Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through September 30, 2023. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it

displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before April 17, 2023.

**ADDRESSES:** Submit your comments, referencing Docket ID No. EPA–HQ–OECA–2011–0824, online using [www.regulations.gov](http://www.regulations.gov) (our preferred method) or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the

comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

**Abstract:** The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) Section 7(a) requires that any person who produces pesticides, active ingredients or devices subject to the Act must register with the Administrator of EPA the establishment in which the pesticide, active ingredient or device is produced. This section further requires that application for registration of any establishment shall include the name and address of the establishment and of the producer who operates such an establishment. EPA Form 3540–8, Application for Registration of Pesticide-Producing and Device-Producing Establishments, is used to collect the establishment registration information required by this section.

FIFRA Section 7(c) requires that any producer operating an establishment registered under Section 7 report to the Administrator within 30 days after it is registered, and annually thereafter by March 1st for certain pesticide or device production and sales or distribution information. The producers must report which types and amounts of pesticides, active ingredients, or devices are currently being produced, were produced during the past year, sold or distributed in the past year. The supporting regulations at 40 CFR part 167 provide the requirements and time schedules for submitting production information. EPA Form 3540–16, Pesticide Report for Pesticide-Producing and Device-Producing Establishments, is used to collect the pesticide production information required by Section 7(c) of FIFRA.

Establishment registration information, collected on EPA Form 3540–8, is a one-time requirement for all pesticide-producing and device-producing establishments. Pesticide and device production information, reported on EPA Form 3540–16, is required to be submitted within 30 days after the company is notified of their pesticide-producing or device-producing establishment number, and annually thereafter on or before March 1st. Pesticide-producing and device-producing establishments optionally can electronically enter and submit their establishment registration information and pesticide production information through EPA's Central Data Exchange (CDX).

**Form Numbers:** 3540–8 and 3540–16.

*Respondents/affected entities:* Establishments producing pesticides.  
*Respondent's obligation to respond:* Mandatory (40 CFR part 167).

*Estimated number of respondents:* 19,114 (total).

*Frequency of response:* Annually.

*Total estimated burden:* 48,830.40 hours (per year). Burden is defined at 5 CFR 1320.03(b).

*Total estimated cost:* \$3,724,075.10 (per year), includes \$0 annualized capital or operation & maintenance costs.

*Changes in estimates:* There is an increase of 5,993.68 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase is a result of the COVID-19 pandemic causing a 109.1 percent increase in the average number of new establishments (815 in 2019 to 1703 in 2023) and a 34.15% increase in the total number of establishments (14,248 in 2019 to 19,114 in 2023). Additional increases are due to the increase in the salary tables used in the calculations.
