

retaining structure and contributes to the ability to maintain the impoundment and would, therefore, remain within the project boundary. Due to non-project oil contamination, the licensees previously ceased operation at the Derby Development, in cooperation with the U.S. Environmental Protection Agency (EPA). The EPA would permanently fill and abandon in place the water passage system associated with the hydroelectric facilities, and the licensees have removed the turbine to permit the EPA's access and remediation activities. The removal of the non-operational facility would result in a decrease in authorized capacity from 8.5 megawatts (MW) to 7.8 MW.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OGC-2023-0046; FRL-10610-01-OGC]

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with the Clean Air Act, as amended (CAA or the Act), notice is given of a proposed consent decree in *Environmental Integrity Project, et al. v. Regan*, No. 1:22-cv-2243 (D.D.C.). On July 29, 2022, Plaintiffs Environmental Integrity Project, Chesapeake Climate Action Network, and Sierra Club filed a complaint in the United States District Court for the District of Columbia, alleging that the Environmental Protection Agency (EPA or the Agency) failed to perform certain non-discretionary duties in accordance with the Act to timely review and, if necessary, revise, the methods ("emission factors") used to estimate the quantity of emissions of carbon monoxide, volatile organic compounds, and oxides of nitrogen for municipal solid waste landfills. EPA is providing notice of this proposed consent decree, which would resolve all claims in the case by establishing deadlines for EPA to review and, if necessary, revise these emission factors for municipal solid waste landfills.

DATES: Written comments on the proposed consent decree must be received by March 13, 2023.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2023-0046, online at <https://www.regulations.gov> (EPA's preferred method). Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID number for this action. Comments received may be posted without change to <https://www.regulations.gov>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the "Additional Information about Commenting on the Proposed Consent Decree" heading under the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Hali Kerr, Air and Radiation Law Office, Office of General Counsel, U.S. Environmental Protection Agency; telephone (202) 564-2286; email address Hali.Kerr@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining a Copy of the Proposed Consent Decree

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2023-0046) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

The electronic version of the public docket for this action contains a copy of the proposed consent decree and is available through <https://www.regulations.gov>. You may use <https://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search."

II. Additional Information About the Proposed Consent Decree

On July 29, 2022, Plaintiffs Environmental Integrity Project, Chesapeake Climate Action Network, and Sierra Club filed a complaint in the United States District Court for the District of Columbia, alleging that the Environmental Protection Agency failed to perform certain non-discretionary duties in accordance with the Act to timely review and, if necessary, revise,

the methods (“emission factors”) used to estimate the quantity of emissions of carbon monoxide, volatile organic compounds, and oxides of nitrogen under CAA section 130, 42 U.S.C. 7430, for municipal solid waste landfills. The proposed consent decree would establish deadlines for EPA to review and, if necessary, revise these emission factors for municipal solid waste landfills.

EPA is agreeing to issue draft revisions to these emission factors (or issue a draft determination that revision is not necessary) by January 15, 2024. EPA is also agreeing to issue final revisions to the emission factors (or issue a final determination that revision is not necessary) by August 15, 2024. EPA will update its AP-42 website, where EPA maintains its Compilation of Air Pollutant Emission Factors, with the emission factors (or determinations) for municipal solid waste landfills.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information About Commenting on the Proposed Consent Decree

Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2023-0046, via <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from this docket. EPA may publish any comment received to its public docket. Do not submit to EPA’s docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

www.epa.gov/dockets/commenting-epa-dockets. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA’s electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA’s preferred method for receiving comments. The electronic public docket system is an “anonymous access” system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” EPA is not required to consider such late comments.
