A. Overview of Information Collection

Title of Information Collection: EIV System User Access Authorization Form and Rules of Behavior and User Agreement.

OMB Approval Number: 2577-0267.
Type of Request: Renewal of currently approved collection.

Form Number: 52676 and 52676I.

Description of the need for the information and proposed use: In accordance with statutory requirements at 5 U.S.C. 552a, as amended (most commonly known as the Federal Privacy Act of 1974), the Department is required to account for all disclosures of information contained in a system of records. Specifically, the Department is required to keep an accurate accounting of the name and address of the person or agency to which the disclosure is made. The Enterprise Income Verification (EIV) System (HUD/PIH-5) is classified as a System of Records, as initially published on July 20, 2005, in the **Federal Register** at page 41780 (70 FR 41780), and as amended and

published on September 1, 2009, in the **Federal Register** on page 45235 (74 FR 45235).

As a condition of granting access to the EIV system, each prospective user of the system must (1) request access to the system; (2) agree to comply with HUD's established rules of behavior; and (3) review and signify their understanding of their responsibilities of protecting data protected under the Federal Privacy Act (5 U.S.C. 522a, as amended). As such, the collection of information about the user and the type of system access required by the prospective user is required by HUD to: (1) identify the user; (2) determine if the prospective user in fact requires access to the EIV system and in what capacity; (3) provide the prospective user with information related to the Rules of Behavior for system usage and the user's responsibilities to safeguard data accessed in the system once access is granted; and (4) obtain the signature of the prospective user to certify the user's understanding of the Rules of Behavior and responsibilities associated with his/her use of the EIV system.

HUD collects the following information from each prospective user: Public Housing Agency (PHA) code, organization name, organization address, prospective user's full name, HUD-assigned user ID, position title, office telephone number, facsimile number, type of work which involves the use of the EIV system, type of system action requested, requested access roles to be assigned to prospective user, public housing development numbers to be assigned to prospective PHA user, and prospective user's signature and date of request. The information is collected electronically and manually (for those who are unable to transmit electronically) via a PDF-fillable or Word-fillable document, which can be emailed, faxed or mailed to HUD. If this information is not collected, the Department will not be in compliance with the Federal Privacy Act and be subject to civil penalties.
