

parole component of the CAM Program contributes to the broader USG strategy of providing lawful pathways to individuals who may otherwise be driven to travel to the United States through irregular means due to instability in their home countries and their desire to reunite with family members already in the United States.

Immediate implementation of the process announced in this notice also supports DHS discussions and negotiations about migration management and is fully aligned with larger and important foreign policy objectives of this Administration. Prompt implementation will advance the Administration's foreign policy goals by demonstrating U.S. partnership and commitment to the shared goals of addressing migration through the hemisphere, both of which are essential to maintaining strong relationships in the region.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on September 7, 2022 at 87 FR 54709.

A. Overview of Information Collection

Title of Information Collection: Capital Needs Assessment of Public Housing.

OMB Approval Number: 2528–New; pending.

Type of Request: New collection.
Form Number: N/A.

Description of the need for the information and proposed use: The Office of Policy Development and Research at the U.S. Department of Housing and Urban Development (HUD) is proposing the collection of information for the *Capital Needs Assessment of Public Housing*.

Public housing serves the housing needs of low- and very-low-income households, including needy families, the elderly, and the disabled. In the United States, public housing is owned and managed by public housing authorities (PHAs), which are units of state and local government. Public housing is nonetheless heavily subsidized and regulated by HUD's Office of Public and Indian Housing through the Operating Fund, Capital Fund, and other means. The capital needs of public housing have a direct

bearing on HUD's Capital Fund budget and its support to PHAs for using alternative means of financing to meet those needs.

The number of public housing developments and units in the United States and the number of PHAs that own and manage public housing developments and units have changed over time. According to the most recent HUD data, there are 2,780 PHAs that own and manage 940,330 units in 6,523 public housing developments.

The public housing Capital Fund provides funds for the capital and management activities of PHAs as authorized under section 9 of the Housing Act of 1937 (42 U.S.C. 1437g) (the Act). Capital needs are defined by section 9(d)(1) of the Act, as codified at 24 CFR part 905, with Section 200 listing eligible activities. These activities include, among others, the development, financing, and modernization of public housing, vacancy reduction, nonroutine maintenance, and planned code compliance. This work is intended to bring each PHA's projects up to applicable modernization and energy conservation standards.

This **Federal Register** Notice provides an opportunity to comment on the information collection for the capital needs assessment (CNA) of public housing.

After OMB approval of the Paperwork Reduction Act package, HUD and its contractor will administer a web-based survey to a sample of approximately 300 PHAs to collect data on their CNA estimates, their practices to arrive at those estimates, and their use of those estimates.

After analyzing the data from the first survey of PHAs, HUD and its contractor will administer a second web-based survey of another 500 PHAs. This survey will ask many of the same questions as the first survey. Both surveys will provide data that, when combined with HUD's other data sources, will be used to estimate the capital needs of public housing following an iterative and duplicable approach.

Both surveys also include questions about the processes that PHAs use to assess their capital needs. Based on responses to those questions, the study will assess PHAs' processes to see how they compare to in-person data collection methods used in previous CNAs and industry best practices.

The purpose of this assessment is to better understand if a non-inspection-

based approach can yield reliable and valid results that are comparable to those in the past studies, if not better.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response *	Annual cost
First PHA Survey	300	1	300	0.75	225	\$38.18	\$8,590.50
Second PHA Survey	500	1	500	0.75	375	\$38.18	\$14,317.50
Total	800	1	800	1.5	600	\$76.36	\$22,908.00

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS-R4-ES-2023-0037; FXES11140400000-223-FF04EF4000]

Receipt of Enhancement of Survival Permit Applications in Support of Quail Country Programmatic Candidate Conservation Agreement With Assurances for North Florida and Southwest Georgia; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of two separate applications, one each from the Florida Fish and Wildlife Conservation Commission (FWC) and the Georgia Department of Natural Resources (GADNR), for enhancement of survival permits under the Endangered Species Act. The FWC and GADNR have each applied for a separate permit associated with the implementation of the Quail Country Programmatic Candidate Conservation Agreement with Assurances (CCAA) for 12 species in North Florida and Southwest Georgia. Successful implementation of the CCAA is expected to enhance the habitat of the species and protect their habitats from destruction and degradation. We request public comment on the applications, which include the CCAA, and on the Service’s preliminary determination that the proposed permitting actions may be eligible for a categorical exclusion pursuant to the Council on Environmental Quality’s National Environmental Policy Act (NEPA) regulations, the Department of the Interior’s (DOI) NEPA regulations, and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

DATES: We must receive your written comments on or before May 11, 2023.

ADDRESSES:

Obtaining Documents: You may obtain copies of the documents online in Docket No. FWS-R4-ES-2023-0037 at <https://www.regulations.gov>.

Submitting Comments: If you wish to submit comments on any of the documents, you may do so in writing by one of the following methods:

- *Online:* <https://www.regulations.gov>

Follow the instructions for submitting comments on Docket No. FWS-R4-ES-2023-0037.
