DATES: Applicable March 22, 2023.

SUPPLEMENTARY INFORMATION:

Background

On April 19, 2018, Commerce published in the **Federal Register** AD and CVD *Orders* on U.S. imports of aluminum foil from China.¹ On July 11, 2022, pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.226(b), Commerce self-initiated country-wide circumvention inquiries to determine whether imports of aluminum foil, completed in Korea and Thailand (collectively, the third countries), using inputs (*i.e.*, aluminum foil- and sheet-gauge products) manufactured in China, are circumventing the *Orders* and, accordingly, should be covered by the scope of the *Orders*.² On October 11, 2022, Commerce selected two respondents from each of the examined third countries as the mandatory respondents in these circumvention inquiries.³

On December 1, 2022, Commerce extended the deadline for issuing the preliminary determinations in these circumvention inquiries by 75 days, until February 28, 2023, and extended the deadline for issuing the final determinations by 65 days, until July 18, 2023.⁴ On February 27, 2023, Commerce further extended the deadlines for issuing the preliminary and final determinations in these circumvention inquiries by an additional 15 days each, until March 15, 2023, and August 2, 2023, respectively.⁵ For a complete description of the events that followed the initiation of these circumvention
