Executive Order 14091 of February 16, 2023

Further Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

Section 1. Policy. On my first day in office, I signed Executive Order 13985 of January 20, 2021 (Advancing Racial Equity and Support for Underserved Communities Through the Federal Government), which charged the Federal Government with advancing equity for all, including communities that have long been underserved, and addressing systemic racism in our Nation’s policies and programs. By advancing equity, the Federal Government can support and empower all Americans, including the many communities in America that have been underserved, discriminated against, and adversely affected by persistent poverty and inequality. We can also deliver resources and benefits equitably to the people of the United States and rebuild trust in Government.

Over the past 2 years, through landmark legislation—including the American Rescue Plan Act of 2021 (Public Law 117–2); the bipartisan Infrastructure Investment and Jobs Act (Public Law 117–58) (Bipartisan Infrastructure Law); division A of Public Law 117–167, known as the Creating Helpful Incentives to Produce Semiconductors (CHIPS) Act of 2022; Public Law 117–169, commonly referred to as the Inflation Reduction Act of 2022; and the Bipartisan Safer Communities Act (Public Law 117–159)—as well as executive action, my Administration has vigorously championed racial equity and has advanced equal opportunity for underserved communities. Executive departments and agencies (agencies) have engaged in historic work assessing how their policies and programs perpetuate barriers for underserved communities and developing strategies for removing those barriers. They have made important progress incorporating an evidence-based approach to equitable policymaking and implementation, and they have crafted new action plans to advance equity. In short, my Administration has embedded a focus on equity into the fabric of Federal policymaking and service delivery. Our work to transform the way the Federal Government serves the American people has been complemented by Executive Order 14035 of June 25, 2021 (Diversity, Equity, Inclusion, and Accessibility in the Federal Workforce), which continues to help ensure that my Administration—the most diverse in our Nation’s history—reflects the growing diversity of the communities we serve.

My Administration’s commitment to equity has produced better decision-making and more equitable outcomes. We have delivered the most equitable economic recovery in memory, and, driven by the expanded Child Tax Credit, we cut child poverty to its lowest rate on record in 2021, including record low Black, Latino, Native American, and rural child poverty. Under my Administration, the economy has created nearly 11 million jobs, and we have brought down unemployment nationwide—in particular for Black and Latino workers, for whom unemployment rates are near 50-year lows. My Administration has prohibited Federal contractors from paying people with disabilities subminimum wages. We are rebuilding roads and bridges, replacing the Nation’s lead pipes to provide clean drinking water for all, delivering access to affordable high-speed internet to Americans
in both rural and urban communities, investing in public transit, and reconnecting communities previously cut off from economic opportunity by highways, rail lines, or disinvestment. My Administration has provided funding to improve accessibility for passengers with disabilities on rail systems and in airports, expanded health coverage for millions of Americans, and expanded home- and community-based services so more people with disabilities and older adults can live independently. We have secured billions of dollars in direct new investments for Tribal Nations and Native American communities and have directed an increase in the share of Federal Government contract spending awarded to small disadvantaged businesses. My Administration has taken action to strengthen public safety, advance criminal justice reform, correct our country’s failed approach to marijuana, protect civil rights, and stand up against rising extremism and hate-fueled violence that threaten the fabric of our democracy. We have taken historic steps to advance full equality for lesbian, gay, bisexual, transgender, queer, and intersex (LGBTQI+) Americans, including by ending the ban on transgender service members in our military; prohibiting discrimination based on sexual orientation, gender identity, and sex characteristics across Federal programs; and signing into law the Respect for Marriage Act (Public Law 117–228) to preserve protections for the rights of same-sex and interracial couples.

My Administration is also implementing the first-ever National Strategy on Gender Equity and Equality to ensure that all people, regardless of gender, have the opportunity to realize their full potential.

These transformative achievements have advanced the work of building a more equitable Nation. Yet, members of underserved communities—many of whom have endured generations of discrimination and disinvestment—still confront significant barriers to realizing the full promise of our great Nation, and the Federal Government has a responsibility to remove these barriers. It is imperative to reject the narrow, cramped view of American opportunity as a zero-sum game. When any person or community is denied freedom, dignity, and prosperity, our entire Nation is held back. But when we lift each other up, we are all lifted up. Therefore, my Administration must take additional action across the Federal Government—in collaboration with civil society, the private sector, and State and local government—to continue the work begun with Executive Order 13985 to combat discrimination and advance equal opportunity, including by redressing unfair disparities and removing barriers to Government programs and services. Achieving racial equity and support for underserved communities is not a one-time project. It must be a multi-generational commitment, and it must remain the responsibility of agencies across the Federal Government. It therefore continues to be the policy of my Administration to advance an ambitious, whole-of-government approach to racial equity and support for underserved communities and to continuously embed equity into all aspects of Federal decision-making.

This order builds upon my previous equity-related Executive Orders by extending and strengthening equity-advancing requirements for agencies, and it positions agencies to deliver better outcomes for the American people. In doing so, the Federal Government shall continue to pursue ambitious goals to build a strong, fair, and inclusive workforce and economy; invest in communities where Federal policies have historically impeded equal opportunity—both rural and urban—in ways that mitigate economic displacement, expand access to capital, preserve housing and neighborhood affordability, root out discrimination in the housing market, and build community wealth; advance equity in health, including mental and behavioral health and well-being; deliver an equitable response to the COVID–19 pandemic; deliver environmental justice and implement the Justice40 Initiative; build prosperity in rural communities; ensure equitable procurement practices, including through small disadvantaged businesses contracting and the Buy Indian Act (25 U.S.C. 47); pursue educational equity so that our Nation’s schools put every student on a path to success; improve our Nation’s criminal justice system to end unjust disparities, strengthen public safety, and ensure
equal justice under law; promote equity in science and root out bias in
the design and use of new technologies, such as artificial intelligence; protect
the right to vote and realize the promise of our Nation’s civil rights laws;
and promote equity and human rights around the world through our foreign
policy and foreign assistance. By redoubling our efforts, the Federal Govern-
ment can help bridge the gap between the world we see and the future
we seek.

ment. (a) Establishment of Agency Equity Teams. The Secretary of State,

Each agency head shall support ongoing implementation of a comprehensive equity strategy that uses the agency’s policy, budgetary, programmatic, service-delivery, procurement, data-collection processes, grantmaking, public engagement, research and evaluation, and regulatory functions to enable the agency’s mission and service delivery to yield equitable outcomes for all Americans, including underserved communities.

(a) In September 2023, and on an annual basis thereafter, concurrent with the agencies’ submission to OMB for the President’s Budget, agency heads shall submit an Equity Action Plan to the Steering Committee. The Equity Action Plan shall include actions to advance equity, including under Executive Order 13985, Executive Order 13988 of January 20, 2021 (Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation), Executive Order 14008, and Executive Order 14020.

(d) To ensure effective implementation of Equity Action Plans, and to strengthen the Federal Government’s equitable delivery of resources and benefits to all, agency heads shall:

(i) prioritize and incorporate strategies to advance equity—including by pursuing evidence-based approaches, reducing administrative burdens, increasing access to technical assistance, and implementing equitable data practices, consistent with applicable law, into their respective:

(A) agency strategic plans developed pursuant to 5 U.S.C. 306(a);

(B) agency performance plans developed pursuant to 31 U.S.C. 1115 and 1116;

Sec. 4. Embedding Equity into Government-wide Processes.

(a) The Director of OMB shall consider opportunities to review and update internal processes, directives, and Government-wide guidance (such as OMB Circulars and Memoranda) to support equitable decision-making, promote equitable deployment of financial and technical assistance, and assist agencies in advancing equity, as appropriate and wherever possible.
(b) When designing, developing, acquiring, and using artificial intelligence and automated systems in the Federal Government, agencies shall do so, consistent with applicable law, in a manner that advances equity.

Sec. 5. Delivering Equitable Outcomes in Partnership with Underserved Communities. Underserved communities often face significant barriers and legacy exclusions in engaging with agencies and providing input on Federal policies and programs that affect them. Agencies must increase engagement with underserved communities by identifying and applying innovative approaches to improve the quality, frequency, and accessibility of engagement. Agencies shall, consistent with applicable law:

(a) conduct proactive engagement, as appropriate, with members of underserved communities—for example, through culturally and linguistically appropriate listening sessions, outreach events, or requests for information—during development and implementation of agencies’ respective annual Equity Action Plans, annual budget submissions, grants and funding opportunities, and other actions, including those outlined in section 3(d) of this order;

(b) collaborate with OMB, as appropriate, to identify and develop tools and methods for engagement with underserved communities, including those related to agency budget development and rulemaking;

(c) create more flexibilities, incentives, and guidelines for recipients of Federal funding and permits to proactively engage with underserved communities as projects are designed and implemented;

(d) identify funding opportunities for community- and faith-based organizations working in and with underserved communities to improve access to benefits and services for members of underserved communities; and

(e) identify and address barriers for individuals with disabilities, as well as older adults, to participate in the engagement process, including barriers to the accessibility of physical spaces, virtual platforms, presentations, systems, training, and documents.

Sec. 6. Creating Economic Opportunity in Rural America and Advancing Urban Equitable Development. (a) Agencies shall undertake efforts, to the extent consistent with applicable law, to help rural communities identify and access Federal resources in order to create equitable economic opportunity and advance projects that build community wealth, including by providing or supporting technical assistance; incentivizing the creation of good, high-paying union jobs in rural areas; conducting outreach to and soliciting input from rural community leaders; and contributing new resources and support to interagency programs such as the Rural Partners Network.

(b) Agencies shall undertake efforts, to the extent consistent with applicable law, to strengthen urban equitable development policies and practices, such as advancing community wealth building projects; preventing physical and economic displacement as the result of Federal investments; facilitating equitable flows of private capital, including to underserved communities; and incorporating outcome-based metrics focused on urban equitable development in the design and deployment of Federal programs and policies. To support these efforts, the Assistant to the President for Domestic Policy shall issue a policy memorandum on actions agencies can take to advance urban equitable development.

(c) Executive Order 13946 of August 24, 2020 (Targeting Opportunity Zones and Other Distressed Communities for Federal Site Locations), including the amendments it made to Executive Order 12072 of August 16, 1978 (Federal Space Management), and to Executive Order 13006 of May 21, 1996 (Locating Federal Facilities on Historic Properties in Our Nation’s Central Cities), is revoked. Executive Orders 12072 and 13006 are reinstated as they were prior to issuance of Executive Order 13946. Executive Order 13853 of December 12, 2018 (Establishing the White House Opportunity and Revitalization Council), is also revoked. All agencies shall, consistent
with applicable law, including the Administrative Procedure Act (5 U.S.C. 551 et seq.), consider taking prompt action to revoke any rules, regulations, guidelines, or policies implementing these Presidential actions that are inconsistent with the provisions of this order. Further, agencies shall ensure that planning for new Federal facilities or new leases includes consideration of neighborhoods and locations that are near existing employment centers and are accessible to a broad range of the region’s workforce and population by public transit (where it exists), consistent with Executive Order 12072. Agencies shall identify displacement risks associated with Federal facility siting and development and shall engage with any community that may be affected, along with appropriate regional and local officials, to mitigate those displacement risks.

Sec. 7. Advancing Equitable Procurement. (a) The Government-wide goal for Federal procurement dollars awarded to small business concerns owned and controlled by socially and economically disadvantaged individuals (SDBs) shall be 15 percent in Fiscal Year 2025. In furtherance of this goal, OMB shall set a Government-wide SDB goal for Fiscal Year 2024. The Small Business Administration shall, on an annual basis, work with each agency to establish an agency-specific goal that, in aggregate, supports the Government-wide goal. Further, agencies shall undertake efforts to increase contracting opportunities for all other small business concerns as described in the Small Business Act (15 U.S.C. ch. 14A).

(b) Agencies shall expand procurement opportunities for SDBs through Federal financial assistance, consistent with applicable law, under the Bipartisan Infrastructure Law, the Inflation Reduction Act of 2022, and other Federal financial assistance programs.

Sec. 8. Affirmatively Advancing Civil Rights. Agencies shall comprehensively use their respective civil rights authorities and offices to prevent and address discrimination and advance equity for all, including to increase the effects of civil rights enforcement and to increase public awareness of civil rights principles, consistent with applicable law. Agencies shall consider opportunities to:

(a) further elevate their respective civil rights offices, including by directing that their most senior civil rights officer report to the agency head;

(b) ensure that their respective civil rights offices are consulted on decisions regarding the design, development, acquisition, and use of artificial intelligence and automated systems;

(c) increase coordination, communication, and engagement with community-based organizations and civil rights organizations;

(d) increase the capacity, including staffing capacity, of their respective civil rights offices, in coordination with OMB;

(e) improve accessibility for people with disabilities and improve language access services to ensure that all communities can engage with agencies’ respective civil rights offices, including by fully implementing Executive Order 13166 of August 11, 2000 (Improving Access to Services for Persons with Limited English Proficiency); and

(f) prevent and remedy discrimination, including by protecting the public from algorithmic discrimination.

Sec. 9. Further Advancing Equitable Data Practices. The Office of Science and Technology Policy (OSTP) National Science and Technology Council Subcommittee on Equitable Data shall, to the extent consistent with applicable law, coordinate the implementation of relevant recommendations of the Interagency Working Group on Equitable Data established in Executive Order 13985. The Director of OSTP shall provide a report on the Subcommittee’s progress to the Steering Committee every January and July.

Sec. 11. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or
