SUPPLEMENTARY INFORMATION:

Throughout this document, whenever “we,” “us,” or “our” is used, we mean the EPA.

Today's notice is an announcement of a finding that we have already made. EPA Region 2 sent a letter to the New Jersey Department of Environmental Protection on January 19, 2023, stating that the 2020 motor vehicle emissions budgets (Budgets) are adequate for transportation conformity purposes.

The transportation conformity rule requires that the EPA conduct a public process and make an affirmative decision on the adequacy of these budgets before they can be used by metropolitan planning organizations in transportation conformity determinations.
