AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on furfuryl alcohol from the People's Republic of China (China) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing this notice of continuation of the AD order on furfuryl alcohol from China.

DATES: Applicable February 28, 2023

FOR FURTHER INFORMATION CONTACT: Matthew Palmer, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1678.

SUPPLEMENTARY INFORMATION:

Background

On June 21, 1995, Commerce published the AD order on furfuryl alcohol from China.¹ On July 1, 2022, Commerce published the notice of initiation of the fifth sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).²

As a result of its expedited review, on November 2, 2022, Commerce determined that revocation of the AD order on furfuryl alcohol from China would be likely to lead to a continuation or recurrence of dumping, and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the *Order* be revoked.³ On February 15, 2023, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the existing AD order on furfuryl alcohol from China would be likely to lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Order

The merchandise covered by this *Order* is furfuryl alcohol (C₄H₅OCH₂OH). Furfuryl alcohol is a primary alcohol, and is colorless or pale yellow in appearance. It is used in the manufacture of resins and as a wetting agent and solvent for coating resins, nitrocellulose, cellulose acetate, and other soluble dyes. The product subject to this *Order* is classifiable under subheading 2932.13.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope is dispositive.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would be likely to lead to a continuation or recurrence of dumping, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the
