Allotments, including the interference protection requirements of section 73.616 of the Commission’s rules, and the petition further demonstrates that the proposed channel 27 facility will provide full principal community coverage to Yuma, Arizona. Additionally, no change in transmitting location is proposed from that specified in the current construction permit.

This is a synopsis of the Commission’s Report and Order, MB Docket No. 22–420; RM–11937; DA 23–146, adopted February 23, 2023, and released February 24, 2023. National Telecommunications and Information Administration

47 CFR Part 300

[Docket Number 221130–0254]

RIN 0660–AA38

AGENCY: National Telecommunications and Information Administration (NTIA), Department of Commerce.

ACTION: Final rule.

SUMMARY: The National Telecommunications and Information Administration (NTIA) is making certain changes to its regulations relating to the public availability of the Manual of Regulations and Procedures for Federal Radio Frequency Management (NTIA Manual). NTIA has the authority, delegated by the president, to assign frequencies to radio stations or classes of radio stations belonging to and operated by the United States. NTIA’s manual reflects this authority and provides for the coordination of Executive branch agencies’ spectrum management and coordination. Specifically, NTIA is releasing a new edition of the NTIA Manual, with which Federal agencies must comply when requesting use of radio frequency spectrum.

DATES: Effective: March 6, 2023. The incorporation by reference of certain publications listed in the rule is approved by the Director of the Federal Register as of March 6, 2023.

ADDRESSES: A reference copy of the NTIA Manual, including all revisions in effect, is available in the Office of

II. Paperwork Reduction Act

This action does not contain collection of information requirements subject to the Paperwork Reduction Act (PRA). Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the Paperwork Reduction Act unless that collection displays a currently valid Office of Management and Budget (OMB) Control Number.

III. Executive Order 12866

This rule has been determined to be not significant for purposes of Executive Order 12866.

IV. Administrative Procedure Act/Regulatory Flexibility Act

NTIA finds good cause under 5 U.S.C. 553(b)(3)(B) to waive prior notice and opportunity for public comment as it is unnecessary. This action merely amends the regulations to include the date of the most current edition of the NTIA Manual. These changes do not impact the rights or obligations to the public. The NTIA Manual applies only to Federal agencies. Because these changes impact only Federal agencies, and has no other substantive impact, NTIA finds it unnecessary to provide for the notice and comment requirements of 5 U.S.C. 553. NTIA finds good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effectiveness for the same reasons provided above. Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) are not applicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.

V. Executive Order 13132

This rule does not contain policies having federalism implications as that term is defined in Executive Order 13132.

PART 300—MANUAL OF REGULATIONS AND PROCEDURES FOR FEDERAL RADIO FREQUENCY MANAGEMENT

1. The authority citation for part 300 continues to read as follows:

2. Revise §300.1(b) to read as follows:

(b) The material listed in this paragraph (b) is incorporated by reference into this section with approval of the Director of the Federal Register under 5 U.S.C. 552(a) and 1 CFR part 51.
