Supplement No. 7 to Part 746—
Countries Excluded From Certain License Requirements of §§ 746.7 and 746.8

* * * In addition, these countries are excluded from the license requirements related to Iran in § 746.7, as described in § 746.7(a)(1)(iv) and (v). * * *

■ 7. Supplement no. 7 to part 746 is added to read as follows:

Supplement No. 7 to Part 746—Items That Require a License Under § 746.7 When Destined to Iran and Under § 746.8 When Destined to Russia or Belarus

The items identified in this supplement are a subset of items that are identified in specific Export Control Classification Numbers or designated as EAR99 under the Commerce Control List (CCL) in supplement no. 1 to part 774 of the EAR. Also see paragraph (f) of § 734.9 of the EAR for the Russia/Belarus Foreign Direct Product (FDP) rule and paragraph (j) for the Iran FDP rule. Both of these FDP rules include the items identified in this supplement as part of the criteria for what foreign made items are subject to the EAR.

(a) The source for the Harmonized Tariff Schedule (HTS)-6 codes and descriptions in this list is the United States International Trade Commission (USITC’s) Harmonized Tariff Schedule of the United States (2023). The items described in this supplement include any modified or designed “components,” “parts,” “accessories,” and “attachments” therefor regardless of the HTS Code or HTS Description of the “components,” “parts,” “accessories,” and “attachments,” apart from any “part” or minor “component” that is a fastener (e.g., screw, bolt, nut, nut plate, stud, insert, clip, rivet, pin), washer, spacer, insulator, grommet, bushing, spring, wire, or solder. This supplement includes two columns consisting of the HTS Code and HTS Description to assist exporters, reexporters, and transferors in identifying the products in this supplement. For information on HTS codes in general, you may contact a local import specialist at U.S. Customs and Border Protection at the nearest port.

(b) The items classified under the provisions identified in the HTS–6 Code column of this supplement are subject to the license requirements under §§ 746.7(a)(i)(ii) and (iii) and 746.8(a)(ii). The other column—HTS Description—is intended to assist exporters with their AES filing responsibilities. The license requirements extend to HTS Codes at the 8 and 10 digit level when those HTS–8 and HTS–10 codes begin with the HTS–6 Codes as the first 6 numbers of those longer HS Codes.

BILLING CODE 3510–JT–P

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

15 CFR Part 744

[Docket No. 230221–0048]

RIN 0694–AJ11

Additions of Entities to the Entity List; Revisions of Entities on the Entity List

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: The Department of Commerce is amending the Export Administration Regulations (EAR) by adding seventy-six entities to the Entity List. These entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States and are listed on the Entity List under the destination of Russia. This rule also revises four existing entries on the Entity List under the destination of Russia.

DATES: This rule is effective February 24, 2023.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482–5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR (15 CFR parts 730–774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States, pursuant to § 744.11(b). The EAR impose additional license requirements on, and limit the availability of, most license exceptions for exports, reexports, and transfers (in-country) when a listed entity is a party to the transaction. The license review policy for each listed entity is identified in the “License Review Policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant Federal Register document that added the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to
part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

Additions to the Entity List

The ERC determined to add 3DiVi, AO Papilon, IT-Papillon OOO, OOO Adis, and Papilon Limited Liability Company to the Entity List under the destination of Russia. These entities are added for their involvement in activities that are contrary to the foreign policy interests of the United States under § 744.11, including but not limited to providing support for Russia's filtration operations in occupied areas of Ukraine, which include the use of biometric technology in suppressing Ukrainian resistance and enforcing loyalty among the Ukrainian population in occupied areas. For these five entities, BIS imposes a license requirement for all items subject to the EAR and will review license applications under a presumption of denial.

The ERC determined to add Joint Stock Company Elektron Optronik, Joint Stock Company Zelenograd Nanotechnology Center, Public Joint Stock Company Kremny, Technopark Skolkovo Limited Liability Company, and VisionLabs Limited Liability Company to the Entity List under the destination of Russia for acquiring and attempting to acquire U.S.-origin items in support of activities contrary to U.S. national security and foreign policy interests. This activity is contrary to U.S. national security and foreign policy interests under § 744.11. For these five entities, BIS imposes a license requirement for all items subject to the EAR and will review license applications under a policy of denial.

The End-User Review Committee determined to add the following sixty-six Russian entities to the Entity List for acquiring and attempting to acquire U.S.-origin items in support of Russia’s military: Advanced Research Foundation; Federal Service for Military-Technical Cooperation; Federal State Budgetary Scientific Institution Research and Production Complex Technology Center; Federal State Institution Federal Scientific Center Scientific Research Institute for System Analysis of the Russian Academy of Sciences; Joint Stock Company All Russian Research Institute of Radio Engineering; Joint Stock Company All-Russian Research Institute Signal; Joint Stock Company Center of Research and Technology Services Dinamika; Joint Stock Company Concern Avtomatika; Joint Stock Company Design Center Soyuz; Joint Stock Company Design Technology Center Elektronika; Joint Stock Company Institute for Scientific Research Microelectronic Equipment Progress; Joint Stock Company Kizlyar Electromechanical Plant; Joint Stock Company Machine-Building Engineering Office Fakel Named After Akademika P.D. Grushina; Joint Stock Company North Western Regional Center of Almaz Antey Concern Obukhovsky Plant; Joint Stock Company Penza Electrotechnical Research Institute; Joint Stock Company Production Association Sever; Joint Stock Company Production Association Ural Optical and Mechanical Plant Named After E.S. Yalamov; Joint Stock Company Ramenskoye Design Company; Joint Stock Company Research and Production Association Named After S.A. Lavochkina; Joint Stock Company Research and Production Association of Measuring Equipment; Joint Stock Company Research and Production Enterprise Radar MMS; Joint Stock Company Research and Production Enterprise Sapfir; Joint Stock Company Research Center ELINS; Joint Stock Company RT-Tekhpreimka; Joint Stock Company Russian Research Institute Electronstandart; Joint Stock Company Ryazan Plant of Metal Ceramic Instruments; Joint Stock Company Scientific Production Enterprise Digital Solutions; Joint Stock Company Scientific Production Enterprise Kontakt; Joint Stock Company Scientific Production Enterprise Topaz; Joint Stock Company Scientific Research Institute Giricond; Joint Stock Company Scientific Research Institute of Computer Engineering NII SVT; Joint Stock Company Scientific Research Institute of Electrical Carbon Products; Joint Stock Company Scientific Research Institute of Electronic and Mechanical Devices; Joint Stock Company Scientific Research Institute of Electronic Engineering Materials; Joint Stock Company Scientific Research Institute of Gas Discharge Devices Plasma; Joint Stock Company Scientific Research Institute of Inductive Complex; Joint Stock Company Scientific Research Institute of Precision Mechanical Engineering; Joint Stock Company Shipbuilding Corporation Ak Bars; Joint Stock Company Special Design Bureau of Computer Engineering; Joint Stock Company Special Design Bureau of Control Means; Joint Stock Company Special Design Bureau Turbina; Joint Stock Company Special Relay System Design and Engineering Bureau; Joint Stock Company State Missile Center Named After Akademika V.P. Makeyeva; Joint Stock Company State Scientific Research Institute Kristall; Joint Stock Company Svetlana Semiconductors; Joint Stock Company Tekhnodinamika; Joint Stock Company the Institute of Electronic Control Computers Named After I.S. Bruk; Joint Stock Company Vologda Optical and Mechanical Plant; Joint Stock Company Voronezh Semiconductors Factory Assembly; Joint Stock Company Vyatka Machine-Building Enterprise Avitek; KAMAZ Publicly Traded Company; Keldysh Institute of Applied Mathematics of the Russian Academy of Sciences; Limited Liability Company Research and Production Association Radiovolna; Limited Liability Company RSB-Group; Mitishinsky Scientific Research Institute of Radio Measuring Instruments; Open Joint Stock Company Ilyushin Aviation Complex; Open Joint Stock Company Khabarovsk Radio Engineering Plant; Open Joint Stock Company Mariyisky Machine-Building Plant; Open Joint Stock Company Scientific and Production Enterprise Pulsar; Public Joint Stock Company Megafon; Public Joint Stock Company Tutaev Motor Plant; Public Joint Stock Company Vympe Interstate Corporation; RT-Inform Limited Liability Company; Skolkovo Foundation; Skolkovo Institute of Science and Technology; and State Flight Testing Center Named After V.P. Chkalov). These entities’ acquisition and attempts to acquire U.S.-origin items in support of Russia’s military are contrary to U.S. national security and foreign policy interests under § 744.11 and these entities qualify as military end users under § 744.21 of the EAR. These entities are receiving a footnote 3 designation because the ERC has determined that they are Russian or Belarusian 'military end users' pursuant to § 744.21. A footnote 3 designation subjects these entities to the Russia/ Belarus-Military End User Foreign Direct Product (FDP) rule, detailed in § 734.9(g). Five of the entities (Federal State Budgetary Scientific Institution Research and Production Complex Technology Center; Joint Stock Company Research and Production Association Named After S.A. and others) are receiving a designation under § 744.11. These entities are receiving a designation because they are Russian or Belarusian military end users and are acquisitioning and attempting to acquire U.S.-origin items in support of Russia’s military under § 744.11.
Lavochkina; Joint Stock Company Research and Production Association of Measuring Equipment; Joint Stock Company Scientific Research Institute of Industrial Television Rastr; and Joint Stock Company State Missile Center Named After Akademika V.P. Makeyeva (GRTS Makeyev)) have a license requirement for all items subject to the EAR. For these five entities, License Exception GOV is available for use pursuant to § 740.11(b)(2) and (e). The license review policy for these five entities is a policy of denial for all items subject to the EAR other than food and medicine designated as EAR99 and for items for U.S. Government-supported use in the International Space Station (ISS), which will be reviewed on a case-by-case basis. The remaining sixty-one entities are added with a license requirement for all items subject to the EAR and a license review policy of denial.

For the reasons described above, this final rule adds the following seventy-six entities to the Entity List and includes, where appropriate, aliases:

Russia

- 3DIV OOO,
- Advanced Research Foundation,
- AO Papilon,
- Federal Service for Military-Technical Cooperation;
- Federal State Budgetary Scientific Institution Research and Production Complex Technology Center;
- Federal State Institution Federal Scientific Center Scientific Research Institute for System Analysis of the Russian Academy of Sciences;

- Joint Stock Company Production Association Ural Optical and Mechanical Plant Named After E.S. Yalamov;
- Joint Stock Company Ramenskoye Design Company;
- Joint Stock Company Research and Production Association Named After S.A. Lavochkina;
- Joint Stock Company Research and Production Association of Measuring Equipment;
- Joint Stock Company Research and Production Enterprise Sapfir;
- Joint Stock Company Research Center ELINS;
- Joint Stock Company RT-Tokhpriemka;
- Joint Stock Company Russian Research Institute Electronstandart;
- Joint Stock Company Ryazan Plant of Metal Ceramic Instruments;
- Joint Stock Company Scientific Production Enterprise Digital Solutions;
- Joint Stock Company Scientific Production Enterprise Kontakt;
- Joint Stock Company Scientific Production Enterprise Topaz;
- Joint Stock Company Scientific Research Institute Giricon;
- Joint Stock Company Scientific Research Institute of Computer Engineering NII SVT;
- Joint Stock Company Scientific Research Institute of Electrical Carbon Products;
- Joint Stock Company Scientific Research Institute of Electronic and Mechanical Devices;
- Joint Stock Company Scientific Research Institute of Electronic Engineering Materials;
- Joint Stock Company Scientific Research Institute of Gas Discharge Devices Plasma;
- Joint Stock Company Scientific Research Institute of Industrial Television Rastr;
- Joint Stock Company Scientific Research Institute of Precision Mechanical Engineering;
- Joint Stock Company Shipbuilding Corporation Ak Bars;
- Joint Stock Company Special Design Bureau of Computer Engineering;
- Joint Stock Company Special Design Bureau of Control Means;
- Joint Stock Company Special Design Bureau Turbina;
- Joint Stock Company Special Relay System Design and Engineering Bureau;
- Joint Stock Company State Missile Center Named After Akademika V.P. Makeyeva;
- Joint Stock Company State Scientific Research Institute Kristall;
- Joint Stock Company Svetlana Semiconductors;
- Joint Stock Company Tekhnodinamika;
- Joint Stock Company the Institute of Electronic Control Computers Named After I.S. Bruk;
- Joint Stock Company Vologda Optical and Mechanical Plant;
- Joint Stock Company Voronezh Semiconductor Devices Factory Assembly;
- Joint Stock CompanyVyatka Machine-Building Enterprise Avitek;
- Joint Stock Company Zelenograd Nanotechnology Center;
- KAMAZ Publicly Traded Company;
- Keldysh Institute of Applied Mathematics of the Russian Academy of Sciences;
- Limited Liability Company Research and Production Association Radiovolna;
- Limited Liability Company RSB-Group;
- Mitsuhashinskiy Scientific Research Institute of Radio Measuring Instruments;
- OOO Adis,
- Open Joint Stock Company Ilyushin Aviation Complex;
- Open Joint Stock Company Khabarovsk Radio Engineering Plant;
- Open Joint Stock Company Mariisky Machine-Building Plant;
- Open Joint Stock Company Scientific and Production Enterprise Pulsar;
- Papilon Systems Limited Liability Company,
- Public Joint Stock Company Kremlin,
- Public Joint Stock Company Megafon;
- Public Joint Stock Company Tutaev Motor Plant;
- Public Joint Stock Company Vypol Interstate Corporation;
- RT-Inform Limited Liability Company;
- Skolkovo Foundation;
- Skolkovo Institute of Science and Technology;
- State Flight Testing Center Named After V.P. Chkalov;
- Technopark Skolkovo Limited Liability Company, and
- VisionLabs Limited Liability Company.

Revisions to the Entity List

The ERC determined to modify four entities (Concern Radio-Electronic Technologies, Public Joint Stock
Company Moscow Institute of Electro Mechanics and Automation; Meteor Plant; Moscow Institute of Thermal Technology; and Obninsk Research and Production Enterprise) on the Entity List under the destination of Russia by revising the aliases, addresses and license requirement for these entries. Four additional aliases are being added to the entry for Concern Radio-Electronic Technologies, Public Joint Stock Company Moscow Institute of Electro Mechanics and Automation; two aliases are being added to the entry for Meteor Plant JSC; three additional aliases are being added to the entry for Moscow Institute of Thermal Technology, and two aliases are being added to the entry for Obninsk Research and Production Enterprise (ORPE). The addresses for the four entities are also being revised for clarification purposes only. The license requirement for all four entities is being revised to read “Policy of denial” as these entities have acquired and attempted to acquire U.S.-origin items in support of Russia’s military.

Savings Clause

For the changes being made in this final rule, shipments of items removed from eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export, reexport, or transfer (in-country), on February 24, 2023, pursuant to actual orders for export, reexport, or transfer (in-country) to or within a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801–4852). ECRA provides the legal basis for BIS’s principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications and commodity classifications, and carries a burden estimate of 29.4 minutes for a manual or electronic submission for a total burden estimate of 33,133 hours. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule.

3. This rule does not contain policies with federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to section 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

List of Subjects

15 CFR Part 744

Exports, Reporting and recordkeeping requirements, Terrorism.

Accordingly, part 744 of the Export Administration Regulations (15 CFR parts 730–774) is amended as follows:

PART 744—CONTROL POLICY: END-USER AND END-USE BASED

1. The authority citation for 15 CFR part 744 continues to read as follows:

2. Supplement No. 4 to part 744 is amended under RUSSIA by:

a. Adding in alphabetical order, entries for “3DiVi OOO,” “Advanced Research Foundation;” “AO Papilon;”

b. Revising the entry for “Concern Radio-Electronic Technologies;”

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

15 CFR Part 744

[Docket No. 230221–0050]

RIN 0694–AJ13

Additions of Entities to the Entity List

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: The Department of Commerce is amending the Export Administration Regulations (EAR) by adding 10 entities under 13 entries to the Entity List. These entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. These entities are listed on the Entity List under the destinations of Canada (2), China (5), France (1), Luxembourg (1), Netherlands (1), and Russia (3).

DATES: This rule is effective February 24, 2023.

FOR FURTHER INFORMATION CONTACT:

Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482–5991, Email: ERC@bis.doc.gov.

Additions of Entities to the Entity List

The ERC determined to add AOOK Technology Ltd., under the destination of China; CPUNTO Inc., under the destination of Canada; Dexias Industrial Products and Trade Limited Company, under the destination of Russia; Electronic Network Inc., under the destination of China; Innovation and Technologies LLC, under the destination of Russia; and Promtekkomplekt JSC, under the destination of Russia, to the Entity List. These additions are based on information that these companies significantly contribute to Russia's military and/or defense industrial base and are involved in activities contrary to U.S. national security and foreign policy interests under §§ 744.11 and 744.21 of the EAR. These entities will receive a footnote designation because the ERC has determined that they are Russian or Belarusian "military end users" in accordance with § 744.21. A footnote designation subjects these entities to the Russia/Belarus-Military End User Foreign Direct Product (FDP) rule, detailed under § 734.9(g). These entities are added with a license requirement for all items subject to the EAR. License applications will be reviewed under a policy of denial for all items subject to the EAR, other than applications for food and medicine designated as EAR99, which will be reviewed on a case-by-case basis.

The ERC determined to add Beijing Ti-Tech Science and Technology Development Co., under the destination of China; Beijing Yunze Technology Co., Ltd., under the destination of China; China HEAD Aerospace Technology Co., under the destinations of China, France, and the Netherlands; and Spacety Co.,

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR (15 CFR parts 730–774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States, pursuant to § 744.11(b). The EAR imposes additional license requirements on, and limit the availability of, most license exceptions for exports, reexports, and transfers (in-country) when a listed entity is a party to the transaction. The license review policy for each listed entity is identified in the “License Review Policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant Federal Register document that added the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

* * *

Thea D. Rozman Kendler,
Assistant Secretary for Export Administration.
