that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at https://www.regulations.gov, or in person, at the EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit http://www.epa.gov/dockets.

Abstract: The New Source Performance Standards (NSPS) for Rubber Tire Manufacturing (40 CFR part 60, subpart BBB) were proposed on January 20, 1983; promulgated on September 15, 1987; and amended on both September 19, 1989, and October 17, 2000. These regulations apply to both existing and new facilities with the following processes: under-tread cementing operations, sidewall cementing operations, tread end cementing operations, bead cementing operations, green tire spraying operations, Michelin-A operations, Michelin-B operations, and Michelin-C automatic operations. New facilities include those that commenced either construction or reconstruction after the date of proposal. Affected facilities include those that commenced either construction, or modification, or reconstruction after January 20, 1983. This information is being collected to assure compliance with 40 CFR part 60, subpart BBB.

In general, all NSPS standards require initial notifications, performance tests, and periodic reports by the owners/ operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.
Respondents/affected entities: Owners and operators of the rubber tire manufacturing industry.
Respondent’s obligation to respond: Mandatory (40 CFR part 60, subpart BBB).
Estimated number of respondents: 41 (total).
Frequency of response: Initially, occasionally, semiannually, and annually.
Total estimated burden: 17,700 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: $2,150,000 (per year), which includes $18,600 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no change in burden from the most recently-approved ICR as currently identified in the OMB Inventory of Approved Burdens. This is due to two considerations: (1) the regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for this industry is very low or nonexistent, so there is no significant change in the overall burden. Since there are no changes in the regulatory requirements and there is no significant industry growth, there are also no changes in the capital/startup costs. There is an increase in O&M costs due to an adjustment from 2007 to 2020 dollars using the CEPCI Equipment Cost Index.

Courtney Kerwin, Director, Regulatory Support Division.

Permanent Burden (40 CFR part 60, subpart BBB).

The cancellations are applicable March 29, 2023.

FOR FURTHER INFORMATION CONTACT:
Christopher Green, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; telephone number: (202) 566–2707; email address: green.christopher@epa.gov.

SUPPLEMENTARY INFORMATION:
I. General Information
A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2022–0223, is available at https://www.regulations.gov or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OPP Docket is (202) 566–1744. Please review the visitor instructions and additional information about the docket available at https://www.epa.gov/dockets.

II. What action is the Agency taking?

This document announces the cancellation, as requested by the registrant, of a product registered under FIFRA section 3 (7 U.S.C. 136a). This registration is listed in sequence by registration number in Table 1 of this unit.
TABLE 1—PRODUCT CANCELLATIONS

III. Summary of Public Comments Received and Agency Response to Comments

One anonymous comment was received agreeing with the cancellation of the pesticide product in this document. For this reason, the Agency does not believe that the comment submitted during the comment period merits further review or a denial of the request for voluntary cancellation.

IV. Cancellation Order

Pursuant to FIFRA section 6(f)(1) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellation of the registration identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registration identified in Table 1 of Unit II, is canceled. The applicable date of the cancellation that is the subject of this document is March 29, 2023. Any distribution, sale, or use of existing stocks of the product identified in Table 1 of Unit II, in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI, will be a violation of FIFRA.

V. What is the Agency’s authority for taking this action?

FIFRA section 6(f)(1) (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the Federal Register. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the Federal Register of May 6, 2022, (87 FR 27415) (FRL–9724–01). The comment period closed on November 2, 2022.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States, and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the product subject to this order is as follows.

The registrant may continue to sell and distribute existing stocks of product listed in Table 1 of Unit II, until March 29, 2024, which is 1 year after the publication of the Cancellation Order in the Federal Register. Thereafter, the registrant is prohibited from selling or distributing the product listed in Table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrant may sell, distribute, or use existing stocks of product listed in Table 1 of Unit II, until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.

Authority: 7 U.S.C. 136 et seq.

Daniel Rosenblat, Acting Director, Registration Division, Office of Pesticide Programs.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

Clean Air Act Advisory Committee (CAAC): Request for Nominations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for nominations to the Clean Air Act Advisory Committee (CAAC).

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates to be considered for appointment to its Clean Air Act Advisory Committee (CAAC). Vacancies are anticipated to be filled by August 2023. Sources in addition to this Federal Register notice may also be utilized in the solicitation of nominees. This notice extends the recruitment period to receive additional nominees.

ADDRESSES: Submit nominations in writing to: Lorraine Reddick, Designated Federal Officer, Office of Air and Radiation, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Lorraine Reddick, Designated Federal Officer, Clean Air Act Advisory Committee (6103A), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202–564–1293; email address: reddick.lorraine@epa.gov.

SUPPLEMENTARY INFORMATION:

Background: Clean Air Act Advisory Committee provides advice, information and recommendations on policy and technical issues associated with implementation of the Clean Air Act (CAA) as requested by EPA. These issues include the development, implementation, and enforcement of programs required by the Act. The CAAC will provide advice and recommendations on approaches for new and expanded programs including those using innovative technologies and policy mechanisms to achieve environmental improvements; the
