Abstract: The Youth Conservation Corps (YCC) is a summer youth employment program that engages young people in meaningful work experiences at national parks, forests, wildlife refuges, and fish hatcheries while developing an ethic of environmental stewardship and civic responsibility. YCC programs are generally eight to ten weeks and members are paid at least the state or federal minimum wage (whichever is higher) for a 40-hour work week. YCC opportunities provide paid daytime work activities with members who commute to the federal unit daily. Authorized by the Youth Conservation Corps Act of August 13, 1970, as amended (U.S. 1701–1706), participating agencies (National Park Service, U.S. Fish and Wildlife Service, Forest Service) use common forms: DI-4014, “Youth Conservation Corps Application” and DI-4015, “Youth Conservation Corps Medical History” to collect information to determine the eligibility of each youth for employment with the YCC. Parents or guardians must sign both forms if the applicant is under 18 years of age.
