

Accordingly, Commerce will issue questionnaires to Co May requesting, *inter alia*, information regarding its export activities for the purpose of determining whether it is eligible for a separate rate. The review of the exporter will proceed if the response provides sufficient indication that the exporter is not subject to either *de jure* or *de facto* government control with respect to its exports of certain frozen fish fillets.

We intend to conduct this NSR in accordance with section 751(a)(2)(B) of the Act.¹⁷ Because Co May certified that it exported subject merchandise, the sale of which is the basis for its NSR request, Commerce will instruct CBP to suspend or continue to suspend liquidation of all entries of subject merchandise produced and exported by Co May. To assist in its analysis of the *bona fide* nature of Co May's sale(s), upon initiation of this NSR, Commerce will require Co May to submit, on an ongoing basis, complete transaction information concerning any sales of subject merchandise to the United States that were made subsequent to the POR. Further, in accordance with section 751(a)(2)(B)(iv)(VII) of the Act and 19 CFR 351.214(k), Co May will be required to provide information regarding the following factors for Commerce's consideration in determining whether the sale(s) made by Co May during the POR are *bona fide*: (1) whether the producer, exporter, or customer was established for purposes of making the sale(s) in question after the imposition of the relevant antidumping duty order; (2) whether the producer, exporter, or customer has lines of business unrelated to the subject merchandise; (3) the quantity of sales; and (4) any other factor that Commerce determines to be relevant with respect to the future selling behavior of the producer or exporter, including any other indicia that the sale was not commercially viable.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

Practice and Application of Combination Rates in Antidumping Investigations Involving Non-Market Economy Countries," dated April 15, 2005, available at <https://access.trade.gov/Resources/policy/bull05-1.pdf>.

¹⁷ The Act was amended by the Trade Facilitation and Trade Enforcement Act of 2015, which removed from section 751(a)(2)(B) of the Act the provision directing Commerce to instruct CBP to allow an importer the option of posting a bond or security in lieu of a cash deposit during the pendency of an NSR. This was also codified in Commerce's regulations at 19 CFR 351.214(e).

This initiation notice is published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Stainless Steel Sheet and Strip From the People's Republic of China: Final Scope Ruling and Final Affirmative Determination of Circumvention for Exports From the Socialist Republic of Vietnam

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain stainless steel sheet and strip (SSSS) of Chinese-origin that has undergone further processing in the Socialist Republic of Vietnam (Vietnam) is merchandise covered by the scope of the antidumping duty (AD) and countervailing duty (CVD) orders on SSSS from the People's Republic of China (China).
