Title: CSB Accidental Release Reporting Form.

OMB Control Number: 3301–0001.
Expiration Date of Approval: 04–30–2023.

Type of Request: Renewal.

Abstract

The enabling statute of the Chemical Safety and Hazard Investigation Board (CSB) provides that the CSB shall establish by regulation requirements binding on persons for reporting accidental releases into the ambient air subject to the Board's investigative jurisdiction. The CSB published its Accidental Reporting Rule (40 CFR part 1604) on February 21, 2020. This final rule is intended to satisfy the CSB's statutory requirement. The rule describes when an owner or operator is required to file a report of an accidental release, and the required content of such a report. The purpose of the rule is to ensure that the CSB receives rapid, accurate reports of any accidental release that meets established statutory criteria.

In conjunction with the Accidental Release Reporting Rule, the CSB also developed a form to capture the information necessary to initially assess an accidental release. The form is located on CSB's website: *https://www.csb.gov/news/incident-report-rule-form/*.

Type of Respondents

The vast majority of respondents will be private sector businesses involved in the production, storage or handling of regulated substances or extremely hazardous substances.

Estimate Annual Number of Respondents: 100.

Frequency of Use

On occasion. Most respondents will only submit a response if an accidental release within the scope of the rule occurs during a given year. For the vast majority of potential respondents, the frequency of responses will likely be "none" in a given year.

Small Businesses or Organizations Affected

No. At the time of the rulemaking, the CSB determined that the rule would not have an impact on businesses, including small businesses. Furthermore, there have been even less reports than originally predicted.

Estimated Number of Annual Responses: 100.

Estimated Average Burden Hours per Response: 0.25 hour. The CSB acknowledges that there may be additional burdens on the public that are not quantifiable.

Estimated Total Annual Burden Hours: 25 hours.

Need for and Use of Information:

The CSB is required by law to issue an accidental release reporting rule. The CSB intends to use the information to learn of any accidental release within its jurisdiction and to plan how to respond to that accidental release.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on
