

Instruction Manual 023-01-001-01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051, 70124; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.3.

- 2. Add § 165.T08-0170 to read as follows:

§ 165.T08-0170 Safety Zone; Aransas Bay, Corpus Christi, TX.

(a) *Location.* The following area is a safety zone: all navigable waters of the Aransas Bay encompassed by a 400yds radius from the following point; 28°03'58.1" N, 97°01'45.3" W.

(b) *Effective period.* This section is effective from 8 p.m. through 9 p.m. on March 2, 2023.

(c) *Regulations.* (1) According to the general regulations in § 165.23 of this part, entry into this temporary safety zone is prohibited unless authorized by the Captain of the Port Sector Corpus Christi (COTP) or a designated representative. They may be contacted on Channel 16 VHF-FM (156.8 MHz) or by telephone at 361-939-0450.

(2) If permission is granted, all persons and vessels shall comply with the instructions of the COTP or designated representative.

(d) *Information broadcasts.* The COTP or a designated representative will inform the public of the enforcement times and date for this safety zone through Broadcast Notices to Mariners, Local Notices to Mariners, and/or Safety

Marine Information Broadcasts as appropriate.

Dated: February 23, 2023.

J.B. Gunning,

Captain, U.S. Coast Guard, Captain of the Port Sector Corpus Christi.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2023-0134]

Safety Zones; Annual Events in the Captain of the Port Buffalo Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of Enforcement of regulation.

SUMMARY: The Coast Guard will enforce the safety zone for the annual Parade of Lights event in the Captain of the Port of Buffalo zone. Enforcement of this safety zone is necessary to protect the safety of life and property on the navigable waters immediately prior to, during, and immediately after this event. During the enforcement period, no person or vessel may enter the respective safety zone without permission from the Captain of the Port Buffalo or a designated representative. **DATES:** The regulations in 33 CFR 165.939, as listed in Table 165.939(b)(6), will be enforced from 8:45 p.m. through 11:15 p.m. on July 22, 2023.

FOR FURTHER INFORMATION CONTACT: If you have questions about this Notice of Enforcement, call or email LT Jared Stevens, Waterways Management Division, U.S. Coast Guard Marine Safety Unit Cleveland; telephone 216-937-0124, email D09-SMB-MSUCLEVELAND-WWM@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce a Safety Zone: Annual Events in the Captain of the Port Buffalo Zone listed in 33 CFR 165.939, Table 165.939(b)(6) for the Parade of Lights on July 22, 2023, in Cleveland, Ohio on the Cuyahoga River. Pursuant to 33 CFR 165.23, entry into, transiting, or anchoring within the safety zone during an enforcement period is prohibited unless authorized by the Captain of the Port Buffalo or a designated representative. Those seeking permission to enter the safety zone may request permission from the Captain of Port Buffalo via channel 16, VHF-FM. Requests must be made in advance and approved by the Captain of

Port Buffalo before transits will be authorized. Approvals will be granted on a case-by-case basis. Vessels and persons granted permission to enter the safety zone shall obey the directions of the Captain of the Port Buffalo or a designated representative. While within a safety zone, all vessels shall operate at the minimum speed necessary to maintain a safe course.

This Notice of Enforcement is issued under authority of 33 CFR 165.939 and 5 U.S.C. 552 (a). In addition to this Notice of Enforcement in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via Broadcast Notice to Mariners or Local Notice to Mariners. If the Captain of the Port Buffalo determines that the safety zone need not be enforced for the full duration stated in this notice, he or she may use a Broadcast Notice to Mariners to grant general permission to enter the respective safety zone.

Dated: February 23, 2023.

J.B. Bybee,

Commander, U.S. Coast Guard, Captain of the Port Buffalo, By direction.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R04-OAR-2022-0727; FRL-10421-02-R4]

Air Plan Approval; Kentucky; Revision to Federally Enforceable District Origin Operating Permits

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a revision to the Jefferson County portion of the Kentucky State Implementation Plan (SIP) submitted by the Commonwealth of Kentucky through the Kentucky Energy and Environment Cabinet (Cabinet) on June 15, 2022. The changes were submitted by the Cabinet on behalf of the Louisville Metro Air Pollution Control District (District, also referred to herein as Jefferson County). The District's revision modifies the permit application timing requirements in the Federally Enforceable District Origin Operating Permits (FEDOOP) rule in the Jefferson County portion of the Kentucky SIP (Jefferson County Local Implementation Plan, or LIP). EPA is finalizing these changes pursuant to the Clean Air Act (CAA or Act).

DATES: This rule is effective March 31, 2023.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA-R04-OAR-2022-0727. All documents in the docket are listed on the regulations.gov website. Although listed in the index, some information may not be publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Pearlene Williams-Miles, Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. The telephone number is (404) 562-9144. Ms. Williams-Miles can also be reached via electronic mail at williamsmiles.pearlene@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Overview

On June 15, 2022, the Commonwealth of Kentucky submitted changes to the Jefferson County LIP for EPA approval.¹ EPA is approving changes to Section 4—*Permit Applications* of the District's Regulation 2.17—*Federally Enforceable District Origin Operating Permits*.³ Under Regulation 2.17,

¹ EPA received this submission on June 13, 2022, in a letter dated June 15, 2022. Throughout this final rulemaking, this submission will be referred to as the June 15, 2022, submission.

² In 2003, the City of Louisville and Jefferson County governments merged, and the "Jefferson County Air Pollution Control District" was renamed the "Louisville Metro Air Pollution Control District." However, to be consistent with the terminology used in the subheading in Table 2 of 40 CFR 52.920(c), throughout this notice we refer to regulations contained in the Jefferson County portion of the Kentucky SIP as the "Jefferson County" regulations.

³ The June 15, 2022, submittal contains changes to other Kentucky SIP-approved rules that are not

Section 1.1, a FEDOOP is an operating permit that contains a federally enforceable condition, limit, or provision that is issued to a stationary source that is not, or would not subsequently be, required to obtain a permit under Regulation 2.16—*Title V Operating Permits*.

The changes in the June 15, 2022, submission add timing requirements for sources applying for FEDOOP permits that are similar to those in Regulation 2.16. Through a Notice of Proposed Rulemaking (NPRM) published on December 27, 2022 (87 FR 79261), EPA proposed to approve these changes as being consistent with the CAA. Additional details on Kentucky's June 15, 2022, revision and EPA's analysis of the changes can be found in the December 27, 2022, NPRM. Comments on the December 27, 2022, NPRM were due on or before January 26, 2023. EPA received one anonymous comment on the NPRM. That comment was unrelated to the specifics of the NPRM.

II. Incorporation by Reference

In this document, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with the requirements of 1 CFR 51.5, and as discussed in Section I of this preamble, EPA is finalizing the incorporation by reference of Jefferson County Regulation 2.17—*Federally Enforceable District Origin Operating Permits*, version 5, with a local-effective date of March 16, 2022, which adds timing requirements to the permit application process. EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 4 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by EPA for inclusion in the SIP, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA's approval, and will be incorporated by reference in the next update to the SIP compilation.⁴

III. Final Action

EPA is approving the aforementioned changes to Regulation 2.17—*Federally Enforceable District Origin Operating Permits*, with a local-effective date of March 16, 2022, into the Jefferson

addressed in this notice. EPA will act on those rules in separate actions.

⁴ See 62 FR 27968 (May 22, 1997).

County LIP. EPA is approving these changes because they are consistent with the CAA.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. See 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. This action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
 - Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
 - Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
 - Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
 - Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
 - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian

country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by May 1, 2023. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Sulfur oxides, Volatile organic compounds.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: February 22, 2023.

Daniel Blackmon,
Regional Administrator, Region 4.

For the reasons stated in the preamble, the EPA amends 40 CFR part 52 as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart S—Kentucky

■ 2. In § 52.920(c), in table 2, revise the entry for “2.17” to read as follows:

§ 52.920 Identification of plan.

[EPA-R04-OAR-2021-0947; FRL-10473-02-R4]

Air Plan Approval; Mississippi; PSD and Air Quality Modeling Infrastructure Requirements for the 2015 8-Hour Ozone National Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is conditionally approving portions of a State Implementation Plan (SIP) submission provided by the State of Mississippi, through the Mississippi Department of Environmental Quality (MDEQ), via a

letter dated January 25, 2021, and supplemented through a letter dated November 18, 2022. This approval pertains to certain infrastructure requirements of the Clean Air Act (CAA or Act) for the 2015 8-hour ozone national ambient air quality standards (NAAQS or standards). Whenever EPA promulgates a new or revised NAAQS, the CAA requires that each state adopt and submit a SIP for the implementation, maintenance, and enforcement of that NAAQS. The January 25, 2021, SIP submission addresses all infrastructure elements except for those pertaining to the contribution to nonattainment or interference with maintenance of the NAAQS in other states. EPA is conditionally approving the portions of the submittal related to the prevention of significant deterioration (PSD) infrastructure elements and the air quality modeling element.

DATES: This rule is effective March 31, 2023.

ADDRESSES: EPA has established a docket for this action under Docket

Identification No. EPA-R04-OAR-2021-0947. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information may not be publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. EPA requests that, if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.
