Light-Walled Rectangular Pipe and Tube From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2020-2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Hangzhou Ailong Metal Products Co., Ltd. (Ailong) made U.S. sales of light-walled rectangular pipe and tube (LWRPT) from the People's Republic of China (China) at less than normal value during the period of review (POR) August 1, 2020, through July 31, 2021.

DATES: Applicable March 14, 2023.

FOR FURTHER INFORMATION CONTACT: Magd Zalok, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4162.

SUPPLEMENTARY INFORMATION:

Background

On September 9, 2022, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ For details regarding the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

The scope of the *Order* is certain welded carbon quality light-walled steel

pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 millimeters. For a full description of the scope, see the Issues and Decision Memorandum.

Analysis of Comments Received

We addressed all issues raised in the case and rebuttal briefs filed in this administrative review in the Issues and Decision Memorandum, which is hereby adopted by this notice. A list of the issues raised in the case and rebuttal briefs to which we responded in the Issues and Decision Memorandum is included in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of the comments received, and for the reasons explained in the Issues and Decision Memorandum, we made a change from the *Preliminary Results* involving the surrogate value (SV) for labor. As noted in the Issues and Decision Memorandum, we determined that forced labor practices in Malaysia resulted in our Malaysian-based labor SV being unsuitable for use. Therefore, we instead used the SV for labor on the record from Romania, one of the potential surrogate countries in this administrative review.

Separate Rates

No parties commented on our preliminary separate rate findings. Therefore, we have continued to grant Ailong (the mandatory respondent) separate rate status.

Final Results of Review

We are assigning the following dumping margin to the firm listed below for the period August 1, 2020, through July 31, 2021:

Exporter	Weighted-average dumping margin (percent)
Hangzhou Ailong Metal Products Co., Ltd	63.16

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.³ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication date of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent's weighted-average dumping margin is zero or de minimis, or where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁴ For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (*i.e.*, at the individually-examined exporter's cash deposit rate), Commerce will instruct CBP to liquidate such entries at the China-wide rate (*i.e.*, 264.64 percent).⁵

For any individually-examined respondent whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.50 percent), we will calculate importer-specific assessment rates on

⁵ See *Order*, 73 FR 45403.

the basis of the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales, in accordance with 19 CFR 351.212(b)(1).⁶

Cash Deposit Requirements

The following cash deposit requirements will be effective for shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) for the exporter listed in the table above, the cash deposit rate will be the rate established in the final results of review that is listed for the exporter in the table; (2) for previously investigated or reviewed China and non-China exporters not listed in the table above that have separate rates, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recent period; (3) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate previously established for the China-wide entity, which is 264.64 percent; and (4) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-China exporter. The cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant POR entries. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business

proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(5).

Dated: March 8, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Gas Powered Pressure Washers From the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable March 14, 2023.

FOR FURTHER INFORMATION CONTACT: Theodore Pearson or Konrad Ptaszynski, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2631 or (202) 482-6187, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 25, 2023, the U.S. Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of gas powered pressure washers from the People's Republic of China (China).¹ Currently, the preliminary determination is due no later than March 27, 2023.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, if Commerce concludes that the parties concerned in the investigation are cooperating and determined the investigation is extraordinarily complicated, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation.

Commerce has determined that at least one respondent company involved in the proceeding is cooperating because it filed a request for an extension of time to respond to the Affiliated Companies portion of the Initial CVD Questionnaire,² and that the investigation is extraordinarily complicated.³ Specifically, Commerce will require additional time to analyze the questionnaire responses and issue appropriate requests for clarification and additional information, particularly regarding questions of affiliation and cross-ownership and program use by the respondents (*i.e.*, Chongqing Dajiang Power Equipment Co., Ltd. (CDPE) and Jiangsu Jianghuai Engine Co., Ltd. (JD Power)), as well as 703(c)(1)(B) of the Act. Commerce is postponing the due date for the preliminary determination of this investigation to 130 days after the date on which this investigation was initiated, *i.e.*, May 30, 2023.⁴ Pursuant to section 705(a)(1) of the Act and 19

¹ See *Gas Powered Pressure Washers from the People's Republic of China: Initiation of Countervailing Duty Investigation*, 88 FR 4812 (January 25, 2023).

² See JD Power's Letter, "JD Power's Affiliated Companies Questionnaire Response Extension Request," dated March 6, 2023.

³ See section 703(b)(1) of the Act.

⁴ Postponing the preliminary determination to 130 days after initiation would place the deadline on Monday, May 29, 2023, which is a federal holiday. Commerce's practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).
