the plan. The Department has received approval from OMB for this ICR under OMB Control No. 1210–0132. The current approval is scheduled to expire on August 31, 2023.

*Description:* Section 101 of The Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) amended ERISA section 3(2) and added new sections 3(43) and 3(44) to establish a new type of ERISA-covered retirement savings plan called a “pooled employer plan.” Among other requirements, pooled employer plans must be operated by a designated “pooled plan provider.” The SECURE Act provides that pooled plan provider “can begin offering pooled employer plans” on January 1, 2021, as long as pooled plan providers register with the Labor Department (the Department) and the Treasury Department (Treasury) before beginning operations as a pooled plan provider.

The final rule requires an initial registration filing and supplemental filings to report changes in the

information in the initial filing, information about each specific pooled employer plan at its inception, and information on specified reportable events, time-sensitive knowledge of which will allow the Agencies to carry out their joint oversight responsibilities and for participating employers to be able to exercise their fiduciary duties to select and monitor pooled plan providers. The final rule requires a final filing once the provider’s last pooled employer plan has been terminated and ceased operations.

The initial registration, supplemental filing, and final filing requirements will provide the Agencies with timely access to information needed to help them protect plan participants and beneficiaries and conduct effective monitoring and oversight of pooled employer plans and pooled plan providers as required by the SECURE Act. Without this kind of timely information, the Agencies would typically not learn of risks to a pooled employer plan until the plan files a Form 5500, possibly many months after the event (assuming the information was even required to be reported on the Form 5500), and when opportunities for protecting plan participants from financial injury have been missed. The Department has received approval from OMB for this ICR under OMB Control No. 1210–0164. The current approval is scheduled to expire on November 30, 2023.

**SUPPLEMENTARY INFORMATION:** The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is

minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The Longshore and Harbor Workers' Compensation Act (LHWCA) requires covered employers to secure the payment of compensation under the Act and its extensions by purchasing insurance from a carrier authorized by the Secretary of Labor to write Longshore Act Insurance, or becoming authorized self-insured employers. Each authorized insurance carrier (or carrier seeking authorization) is required to establish annually that its Longshore obligations are fully secured either through an applicable state guaranty (or analogous fund), a deposit of security with the Division of Longshore and Harbor Workers' Compensation (DLHWC), or a combination of both. Similarly, each authorized self-insurer (or employer seeking authorization) is required to fully secure its Longshore Act obligations by depositing security with DLHWC. These requirements are designed to assure the prompt and continued payment of compensation and other benefits by the responsible carrier or self-insurer to injured workers and their survivors. Forms LS-276, Application for Security Deposit Determination; LS-275-IC, Agreement and Undertaking (Insurance Carrier); and LS-275-SI, Agreement and Undertaking (Self-Insured Employer) are used to cover the submission of information by insurance carriers and self-insured employers regarding their ability to meet their financial obligations under the Longshore Act and its extensions. This information is currently approved through December 31, 2019. 33 U.S.C. 932 et seq. authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Written comments will receive consideration, and summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate

consideration, comments should mention OMB No. 1240-0005.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:
