

interested party claimed domestic interested party status under section 771(9)(F) of the Act, as an association a majority of whose members are manufacturers of domestic like product in the United States.⁵ On January 3, 2023, the domestic interested party submitted a timely substantive response for both sunset reviews within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁶ Commerce did not receive a substantive response from any other interested parties with respect to the *Orders* covered by these sunset reviews. On January 25, 2023, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties in either of these sunset reviews.⁷ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted expedited (120-day) sunset reviews of these *Orders*.

Scope of the Orders

The product covered by these *Orders* is biodiesel, which is a fuel comprised of monoalkyl esters of long chain fatty acids derived from vegetable oils or animal fats, including biologically-based waste oils or greases, and other biologically-based oil or fat sources. These *Orders* cover biodiesel in pure form (B100) as well as fuel mixtures containing at least 99 percent biodiesel by volume (B99). For fuel mixtures containing less than 99 percent biodiesel by volume, only the biodiesel component of the mixture is covered by the scope of these *Orders*. Biodiesel is generally produced to American Society for Testing and Materials International (ASTM) D6751 specifications, but it can also be made to other specifications. Biodiesel commonly has one of the following Chemical Abstracts Service (CAS) numbers, generally depending upon the feedstock used: 67784–80–9 (soybean oil methyl esters); 91051–34–2 (palm oil methyl esters); 91051–32–0 (palm kernel oil methyl esters); 73891–99–3 (rapeseed oil methyl esters); 61788–61–2 (tallow methyl esters); 68990–52–3 (vegetable oil methyl

esters); 129828–16–6 (canola oil methyl esters); 67762–26–9 (unsaturated alkylcarboxylic acid methyl ester); or 68937–84–8 (fatty acids, C12–C18, methyl ester). The B100 product subject to the *Orders* is currently classifiable under subheading 3826.00.1000 of the Harmonized Tariff Schedule of the United States (HTSUS), while the B99 product is currently classifiable under HTSUS subheading 3826.00.3000. Although the HTSUS subheadings, ASTM specifications, and CAS numbers are provided for convenience and customs purposes, the written description of the scope is dispositive.

Analysis of Comments Received

All issues raised in these sunset reviews are addressed in the Issues and Decision Memorandum, including the likelihood of continuation or recurrence of dumping and the magnitude of the margins of dumping likely to prevail if these *Orders* were revoked. A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNotices/ListLayout.aspx>.

Final Results of Sunset Reviews

Pursuant to sections 751(c) and 752(c) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average margins of up to 86.23 percent for Argentina and up to 276.65 percent for Indonesia.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely notification of the destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218(e)(1)(ii)(C)(2) and 19 CFR 351.221(c)(5)(ii).

Certain Large Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof From the People's Republic of China: Final Results of the Antidumping Duty Administrative Review; 2020–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to find that Honda Power Products (China) Co., Ltd. (Honda), the sole company subject to the administrative review of the antidumping duty order on certain large vertical shaft engines between 225cc and 999cc, and parts thereof (large VSE) from the People's Republic of China (China) covering the period of review (POR) August 19, 2020, through February 28, 2022, is not eligible for a separate rate and, thus, is part of the China-wide entity.

DATES: Applicable April 4, 2023.

⁷ See Commerce's Letter, "Sunset Reviews Initiated on December 2, 2022," dated January 25, 2023.

SUPPLEMENTARY INFORMATION:**Background**

On December 13, 2022, Commerce published the preliminary results for this administrative review.¹ We invited interested parties to comment on the *Preliminary Results*. No interested parties submitted comments. Accordingly, Commerce has made no changes to the *Preliminary Results*. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

The scope of the *Order* consists of spark-ignited, non-road, vertical shaft engines, whether finished or unfinished, whether assembled or unassembled, primarily for riding lawn mowers and zero-turn radius lawn mowers. Engines meeting this physical description may also be for other non-hand-held outdoor power equipment such as, including but not limited to, tow-behind brush mowers, grinders, and vertical shaft generators. The subject engines are spark ignition, single or multiple cylinder, air cooled, internal combustion engines with vertical power take off shafts with a minimum displacement of 225 cubic centimeters (cc) and a maximum displacement of 999cc. Typically, engines with displacements of this size generate gross power of between 6.7 kilowatts (kw) to 42 kw.

Engines covered by this scope normally must comply with and be certified under Environmental Protection Agency (EPA) air pollution controls title 40, chapter I, subchapter U, part 1054 of the Code of Federal Regulations standards for small nonroad spark-ignition engines and equipment. Engines that otherwise meet the physical description of the scope but are not certified under 40 CFR part 1054 and are not certified under other parts of subchapter U of the EPA air pollution controls are not excluded from the scope of the *Order*. Engines that may be certified under both 40 CFR part 1054 as well as other parts of subchapter U remain subject to the scope of the *Order*.

¹ See *Certain Large Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof from the People's Republic of China: Preliminary Results and Rescission, in Part, of the Antidumping Duty Administrative Review; 2020–202287 FR 76178* (December 13, 2022) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

² See *Certain Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof from the People's Republic of China: Amended Final Antidumping Duty Determination and Antidumping Duty Order*, 86 FR 12623 (March 4, 2021) (*Order*).

For purposes of the *Order*, an unfinished engine covers at a minimum a sub-assembly comprised of, but not limited to, the following components: crankcase, crankshaft, camshaft, piston(s), and connecting rod(s). Importation of these components together, whether assembled or unassembled, and whether or not accompanied by additional components such as an oil pan, manifold, cylinder head(s), valve train, or valve cover(s), constitutes an unfinished engine for purposes of this order. The inclusion of other products such as spark plugs fitted into the cylinder head or electrical devices (e.g., ignition modules, ignition coils) for synchronizing with the motor to supply tension current does not remove the product from the scope. The inclusion of any other components not identified as comprising the unfinished engine subassembly in a third country does not remove the engine from the scope.

The engines subject to the *Order* are typically classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings: 8407.90.1020, 8407.90.1060, and 8407.90.1080. The engine subassemblies that are subject to the *Order* enter under HTSUS subheading 8409.91.9990. Engines subject to the *Order* may also enter under HTSUS subheadings 8407.90.9060 and 8407.90.9080. The HTSUS subheadings are provided for convenience and customs purposes only, and the written description of the merchandise subject to the *Order* is dispositive.

Final Results of Administrative Review

We received no comments on, and made no changes to, the *Preliminary Results*. We continue to find that the sole mandatory respondent, Honda, is not eligible for a separate rate, and, thus, is part of the China-wide entity. In this administrative review, no party requested a review of the China-wide entity, and Commerce did not self-initiate a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity rate is not subject to change as a result of this review. The rate previously established for the China-wide entity is 456.10 percent.³

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in

³ See *Order*, 86 FR at 12624.

accordance with the final results of this review. We intend to instruct CBP to apply an *ad valorem* assessment rate of 456.10 percent (i.e., the China-wide entity rate), to all entries of subject merchandise during the POR which were exported by Honda. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for Honda, that has not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity; (2) for previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found eligible for a separate rate, the cash deposit rate will be that for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification of Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 351.221(b)(5).

Dated: March 28, 2023.

Multilayered Wood Flooring From the People's Republic of China: Final Results of Expedited Second Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on Multilayered Wood Flooring (MLWF) from the People's Republic of China (China) would be likely to lead to a continuation or recurrence of dumping, at the levels indicated in the "Final Results of Sunset Review" section of this notice.

DATES: Applicable April 4, 2023.

FOR FURTHER INFORMATION CONTACT: Max Goldman, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0224.

SUPPLEMENTARY INFORMATION:**Background**

On December 8, 2011, Commerce published the antidumping duty order on MLWF from China.¹ On December 1,

¹ See *Multilayered Wood Flooring from the People's Republic of China: Amended Final*

2022, Commerce published the initiation of the second sunset review of the *Order* on MLWF from China, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On December 13, 2022, Commerce received a timely and complete notice of intent to participate in this sunset review from the American Manufacturers of Multilayered Wood Flooring (AMMWF), within the deadline specified in 19 CFR 351.218(d)(1)(i).³ AMMWF claimed interested party status within the meaning of section 771(9)(F) of the Act as an association of producers of the domestic like product in the United States.⁴

On January 3, 2023, AMMWF filed a timely and adequate substantive response, within the deadline specified in 19 CFR 351.218(d)(3)(i).⁵ Commerce did not receive a substantive response from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the *Order*.

Scope of the Order⁶

The product covered by the *Order* is MLWF from China. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.⁷

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Order* and the magnitude of the margin likely to prevail if the *Order* was to be revoked, is provided in the Issues and Decision Memorandum. A list of the topics discussed in the Issues and Decision Memorandum is attached as an

Determination of Sales at Less Than Fair Value and Antidumping Duty Order, 76 FR 76690 (December 8, 2011); see also *Multilayered Wood Flooring from the People's Republic of China: Amended Antidumping and Countervailing Duty Orders*, 77 FR 5484 (February 3, 2012), wherein the scope of the *Order* was modified (collectively, *Order*).

Final Results of Sunset Review

Pursuant to sections 751(c)(1), 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* on MLWF from China would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margin likely to prevail would be a weighted-average margin up to 25.62 percent.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective orders, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).
