

Barnwell low-level waste disposal facility will be impacted by a significant increase in low-level waste burial charge pricing at that site. Additionally, at the nation's three other low-level waste disposal facilities, both moderate increases in some, and decreases in other, low-level waste burial charges, coupled with moderate increases in labor rates and near doubling of energy rates for all licensees, likely will result in higher formula amounts for all licensees. Thus, based on revised low-level waste burial factors presented in this report and increases in labor and energy rates, the minimum decommissioning fund formula amounts calculated by licensees will likely reflect moderate to more substantial increases when compared to those previously reported by licensees in 2021.

II. Additional Information

The NRC published a notice in the **Federal Register** on November 29, 2022 (87 FR 73345) requesting public comment on draft NUREG-1307, Revision 19, "Report on Waste Burial Charges: Changes in Decommissioning Waste Disposal Costs at Low-Level Waste Burial Facilities." The public comment period closed on December 29, 2022. The NRC received four public comments. The public comments and the NRC staff's responses are presented in a comment resolution matrix available in ADAMS under Accession No. ML23038A239. The staff considered the public comments received on the draft document in preparing final NUREG-1307, Revision 19.

SUPPLEMENTARY INFORMATION: The
Pension Benefit Guaranty Corporation
(PBGC) administers the pension plan
termination insurance program under
title IV of the Employee Retirement
Income Security Act of 1974 (ERISA).
Section 4006(a)(7) of ERISA provides for
a “termination premium” (in addition to
the flat-rate and variable-rate premiums
under sections 4006(a)(3)(A) and (E))
that is payable for 3 years following
certain distress and involuntary plan
terminations. PBGC’s regulations on
Premium Rates (29 CFR part 4006) and
Payment of Premiums (29 CFR part
4007) implement the termination
premium. Sections 4007.3 and
4007.13(b) of the premium payment
regulation require the filing of
termination premium information and
payments with PBGC. PBGC has issued
Form T and its corresponding
instructions for paying the termination
premium. In this renewal, PBGC is
updating the email address listed in the
filing instructions for Form T and
making a clarifying edit.

In general, the termination premium
applies where a single-employer plan
terminates in a distress termination
under section 4041(c) of ERISA (unless
contributing sponsors and controlled
group members meet the bankruptcy
liquidation requirements of section
4041(c)(2)(B)(i)) or in an involuntary
termination under section 4042 of
ERISA, and the termination date under
section 4048 of ERISA is after 2005.

The termination premium is payable
for 3 years. The same amount is payable
each year. The termination premium is
due on the 30th day of each of 3
consecutive 12-month periods. The first
12-month period generally begins
shortly after the termination date or
after the conclusion of bankruptcy
proceedings in certain cases. The
termination premium and related
information must be filed by a person
liable for the termination premium. The
persons liable for the termination
premium are contributing sponsors and
members of their controlled groups,
determined on the day before the plan
termination date. Section 4007.10 of the
premium payment regulation requires
the retention of records supporting or

validating the computation of premiums
paid and requires that the records be
made available to PBGC.

The existing collection of information
was approved under OMB control
number 1212–0064 (expires April 30,
2023). On December 12, 2022, PBGC
published in the **Federal Register** (at 87
FR 76090) a notice informing the public
of its intent to request an extension of
this collection of information, as
modified. No comments were received.
PBGC is requesting that OMB extend
approval of the collection (with
modifications) for three years. An
agency may not conduct or sponsor, and
a person is not required to respond to,
a collection of information unless it
displays a currently valid OMB control
number.

PBGC estimates that, during the next
3 years, it will receive an average of 1
filing of Form T per year. PBGC
estimates that the total annual burden
for the collection of information will be
5 minutes and \$67.

Issued in Washington, DC.

*Deputy Assistant General Counsel for
Regulatory Affairs, Pension Benefit Guaranty
Corporation.*

Decision of the Governors of the United States Postal Service on Changes in Rates and Classifications of General Applicability for Competitive Products (Governors’ Decision No. 23–1)

February 9, 2023

Statement of Explanation and Justification

Pursuant to authority under section
3632 of title 39, as amended by the
Postal Accountability and Enhancement
Act of 2006 (“PAEA”), we establish
changes in rates and classifications of
general applicability for First-Class
Package Service, one of the Postal
Service’s competitive products. The
changes are described generally below,
with a detailed description of the
changes in the attachment. The
attachment includes the draft Mail
Classification Schedule sections with
classification changes in legislative
format.

In Governors’ Decision 22–2, we
established a variety of changes
designed to simplify and streamline the
Postal Service’s ground competitive
package offerings under one product,
First-Class Package Service.
Subsequently, in Governors’ Decision
22–4, we delayed implementation of the
changes and committed to
implementing them this calendar year
with a minimum of 30 days’ notice. The
changes we establish today will
implement the approved changes and
rename the First-Class Package Service
product as “USPS Ground Advantage.”
The Retail and Commercial price
categories will be maintained, and the
Retail price category will retain its seal
against inspection. USPS Ground
Advantage will also include up to \$100
of insurance as well as cubic pricing
tiers up to one cubic foot (1 cu. ft.).
Certain additional changes are being
made today, to clarify that dimensional
weighting applies up to Zone 9, and to
clarify that the dimension
noncompliance fee applies to this
product. We are also removing
Certificate of Mailing and Certified Mail
as available extra services that can be
utilized with USPS Ground Advantage.

Rates are being established for USPS
Ground Advantage, reflecting both
ounce-based and pound-based rates, to
take effect on July 9, 2023. These rates
are designed to closely align with
existing ground package rates
established in January 2023. We
understand that management may
