FEDERAL COMMUNICATIONS COMMISSION

[FR ID 133943]

Privacy Act of 1974; Matching Program

AGENCY: Federal Communications Commission.

ACTION: Notice of Establishment of a Matching Program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (“Privacy Act”), this document announces the establishment of a computer matching program the Federal Communications Commission (“FCC” or “Commission” or “Agency”) and the Universal Service Administrative Company (USAC) will conduct with the Minnesota Department of Human Services (“Minnesota”). The purpose of this matching program is to verify the eligibility of applicants to and subscribers of the Universal Service

Fund (USF) Lifeline program, which is administered by USAC under the direction of the FCC. More information about this program is provided in the **SUPPLEMENTARY INFORMATION** section below.

DATES: Written comments are due on or before April 28, 2023. This computer matching program will commence on April 28, 2023, and will conclude 18 months later.

ADDRESSES: Send comments to Elliot Tarloff, FCC, 45 L Street NE, Washington, DC 20554, or Privacy@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Elliot Tarloff at 202–418–0886 or Privacy@fcc.gov.

SUPPLEMENTARY INFORMATION: The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, and/or various Tribal-specific federal assistance programs. In a Report and Order adopted on March 31, 2016, the Commission ordered USAC to create a National Lifeline Eligibility Verifier (“National Verifier”), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program. The purpose of this particular matching program is to verify Lifeline eligibility by establishing that applicants or subscribers in Minnesota are enrolled in the SNAP or Medicaid programs.

Authority for Conducting the Matching Program

47 U.S.C. 254; 47 CFR 54.400 *et seq.*; Lifeline and Link Up Reform and Modernization, et al., Third Report and Order, Further Report and Order, and Order on Reconsideration, 31 FCC Rcd

3962, 4006–21, paras. 126–66 (2016) (2016 Lifeline Modernization Order).

Purpose(s)

In the 2016 Lifeline Modernization Order, the FCC required USAC to develop and operate the National Verifier to improve efficiency and reduce waste, fraud, and abuse in the Lifeline program. The stated purpose of the National Verifier is “to increase the integrity and improve the performance of the Lifeline program for the benefit of a variety of Lifeline participants, including Lifeline providers, subscribers, states, community-based organizations, USAC, and the Commission.” 31 FCC Rcd 3962, 4006, para. 126. To help determine whether Lifeline applicants and subscribers are eligible for Lifeline benefits, the Order contemplates that the USAC-operated LED will communicate with information systems and databases operated by other Federal and State agencies. *Id.* at 4011–2, paras. 135–7.

Categories of Individuals

The categories of individuals whose information is involved in the matching program include, but are not limited to, those individuals (residing in a single household) who have applied for Lifeline benefits; are currently receiving Lifeline benefits; are individuals who enable another individual in their household to qualify for Lifeline benefits; are minors whose status qualifies a parent or guardian for Lifeline benefits; are individuals who have received Lifeline benefits; or are individuals acting on behalf of an eligible telecommunications carrier (ETC) who have enrolled individuals in the Lifeline program.

Categories of Records

The categories of records involved in the matching program include, but are not limited to, the last four digits of the Lifeline applicant’s Social Security Number, date of birth, and first and last name. The National Verifier will transfer these data elements to the Minnesota Department of Human Services which will respond either “yes” or “no” that the individual is enrolled in a Lifeline-qualifying assistance program: SNAP or Medicaid.

System(s) of Records

The USAC records shared as part of this matching program reside in the Lifeline system of records, FCC/WCB–1, Lifeline Program, a notice of which the FCC published at 86 FR 11526 (Feb. 25, 2021).

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Recordkeeping and Disclosure Requirements Associated with Regulation RR.

Collection identifier: FR RR.

OMB control number: 7100–0372.

General description of collection: In 2014, the Board, Office of the Comptroller of the Currency, Federal Deposit Insurance Corporation, U.S. Securities and Exchange Commission, Federal Housing Finance Agency, and Department of Housing and Urban Development adopted a joint final rule (credit risk retention rule) that implemented the credit risk retention requirements of section 15G of the Securities Exchange Act of 1934,¹ which was added by section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.² The Board’s credit risk retention rule, which applies to any securitizer of asset-backed securities (securitizer) that is a state member bank or a subsidiary of a state member bank, is codified in the Board’s Regulation RR—Credit Risk Retention (12 CFR part 244). Regulation RR includes a number of mandatory recordkeeping and disclosure requirements.³

Frequency: Annual, event-generated.

Respondents: Securitizers that are, or are a subsidiary of, a state member bank.

Total estimated number of respondents: 1.

Total estimated annual burden hours: 340.⁴

Current actions: On November 23, 2022, the Board published a notice in the **Federal Register** (87 FR 71637) requesting public comment for 60 days on the extension, without revision, of the FR RR. The comment period for this notice expired on January 23, 2023. The Board did not receive any comments.

¹ 15 U.S.C. 78o–11.

² Public Law 111–203, 124 Stat. 1376 (2010).

³ The FR RR previously took burden for the SEC’s credit risk retention rule insofar as it applies to securitizers that are, or are a subsidiary of, a bank holding company, savings and loan holding company, intermediate holding company, Edge or agreement corporation, foreign banking organization, or nonbank financial company supervised by the Board. The extension of the FR RR does not include burden for the SEC’s rule, because it is not a collection of information conducted or sponsored by the Board.

⁴ More detailed information regarding this collection, including more detailed burden estimates, can be found in the OMB Supporting Statement posted at <https://www.federalreserve.gov/apps/reportingforms/home/review>. On the page displayed at the link, you can find the OMB Supporting Statement by referencing the collection identifier, FR RR.
